## Tax Rate Of \$27.20 Announced By Assessors --- Lowest In Nine Years

Increase Of Over \$8,000,000 In Real Estate And Transfer Of \$100,000 From E. and D. Fund Bring Rate Down

The Assessors yesterday announced the tax rate for the current year at \$27.20 per \$1000 valuation, a decrease of forty cents over that of a year ago and of twenty cents over that of two years ago. It is the lowest rate since 1920, when it was at the same figure. The transfer of the \$100,000 from the excess and deficiency fund to revenue which was effected at a special meeting of the Board of Aldermen on Monday night upon the Mayor's request brought about the decrease. Without the transfer it is estimated that the rate would have been about twenty cents higher than that of 1928—the transfer of the \$100,000 making a difference of about 60 cents per \$1000 valuation.

The total valuation of real estate is placed at \$136,964,300.00, a gain of more than \$8,000,000.

Personal property shows a decrease of over \$5,000,000, the figures being \$15,529,000 this year as compared with \$20,913,000 in 1928.

The expenses of the city, county, state, and metropolitan districts show an increase of nearly \$500,000, the figures being \$4,783,000 for 1928 and \$5,264,000 for 1929. This increase comes largely in city expenses, which jumped from \$4,245,000 in 1928 to \$4,630,000 for the current year. The warrants from state, county, and district expenses stand at \$634,000 as compared with \$538,000 of a year ago. There is a slight decrease in the Metropolitan Sewers of \$15,000, but other accounts except that for smoke nuisance show increases. It costs us \$9,814.25 for the Northern Artery and \$51,521.00 for Brookline, Essex street and Cottage Farm Bridge against \$10,000 last year for new streets in Brookline and Cambridge.

Estimated receipts jump \$28,000, while the state income tax gains the substantial sum of \$90,000.

Further details can be found in the appended tabulation.

Total Real and Personal Property	\$152,533,200.00	\$149,417,500.00

To raise the above \$4,148,903.04 on a valuation of \$152,533,200.00 on the total taxable Real Estate and Personal Property of the city requires a tax rate of \$27.20 per thousand, which was declared as the rate for 1929—a reduction of forty cents on the \$27.60 rate of 1928.

The tax rate on Motor Vehicles throughout the state is \$29.65.

\*The loss on Personal Property is apparent rather than real. It is due to a shifting of accounts. This year Motor Vehicle taxes do not appear as property taxes, but as Excise taxes, used above in Estimated Receipts as a reduction of the tax levy. If figured on a property basis as in former years, Motor Vehicles would represent a total value of \$9,521,840.00, which added to all the other Personal Property would make the total Personal Property \$25,990,740.00.

Gain of Personal Property over last year	\$4,177,390.00
Gain of Real Estate over last year	8,460,150.00
Total Gain	\$12,637,540.00

### IN OFFICE 50 YEARS

Street Commissioner George E. Stuart yesterday, the first day of August, began his fifty-first year as a supervising official in the City of Newton.

As Street Commissioner he controls and handles the affairs of one of the largest and most important departments in the city, in fact one that—under his capable direction—has been built up to a department that expends annually \$1,125,000 to \$1,500,000.

He is known by all members of his profession throughout the state, and is considered an authority on the varied methods of road building and road maintenance, and is well equipped to carry out every duty assigned to him in his official capacity. As the official appointed under the city charter to work with the Chief of Police on traffic problems, he has recently cooperated with the State Traffic Engineers in installing signs and signals which made traffic conditions in the City of Newton has improved greatly.

He has rendered faithful and efficient service and is one of Newton's well known and best liked citizens—both as a city official and socially.

## Music Festival Ends Institute Season

Well-Attended Concert At Warren School In West Newton

A large and enthusiastic audience attended the Fourth Annual Music Festival and Commencement of the American Institute of Normal Methods which marked the conclusion of the 45th summer session at Lasell Seminary, Auburndale, on Tuesday evening in the assembly hall of the Levi F. Warren Junior High School in West Newton. Frederick S. Converse, well-known composer, delivered the address to the senior class. Diplomas were awarded to twenty graduates in vocal music, three graduates in instrumental music and two graduates in art. Twenty six states in the Union were represented in this year's session which was attended by 175 students. Canada was also represented. The feature of the musical program was "The Winning of Amara," a legend set to music for reader, mezzo-soprano, women's chorus and orchestra. It is the composition of Arthur M. Curry, of Newton Highlands. The chorus and orchestra were conducted by Francis Flindley of the New England Conservatory of Music.

In connection with the event an exhibit of the art department was shown in the school parlors.

The orchestra was composed of the following:

## Childs Not To Oppose Cong. Luce

Following close upon the announcement last week that Mayor Edwin O. Childs would not be a candidate for re-election next December the rumor was current that he would oppose Cong. Robert Luce of Waltham.

This week the Mayor stated that there was "nothing in the rumor," that he is an ardent supporter of Luce and that he did not believe there was a man in the district that could defeat the present Congressman today. He also added that he had no plans beyond the first of January, 1930, other than to return to his private practice as a lawyer.

In 1918 Childs opposed Luce for the Republican nomination from the 13th district and was defeated by a small margin.

## Many Local Men In First Corps Cadets

Officers and Enlisted Men In Camp At Sandwich

Since July twentieth the First Corps of Cadets, 211 Coast Artillery (Anti-Aircraft) Massachusetts National Guard has been in Camp at Peters Pond, Sandwich, and will continue its camp until Saturday of this week when they will return to Boston parading from South Station to their headquarters on Columbus avenue. During this tour of duty, Reverend Raymond Lang, rector of Saint John's Episcopal Church in Newtonville, Federal Reserve Chaplain and First Lieutenant as served as Chaplain to the First Corps of Cadets. During the entire period he carefully observed the personnel of the officers and men and also the performance of duty and in an interview with him the Newton Graphic was informed that the people of the City of Newton may feel justly proud of the officers of our city who have contributed so largely in maintaining the traditions of this organization which has had a continuous existence since 1741 and has had some of the leading citizens of the Commonwealth identified with it. The Commanding Officer, Lieut. Colonel Horace Z. Landon of Newtonville evidences in his administration of this organization the qualities of a soldier as well as a gentleman and successful man of business. The details of the Camp were well planned before, and with the assistance of Major Harry L. Spencer, for many years a resident of this city, the objectives of the Camp have been accomplished and our Commonwealth feels that this organization has complied with the high standards set for it. First Lieutenant Stanley L. Juthe, formerly of Waban, has rendered valuable services and has well represented the people of our City. Second Lieutenant Howard W. Niven, Federal Reserve Officer of Newtonville, who has been in charge of the food for the officers and men has been outstanding in his performance of duty so that all have been well fed and that is an accomplishment in that men well fed are usually content and happy. With his keen sense of humor, winning smile and alertness it is the sincere hope of everyone that he will be returned to this organization for service in Camp next year.

Several enlisted men from our city were in the Camp whom the Chaplain has gotten to know and has learned from the sergeants that they too have conducted themselves in such a manner that they are very acceptable to the Corps. The Chaplain commends to Newton people who have sons who wish military instruction the First Corps of Cadets. It is an organization with an honorable past, a present which is worthy of the past and a future which will prove even greater. On the staff of the regimental colors there are ribbons received for outstanding service: Rhode Island 1778, New Jersey 1780, Yorktown, North Carolina 1862, St. Michel-Meuse Argonne, Aisne-Marne, Champagne-Marne and Lorraine-Ile de France. These are awards for their past. To-day they have in addition to their Army which is owned by them where men and officers receive instruction each week, an ideal Camp site which they have leased for five years at Peters Pond, South Sandwich. The men have opportunity to enjoy each day a swim in the Pond. The Y. M. C. A. provides a large tent where everyone, the members of the organization and their guests have an opportunity to meet and enjoy the moving pictures. The service of the "Y" is a great factor in the camp. The Chaplain is greatly encouraged in the matter of Church attendance; the whole Camp attended the services at the churches in Sandwich or those provided at Peters Pond, Camp Edmunds. The citizens of Newton will afford themselves a real pleasure if they will witness the parade of the First Corps of Cadets on Saturday afternoon. The parade will begin at the South Station at five-forty, and continue up Summer through Tremont and Boylston streets to Park square and up Columbus avenue.

## Begin Work On Newton Corner Street Lights

Installation To Be Started Within a Few Days

Some months ago a petition was circulated by the members of the Newton Business Associates and filed at city hall asking for the installation of better street lights in the business section of Newton Corner. During the past two weeks a crew of employees of the street department under the direction of Charles A. Mahoney, inspector of street lights, have been laying conduit pipes in Centre street between Church street and the railroad bridge. Employees of the Engineering Department of the Edison Electric Illuminating Company have been laying pipe conduits in the large mains on Washington street. The actual installation of the concrete posts is expected to be started within a few days but as to when the lights will be in operation no definite information is available.

Following the filing of the petition with Street Commissioner George E. Stuart's office the Edison engineers were consulted and plans for the new lights made. Locations for the fifty-eight poles which will extend from the Watertown line almost to Church street on Centre street, from Park street to Thornton street on Washington street, and from Centre to Bacon street on Pearl street with a few lights on Hall and Elmwood streets. The new lights will be on poles of spun concrete, 18 feet in height and the lights are to be 1500 candlepower incandescent. They will be similar to those that have been installed in Newton Centre and Auburndale business districts and along Lowell avenue from Washington street to Commonwealth avenue.

In addition to installing the poles and lights considerable work must be done at the power plant in order to provide enough current to supply the lights of increased candlepower and necessarily this work cannot be accomplished in a few hours.

### FIRE RECORD

Two families were forced to leave their home at 203 Adams street early Wednesday morning when fire and smoke damaged the apartments of John Proia and Angelo Di Nucci at that address. The blaze was discovered by Patrolman Walker who turned in the alarm from Box 24 at about half-past four. About the same time Box 241 rang in for the same fire bringing extra apparatus to the scene. The blaze was soon brought under control. The building is owned by Antonio Magni of 220 Adams street.

Wednesday afternoon the firemen were called out to extinguish a fire in a truck owned by the Carrett Supply Co., of Cypress street, Newton Centre. The truck was in the yard of the Texaco filling station at 139 Beacon street when the fire broke out. Patrolman John Monaghan turned in the alarm from Box 7.

### POLICE NEWS

Shortly after midnight last night a young man at gun-point in the office of the gasoline station at 1974 Washington street, Newton Lower Falls. The two men gave their names as Fred Yancey, 19, of 31 Lewis street, Everett, and Louis Russo, 16, of 25 Lewis street, Everett.

John Walsh of 1083 Walnut street, Newton Highlands, complained to the police Tuesday afternoon that he had been bitten by a dog owned by John G. Schroeder of 305 Lake avenue, Newton Highlands. Patrolman Davis notified the latter to restrain the dog pending an investigation by Dr. Arthur C. Bouteille.

### WALTER H. STEARNS

Walter H. Stearns, a well known former resident of Newton, died last Sunday at the home of his daughter in Hingham, Mass.

Mr. Stearns was seventy-nine years of age. He is survived by a son and daughter. While he has not been a resident of Newton for many years he always took a deep interest in its affairs. He was secretary of the Clafin Guard Association.

Funeral services were held Wednesday afternoon at the Newton Cemetery Chapel.

## Ex-Alderman Walter A. Hodgdon To Run For Mayor Against Weeks

Former Opponent of Childs Two Years Ago and President of "Gov. Smith Club of Newton"

Never in recent years has the political situation in Newton been stirred by announcements and rumors prior to August first as is now. Not quite two months ago the first public announcement was made by Sinclair Weeks, president of the Newton Board of Aldermen, that he would be a candidate for Mayor at the coming election next December 9th. Following the announcement Mayor Childs stated that he had made no decision as to his future plans and until last week when he definitely announced his intention of not being a candidate against Weeks the political pot had again quieted down considerably.

The retirement of Mayor Childs from the 1929 race left Weeks alone in the field. This week the candidacy of former Alderman Walter A. Hodgdon was publicly announced and it is rumored that before many weeks have elapsed that there will be still other candidates in opposition to both Weeks and Hodgdon.

In the election of 1927 Mayor Childs was opposed by Hodgdon who polled about 2800 votes. As one of the or-

ganizers and president of the "Gov. Alfred E. Smith Club of Newton" that supported the New York politician for president last fall Hodgdon has probably increased his political strength considerably. The local Smith club won commendation from the National Democratic Headquarters as one of the most energetic in the East when it was one of the biggest factors in turning out a poll of 10,500 votes for Smith. The retirement of Mayor Childs brought about Hodgdon's decision to run against Weeks. He stated that had Childs remained in the field he would not be a candidate himself.

As there are many weeks coming before Election Day it is highly probable that the Newton voters will again use the preferential system of voting for Mayor. The announcement by a third candidate for the office is all that is needed. Under the preferential system a candidate polling a majority of first choices is elected but if no candidate has a majority the second choice votes are added to the first choices and the candidate with the highest total is declared elected.

### FRAMINGHAM BUS SERVICE DELAYED

The plan to substitute busses for the trolley cars from Newton Corner to Framingham has been indefinitely held up because of failure of the Middlesex & Boston St. Ry. Co., and the towns of Wellesley and Natick to come to terms on matters pertaining to a change of fare limits in those towns. The change was supposed to have been effected on July 1st and the street railway company has already been granted a permit to run the busses from West Newton to the Wellesley line at Lower Falls. The permit covering bus service to West Newton from Newton Corner now used by the Newton-Waltham bus lines will cover the proposed service on the route to Framingham.

In Natick and Wellesley the Selectmen have sought revision of the fare limits without success. The Department of Public Utilities has notified both towns that any terms agreed upon by the towns and the company would be approved but the railway is not willing to make the desired changes. Wellesley asks for an extension of the east bound fare limit to include the Newton Hospital. Inasmuch as the Selectmen of the towns do not seem to be inclined to grant the company bus permits until their changes are agreed to the long-awaited bus service from Newton to Framingham is apparently as remote as ever.

### WANTS BUS LINE FROM WABAN TO RESERVOIR

More than one hundred residents are seeking the establishment of a bus line along Beacon street from the corner of Washington street to the Reservoir terminal of the Boston Elevated line. Such a petition has been received at the offices of the Middlesex & Boston St. Ry. Co., and has since been forwarded to the Newton aldermanic board.

The petition was sent to the street railway company by James M. Olmstead of Gammons road, Waban, one

of the signers. The matter will go through the regular procedure as to the granting of the permit and in addition it may be necessary to get a similar permit in Boston.

### THOUSANDS OF AUTOS CHECKED

Co-operating with the campaign of Registrar of Motor Vehicles Parker in checking automobile equipment last Monday members of the Newton Police force scattered at twenty points throughout the city halted many thousands of automobiles. The test included brakes, lights, horns, windshield wipers, and examination of licenses and registration papers.

Working in pairs the officers halted drivers and if their equipment was approved they were given a paper sticker to paste on their windshield. If some part of the equipment was not in order they were given tags. After having the imperfect equipment put in working order they were then required to submit to a re-examination. Several drivers were found to be without registration papers and others without licenses. If these could not be produced they will be called into court later. The Newton police made no arrests during the drive on Monday.

### CLAIMS FOR DAMAGE FOLLOW BLASTING

The claims and rules committee of the board of aldermen has under consideration two claims for damages alleged to have been caused by blasting. Mrs. Rachel G. Nye of 117 Fuller street, West Newton has presented a claim for damage for an electric light fixture on her front porch which she claims was broken by blasting opposite her home.

Arcangelo Lacini seeks to be reimbursed for damage to his automobile alleged to have been caused by blasting on Ellis road during construction of a sewer there several weeks ago. In his claim Lacini asserts that the blasting resulted in a hole in the top of his car, broken glass, and scratched paint.

### TWO TEAMS TIED IN TWO-LEAGUE RACE

Nonantum and Upper Falls continue to be the leading teams in the Newton Twilight League championship, each having won thirteen and lost three. Both teams are well out in front having a four and a half game lead over the third place Lower Falls nine. Nonantum defeated the Newton Town Team at Victory field Monday night, 6 to 1, and on Wednesday night was on the top in a 7 to 2 game with Lower Falls at Lower Falls. These two victories kept the Nonantum outfit right in the running with the Upper Falls team which kept in the running by winning its two games.

The standing to date follows:

	W.	L.	P.C.
Nonantum	13	3	.813

#### Three Locals Among Leaders

Emory Stratton of the Brae Burn club is showing the way in the seasonal medal race for this section. His average of 74 4/5 strokes to the round puts him at the top of the list. He is closely followed by Clark Hodder of Framingham, a former Newton youth, with an average of 75 1/5 strokes. The next amateur in the list which includes professionals, is Bill Blaney of Brae Burn, in sixth place with an average of 76 2/3 strokes per round. Those recorded in the list have been in tournament medal play. Among the other local golfers further down the list are Fred Wright of Albemarle, J. Bernardi of Charles River, and Percy Crosby and Francis Oulmet of Woodland.

#### Newton Police On Short End

The Newton Police were on the short end of a 10 to 2 game with the Chemistry A. C. of Waltham last Saturday in a contest played on the West Newton Common before a large crowd. McCue was the Newton star with two smashing singles on four tries. The Newton nine was scoreless until the sixth when its two runs were put across. The game was called at the end of the seventh in order that the police could report for duty at six o'clock.

#### Lane Wins at the Weirs

Frank Lane of Newton in his speedboat "Shoofly" won the second heat of the handicap speedboat races at the Weirs last Sunday. In the first heat the "Shoofly" was third in the wake of Pollyanna, owned by W. H. Hoyt of Concord and Misfit, owned by James R. Irwin of the Weirs.

#### Concord Noses Out Upper Falls

In a twilight game at Concord on Tuesday evening the Newton Upper Falls team was nosed out by the Concord Town Team in a 7 to 6 contest. A five run rally in the fifth inning gave the Upper Falls team a 6 to 2 lead which they could not hold. Concord scored the tying and winning tallies in the seventh on four singles and a sacrifice. Kerrivan was the Upper Falls leading performer scoring two runs and collecting two doubles. Bridgely and Crowley pitched for Upper Falls with Andres on the receiving end.

### Local Pair Win Deciding Match

The tennis invasion of the United States which has resulted in a string of victories was rudely halted last week at Longwood when a team of five Harvard men and one Dartmouth student, representing the Longwood Cricket Club, defeated the Britishers for the first time on U. S. soil. The score was five matches to four in a round-robin of doubles matches. The ex-national junior doubles champions, Malcolm T. Hill and Henry L. Johnson, Jr., Vaban cousins, had won both of their matches going into the final against Cooper and Farquharson, the British number one team, with the count even for the entire series. The pair had also won its two early matches but had a much stiffer battle than the Americans. In the final match the home team started in poorly, Hill losing his service. The serve dominated the next six games but in the eighth the set was evened at four all when Hill and Johnson broke through Farquharson. Again the server won his game and going into the sixteenth game it was 8-7 for the locals. They had set point when they faltered and the Oxford-Cambridge pair rallied to even it again. Again in the 18th game the Longwood team faced set point but after deuce had been called four times Cooper and Farquharson pulled the game out. With Cooper serving in the 22nd game things broke better for Hill and Johnson. Facing set point for the third time a netted ball by Farquharson after a long rally gave Hill and Johnson the set at 12-10. In the second set Hill and Johnson broke through Cooper's service in the fourth game to take the lead at 3-1 but this lead was offset when Johnson lost his service in the fifth game and Farquharson won his tie up at 3 all. The invaders crashed through on Hill to take the lead in the next game but the Waban pair took the next three games and the set and match.

### Newton Town Club Wins

On the West Newton playground last Sunday afternoon the Newton Town Club hammered out a 10 to 8 win over the Watertown K. of C. nine. Amendola and Sullivan were the local battery. The Watertown team started off the first inning with a five run rally but after three runs burst in the fifth as all they could collect after the home team had tallied its ten runs in the first four frames with two clusters of three runs and two others of two runs each.

### Chapin, Y Wrestler, Wins Canoe Race

Howard Chapin, a member of the Newton Y wrestling team, won the first annual four-mile canoe championship of the Medford Boat Club on the Mystic River last Saturday. He gained the first leg on the Mayor Larkin trophy. Incidentally Chapin had never entered a canoe prior to two months ago when he joined the Omicron Delta Canoe Club of Waltham, his home city. Under the tutelage of Edmund Hann, captain of the Omicron canoeists, Chapin has come along rapidly and much to the surprise of all he defeated his teacher by about twenty yards. He also outraced Gerald Mosher of the Crescent Canoe Club, the favorite in the race, who placed third four yards behind Hann. Chapin turned the tables on Mosher for the defeat handed him in the 26-mile grind on the Charles River on July 4th when the latter finished a half-mile to the good. At that time Chapin's inexperience counted heavily against him as he finished in fine shape but apparently delayed his start too long to press Mosher. In Saturday's race Chapin did not begin to come until the race was half over but started his sprint at the beginning of the last mile and soon forged to the front.

### Waltham Defeats Upper Falls

Sunday afternoon the Waltham City Club pinned a 10 to 8 defeat on the Newton Upper Falls team on the Upper Falls playground. Waltham piled up a considerable lead before the seventh inning and a four run rally in the eighth by the home team was not enough to overcome the handicap. Three doubles and a single by Hanney, Waltham first baseman, aided greatly in the Waltham scoring while Bobby Barr, Waltham pitcher, held the Upper Falls nine to seven hits.

### Town Team Loses

The Newton Town Team suffered a 5 to 2 setback Sunday afternoon at the hands of the Lexington Town Team on the Lexington playground. Waterman, the one-armed star pitcher, was on the mound for Newton and his mates gave him a two run lead in the first inning. In the fifth inning Kingsley, Lexington twirler, made a triple with the score tied, scoring a base-runner with what proved to be the winning run.

## POLICE NEWS

John H. Dagworthy of Dorchester was fined \$100 in the Newton court on Monday on a charge of driving while under the influence of liquor and \$10 for being drunk. Dagworthy appealed and was held in bail for the Superior Court. He was arrested Saturday, July 20th, by Patrolmen Loughlin and Tegan in Nonantum square. Another man with him was arrested on a charge of drunkenness and the next day his case was placed on file.

It cost Russell Ryder of Natick \$10 when he appeared the same day on a charge of speeding preferred by Patrolman Sartwell. Three other automobile drivers charged by Officer Sartwell with failing to stop before entering Washington street were fined \$5 each. They were Bragio Dimambro and Angelo Menello both of Brighton, and Charles J. Forrester of 51 Westchester road, Newton.

Albert Maillet, fourteen years old, of 196 California street, Newton, who was under a suspended sentence to the Lyman School was back in court again on Tuesday on the charge of using an automobile without authority. He was committed to the school. The boy was halted in Watertown Monday night by Patrolman Shea who held him until the arrival of Special Officer Frank Feeley of the Newton Police. The car that the boy had been driving proved to be owned by George Y. Thomas of 335 River street, West Newton and had been stolen from in front of the Washington building, near Nonantum square. The boy was taken to Newton headquarters. He was one of a trio of boys who had been arrested last week Friday by Patrolmen Walker and Greeley after they had stolen an automobile in Newton, broken into a shed in Watertown, and had stolen nine pigeons.

Inspector Patrick King recovered a part of a large quantity of ammunition that was stolen from the shooting gallery at Norumbega Park recently. The bullets were found in the possession of a Newton boy and court action is expected to be taken against him and his accomplices. The thieves broke into a shed near the gallery by forcing the door. They took about 10,000 22-calibre bullets of which a large part has been recovered.

Peter J. Casali of Natick was arrested Tuesday morning on a charge of driving without a license after his machine had nearly run down Motorcycle Officer James S. Goddard in Newtonville square. According to the officer Casali was driving through the square when he suddenly decided to turn around and in doing so cut directly in front of the motorcycle. Goddard halted Casali and asked for his license which the latter could not produce. In court the same day he was fined \$10 and given a month to pay.

### SPORT NOTES

#### Waltham Evens Series

Tuesday evening the Waltham City Club overcame up its series with the Newton Town Club at Bicycle Park, Waltham, by nosing the local outfit out in the final inning of a seven frame contest, 7 to 6. The Newton team went into the final inning four runs behind their Watch City opponents but staged a four run rally to knot the count. In the last of the inning Waltham pushed across a run to grab the victory. Hanney, Waltham's first sacker, provided the fireworks for his team as he did last week when Waltham rally fell one run shy of knotting the game. In Tuesday's game Hanney was the first batter in the last of the seventh and connecting with a fast one poled it to deep right field for three bases. Gumbert the next batter singled to drive his teammates across. Newton had the edge in hitting with 14 safe blows to 11 for Waltham but the blows were not bunched sufficiently to produce many runs. In the first of the seventh the Newton outfit got right back into the game after seemingly defeated by clouting Carmody for three consecutive two-base hits and a single. This netted three runs and left Hickey on with none down. For the famed but White singled to bring home the tying counter. The teams are to play a five game series with the third contest scheduled for this evening at the West Newton playground.

#### Mahoney With Douglas Team

Neil Mahoney, former Newton High, Northeastern University, Upper Falls and South Boston catcher, recently signed with the East Douglas team of the Blackstone Valley League. This circuit is one of the fastest semi-pro organizations in the state and Mahoney has the ability to keep right up with the best there is there.

# TYDOL ETHYL

## ZERO KNOCK RATING GASOLINE

Are you bothered by the constant ping, ping, ping of a noisy motor?

*Fade it to zero . . . with the new TYDOL ETHYL.*

Are you aggravated by a labored pound, pound, pound, when you're climbing hills?

*Fade it to zero . . . with the new TYDOL ETHYL.*

Are you tired of the spiteful knock, knock, knock, when you're plowing through mud and sand?

*Fade it to zero . . . with the new TYDOL ETHYL.*

For, like a lullaby quieting a cranky babe, this new Zero Knock Rating Gasoline will hush to sleep every protesting zing and pound of a stress-resenting engine. It stops the knock by removing the cause . . . by substituting the silent, powerful push of a silken fuel for the violent "hammer-blows" of ordinary gasolines.

For the new TYDOL ETHYL is an all-star combination of two of the greatest motor fuel advances of the decade. *Hi-test* TYDOL

the high-test, super-power, anti-knock fuel that has taken all motordom by storm. And ETHYL, the undisputed leader of anti-knock compounds.

With the smooth and mighty power-thrust of *Hi-test* TYDOL has been merged the famous "knock the knock" magic of ETHYL . . . forming a new super fuel with an absolute ZERO knock rating.

TYDOL ETHYL is a fuel for the car owner who demands the very best and will take no substitutes. *And why should he? It costs* but 3c more per gallon than ordinary gasolines.

### Make a 10 Gallon Test

The next time you need gasoline drive up to a TYDOL ETHYL pump and try out ten gallons of this modern fuel. It will only cost you 30c more than 10 gallons of ordinary gas.

No more . . . perhaps less . . . than you have been paying for other premium gasolines.

But in any event, 30c is a small amount to gamble to prove to yourself just what a zero knock rating gasoline will do in your own car.

### KNOCK RATING OF 6 PROMINENT PREMIUM GASOLINES

These 3 cent premium gasolines were tested on the Midgley (Bouncing Pin) Indicator according to an established standard scale over a period of 6 months, from November, 1928, to May, 1929, with the following results:

	MINIMUM KNOCK RATING	MAXIMUM KNOCK RATING	AVERAGE KNOCK RATING
Fuel A . . .	6 . . .	10 . . .	9
Fuel B . . .	5 . . .	13 . . .	8
Fuel C . . .	0 . . .	5 . . .	2½
Fuel D . . .	3 . . .	7 . . .	6½
Fuel E . . .	3 . . .	5 . . .	4½

## EDITORIAL

The announcement last week that Mayor Childs would not seek re-election is written in Mr. Childs' characteristic manner, and has occasioned a good deal of discussion throughout the city.

Congratulations to Street Commissioner George E. Stuart on completing 51 years of service to the city. Newton's officials are mostly in the longevity class.

Mayor Childs does not "choose to run."

## ABOUT TOWN

By Edw. H. Powers

The decision of Mayor Edwin O. Childs not to be a candidate for re-election to this office next December makes definite the end of a remarkable era in the political history of this city. It is nearly sixteen years since a group of citizens of Newton prevailed upon Mr. Childs to enter the realm of politics. Although his candidacy was taken rather lightly by the "Old Guard," that coterie of influential residents of this city who for a considerable period had controlled the political destinies of the Garden City, the sagacity of those who selected him as their candidate was proved when he won the 1913 contest for the Mayoralty.

During the years which followed he entrenched himself so firmly in the good graces of the majority of the electorate of Newton that he was regarded as practically unbeatable. His political strength was unique. His supporters came from quite diversified elements in the community. His honesty and conservatism won for him the approval of wealthy citizens, his democracy, his sympathetic treatment of city employees made him popular with the working classes. A staunch church member and a pronounced dry, he could depend for a heavy following from the church goers and prohibition advocates. Prominent in fraternal organizations, he gained hundreds of friends from contacts made through these channels. His disdain for race and religious prejudice secured for him thousands of admirers from those who are targets for intolerant persons. It became a common belief in Newton that "Childs can't be beaten." And there are many in the city, even among those who have never been politically friendly to the Mayor, who still think so.

With Mayor Childs definitely out of the race and considering the impetus already gained by Mr. Weeks' candidacy anyone aspiring to compete for election to the office of Mayor for the coming term would have some task to achieve what has been termed "a commendable ambition." Like Mr. Childs, the President of the Board of Aldermen has a host of friends, both rich and poor. A young man who takes life seriously, a worker through choice and not of necessity, possessed as he is of considerable wealth, it has been his ambition for quite some time to become Mayor of Newton as a forward step in a political career. His friends have been conducting a systematic campaign since he announced his candidacy and it is certain that this campaign will be continued with increasing vigor between now and December 9.

Several weeks ago Chief Randall of the Fire Department requested the Street Department to remove the traffic signal at the end of Centre avenue near Centre street. Centre avenue is narrow and it was feared that the long aerial ladder truck, which will travel along Centre avenue in answering certain boxes from the new fire station, would hit the signal while making the turn. A member of the Traffic Committee of the Aldermen was acquainted with the proposed removal of the signal and suggested that as soon as it was taken down it should be replaced with a corner signal such as is at the intersection of Jewett and Pearl streets. It was also suggested that several domes, such as define traffic lines at Governor Square in Boston be placed at the end of Centre avenue so that automobiles making left turns from Centre avenue into Centre street would keep to the right of the intersection. It was agreed that these safeguards would be placed at this dangerous corner.

The traffic signal which has been removed from the location mentioned has been very effective in stopping accidents from occurring at this dangerous corner. Before it was installed there a number of accidents had occurred at this place, either because of automobiles making sharp left turns into Centre street, or coming from Centre street into Centre avenue and not keeping to the right of the centre of intersection. The traffic safeguards should be placed at this corner without delay.

The removal of Engine 1 company from the old building which had housed this fire-fighting outfit for 60 years to the new quarters on Washington street, near Centre avenue brought back memories to older residents of the Newton Corner section. Memories of the old Hunneman and Amoskeag steam fire-engines which preceded the present motor engines. Memories, to a few of George Wentworth who came to Newton with the Hunneman steamer

as its engineer in 1868. He was the first permanent employee of the Newton Fire Department. In 1874 he was succeeded by Frank Judkins who was a member of the department.

Other old-timers who will be recalled as having served with Engine 1 were "Jim" Henthorn its first regular driver. He drove but a short time, from March, 1874 until May, 1875 when he transferred to the police department. He was followed by Frank Harrington, John Deary, William Mowry and J. Frank Cotton.

The old hose reel which was used in conjunction with Engine 1 did not have a permanent fireman for a driver until 1887 when Frank Liddell was appointed. He drove the reel but for a comparatively short time and was succeeded by Frank Dexter who was driver for two years. Then came "Patsy" Carroll who drove the old hose-wagon for a number of years.

Other memories of the old days of Engine 1 are those of the swift and sturdy horses which drew it; of "Ned" the magnificent big bay that pulled the hose-reel for many years. Memories of the men and youths who served faithfully and enthusiastically as call-firemen in the days of Auld Lang Syne. Leaving their work day-times and rushing from their homes in the still hours of the night to fight fires for a yearly salary of \$100 or less, with deductions for fires answered. Memories of the celebrations at and near the old fire house on the night before the "Fourth" and the "Fourth." The bonfire in Nonantum Square with tar-barrels as fuel. Firecrackers galore set off in front of the house. Nor was firewater lacking altogether. Memories of the old overcoats with the caps worn by the volunteer firemen; overcoats obtained from the surplus stock made for the Union Army during the Civil War. Good cloth, but rather warm to wear at a hot fire. It was quite appropriate that John Horrigan of Church street, who came along Washington street just after the apparatus and its crews arrived at the new quarters. Mr. Horrigan served on the old call-department for many years; officiating as foreman of the company for a considerable period.

Modern motorized fire fighting apparatus is much more efficient than was the old horse-drawn apparatus. But the old thrill is lacking. The excitement occasioned as the call-firemen rushed down Washington street to jump on the hose-reel (or wagon) as it pulled out of the house; the thrill of the reel slowing down to allow some "fireman" who had not made the house to be pulled on the rear step of the wagon. The thrill of the engine drawn by plunging horses with showers of sparks from the quick burning cannon coal emerging from the smokestack. Those days are gone—forever.

## NEWTON HOSPITAL

During the week ending July 27, 1929, there were 159 patients in the hospital. Fifty-seven of this number paid as much as cost of care or more, 60 patients paid less than cost of care, and 42, including babies, were treated free of charge. There were seventeen babies born—eight girls and nine boys, 102 patients were treated by the Out-Patient Department. Eight social service calls were made at homes, and six patients were transferred by the social service car.

Of the sixteen accidents which occurred during the week, eight were caused by automobiles. One woman received lacerations of the scalp and several bruises. Another received a laceration on the right knee and contusion of the forehead. Another was a boy who received a small laceration of the scalp and had a question of a fractured skull. The fourth was a man who received a laceration on the forehead. The other four automobile accidents were girls. One received small abrasions of the face, another received lacerations of the forehead, the third strained the muscles of her neck, and the fourth is thought to have fractured her skull. Of the remaining accidents, six were men. One sprained his ankle when he turned it on a stone. Another strained his elbow when pushing a truck with his hand. The third received lacerations of the right great toe—the fourth also receiving lacerations and fracture of the right great toe. The fifth is thought to have fractured his ribs and received many bruises when thrown several feet into the air by a plank, and the sixth fractured the bone of his left hand when a rock fell on his hand. The last two accidents were boys, one of whom received lacerations of the forehead, which he cut on a windshield, and the other received abrasions of the head when he was hit with a golf stick. On Tuesday, July 30, 1929, at 4:45 P. M., the Trustees held their regular quarterly meeting in the Nurses' Home.

During the week, beautiful flowers have been presented to the hospital—also some unusual gifts of books for the patients' library.

## Short "Sob Story" of

## Two-Wheeled Tragedy

The flames shot upward; the smoke curled in clouds around the doomed building.

Suddenly a young woman rushed up to one of the firemen.

"Oh," she cried, "save it for me! Save it!"

She pointed to a second floor window, and without a word the fireman rushed to do her bidding.

"How old was it?" asked one of the bystanders.

"Only a month!" sobbed the woman. "And look!"—as the figure of the fireman could be seen coming down the ladder again. "He has failed! He's coming back without it! Oh, what shall I do?"

The fireman approached.

"I'm sorry," he said, "but I could find no child."

"Child?" cried the woman. "I said nothing about a child!"

"Then—what was it?" they asked her.

"It was my b-b-bicycle!" she sobbed. "I'd only had it a month—on the installment plan, too!"—London Tit-Bits.

## Beginning of Manual

## Training in School

The history of manual training in the United States involves both the development of the idea and the development of practice. In the field of practice little of a purely educational character appeared before 1878, at which time the Workingman's school was founded by the Ethical Culture society of New York. This institution comprised a kindergarten and an elementary school, in which manual work formed from the first a vital and important part of the educational scheme. The general movement, however, took its large beginning, as has been the case with so many educational movements, at the top instead of the bottom of the school system. In 1880, through the efforts of Dr. Calvin A. Woodward, the St. Louis Manual Training school was opened in connection with Washington university. The work of this school attracted wide attention and its success led to the speedy organization of similar schools in other large cities.

## Swedish Vikings Not

## Only Great Fighters

The Swedish Viking was not merely a feared raider. He was also a businesslike trader. This fact has been demonstrated by archaeological discoveries, and Swedish scientists have concluded that while the written sagas lay greater emphasis on the warlike exploits, the unwritten record dug up from beneath the ground presents a better-balanced picture. In other words, the Viking has been a victim of contemporary yellow journalism on the part of the "skalds" or minstrels. The more sober modern scientists have set out to right the balance.

Even in the Bronze age, long before the Viking era, Sweden had an active foreign trade, the archaeological finds disclose, so that the traditions of regular Swedish imports and exports are at least 3,500 years old. Ancient implements, weapons, coins and pottery found in Sweden prove that the inhabitants entertained trade relations with their neighbors on the European continent as early as 6,000 years ago. These relations attained their heyday about 1500 to 1300 B. C. The art, ornaments, designs and habits of the Mediterranean people strongly influenced the Swedes, through the latter developed them into an independent and national Swedish culture.—Exchange.

## Brainiest of Devices

According to scientists, the automatic telephone exchange is the brainiest of all mechanical devices. The remarkable assemblage of apparatus sorts out the one telephone line desired from millions of others whenever the proper series of numbers are turned on the dial.

## Recent Deaths

## CAROLINE H. LEEDS

Mrs. Caroline Hills Leeds, widow of Benjamin I. Leeds, died suddenly at Fitzwilliam, New Hampshire, on Monday morning, in her eighty-seventh year.

Mrs. Leeds had been a resident of Newton for more than seventy-five years and had recently resided at 457 Centre street. She was born in Belfast, Maine, on February 8, 1842, the daughter of Joel and Abigail (Hawes) Hills, and while very young she moved to Boston with her parents and after the death of her father, became a resident of Newton. In 1861 she graduated from Lasell Seminary and for several years past had been the oldest graduate present at the annual commencement exercises.

She has been a member of the Eliot Church since coming to Newton and took a keen interest in the various church activities and in many charities. She was also a life-long member of the New England Historic-Geological Society.

Funeral services were held on Thursday afternoon at the Eliot Church Chapel at two o'clock. Rev. Robert L. Rae officiated. Interment was in Newton Cemetery.

Mrs. Leeds is survived by two stepsons, Edmund I. Leeds of Brookline and Colonel Charles T. Leeds of Los Angeles, California.

## JOHN P. MURPHY

John P. Murphy of 27 Gilbert street, West Newton, died at St. Elizabeth's Hospital on July 24th. He was the son of the late Owen and Hannah White Murphy and was in his 47th year. Mr. Murphy had been employed by the Water Department of the City of Newton but was unable to work for the past year due to ill health. He was a member of Newton Council, Knights of Columbus, a delegation from which attended his funeral service held on Saturday morning at St. Bernard's Church, West Newton. Burial was in Calvary Cemetery, Waltham. He is survived by two brothers, Frank J. of Nonantum and Joseph P. of West Newton, and a sister, Mrs. Annie Cook of Newton.

## MILTON E. STEPHENSON

Milton E. Stephenson of 50 Parker street, Newton Centre, died on Sunday, July 21st, in his 69th year after a short illness. He was a 32nd degree Mason, a member of Boston Commandery Knights Templars and Columbia Lodge of Boston. He is survived by his widow, Mrs. Anna E. Stephenson and one son, Otis E. Stephenson. Funeral services were held from his late residence with Rev. Edw. M. Noyes officiating.

## WILLIAM J. KENNA

William J. Kenna, son of Mrs. Isabelle and the late William J. Kenna of 21 Peabody street, died Tuesday following an operation for appendicitis at the St. Elizabeth Hospital. Mr. Kenna was employed by the U. S. Post Office Department as a chauffeur. He was a member of Newton Council K. of C. He is survived by his mother and two sisters.

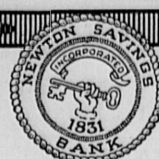

Funeral services were held this morning at nine o'clock from the Church of Our Lady.

### Invention of Compass

The origin of the mariner's compass is obscure. By some students the instrument was said to have been introduced into Europe from the East. Others say it was a Western invention. It was certainly known to European navigators as early as the Twelfth century. Guyot de Provins, whose satirical “bible” is supposed to have been completed in 1205, described “a contrivance” of sailors which never deceived them.

“They have an ugly brown stone which attracts iron,” he wrote. “They mark the exact quarter to which the needle points, which they have rubbed on this stone, and afterward stuck into a straw. They merely put it in water, in which the straw causes it to swim; then the point turns directly toward the (North) star, with such certainty that it will never fail.” Guyot wrote about the compass as if it were a new thing, but other writings reveal that the English in the Twelfth century had already mounted the needle on a pivot and so done away with the straw and water.—New York Times.

### “Mare's Nest” Discovery

“Mare's Nest” is a phrase which we occasionally hear and which we understand to refer to almost any sort of a discovery which upon its face and at first sight seems to be of considerable importance, but which subsequently is ascertained to be a hoax. By inference, therefore, a “mare's nest” has acquired the meaning of something that does not exist.

Just how the expression originated is not clearly established. However, it is authentically conceded that it was first employed over 300 years ago by John Fletcher and that he himself probably adapted it from an earlier phrase, “horse's nest,” which, in the then vernacular, referred to any story worn threadbare by constant repetition. This latter is said to have been first used by Stanyhurst at the end of the Sixteenth century. The line, “He's come upon a mare's nest and is laughing at the eggs,” was frequently heard in Ireland to express derision at somebody who thinks he has discovered something startling when it is in fact something known to all.—Kansas City Times.

## Swedes Lovers of Beauty

To keep the Swedish railroad stations cheery, the state-owned railroads maintain a special flower garden and hothouse outside of Stockholm. About 50,000 potted plants and 100,000 perennials are annually distributed to the stations of the Stockholm district alone, and the big central station in Stockholm gets not only huge potted laurel trees for the summer season, but fresh cut flowers every day. In the country practically every railroad station has its own flower beds, cared for by the personnel between trains and like the spotless buffers or restaurants inside, they add considerably to the joy of travel. Such refinements the Swedes call “trafik kultur.”

## Had Few Nerves in Teeth

Study of the teeth of the saber-tooth cats and of the giant wolves that lived and died in prehistoric times, has shown why these animals and their descendants knew no such things as toothache. Examination of teeth found in asphalt pits in California revealed that, in every case, the teeth of an adult of the species had only a scanty supply of nerves. As the animal grew up, the root canal, which is the main route for the nerves into the pulp chamber of the tooth, became comparatively shut off.—Popular Mechanics Magazine.

## Entirely Too Healthy

Little nine-year-old Jo Ann came home from school one day looking very much disgusted. Her mother inquired as to the cause and Jo Ann said: “O we had election of officers today and I was elected vice president.” “Well, that's fine; why the down cast countenance?” asked mother. “It would be fine,” said Jo Ann, “but John, the healthiest boy in our room, was elected president and he's never sick, so what chance has the vice president?”

## World Using Old Truths

The modern world is using, and using up, the truths that remain to it out of the old treasury of Christendom; including, of course, many truths known to pagan antiquity but crystallized in Christendom. But it is not really starting new enthusiasms of its own. The novelty of modern ideas is merely a matter of names and labels, like modern advertisements; in almost every other way it is negative.—G. K. Chesterton in the Bookman.

## Admonition

An old-stager was taking a youth to task for betting all he had on a horse race. He pointed out the many mishaps that may occur between post and finish and called a long roll of sure things that had gone wrong. “Now think, son,” he wound up, “how long does it take to run the average horse race?” “Less than two minutes,” “There's the point. It may be all right to try to get rich quick, but that's too quick.”

## Taken From the Indian

The word “succotash” is Indian in origin. It is a corruption of a Narragansett name for an ear of corn as distinguished from corn cracked or broken by pounding. Roger Williams used the word in this wise. By 1778 it had the meaning of corn mixed with beans and perhaps bears' flesh. Now succotash is a mixture of corn with lima beans or string beans.

## Unworldliness

To know there is a world of truth without error, beauty without defect, goodness unsullied by self, love white as snow, pure as flame . . . to believe to the point of self-committal in that perfect world, to walk in it by faith and hope, to trust it, to find our true joy in it, to be remade by it—that is unworldliness.—A. E. Whitman.

## Rays Used in Surgery

Gamma rays are electromagnetic waves of high frequency with wave lengths of from 1.4 angstrom units down to approximately 0.01 angstrom units. Gamma rays are more penetrating than X-rays. Gamma rays have been used for treating such diseases as cancer, tumors, ulcers, congenital warts, etc.

## Nature's Forethought

Even Nature seems to be interested in food containers, for she provides for fruits and vegetables containers of the most efficiently protective nature possible. In the case of practically all fruits and vegetables, the skin or outer covering is a great help in preserving the wholesomeness of the pulp.

## Can You Pronounce It?

Perhaps the most unpopular ship name, at least among signalmen and underwriters who have to write it down in a hurry, is surely the Venayagawapakalechemy. Happily there is only one ship of this name—a barque registered at Jaffna, a port in Ceylon.

## Good Advice

The girl was known for a few harmless antics. A garrulous young fellow asked a dowager if he could present her, and then started to tell the old woman all about her. “When you present a girl,” said the dowager, “just present her. Don't give her away.”

## Health Hint

In buying toys for children, bear in mind the tendency of young children to put everything into the mouth, and that older ones can be educated with toys. Too complicated toys bore children. Expensive ones do not necessarily increase pleasure.

## Scottish “Language”

The name “Scottish language” is often applied to the Celtic speech of the Scotch highlanders, also known as “Gaelic.” It also refers to the dialect or dialects of the English spoken in the lowlands of Scotland.

## Famous Old Coach

The present coach of the lord mayor of London was in use before the American Revolution, having been built in 1757. A six-foot man wearing a silk hat can stand in it and not touch the top.

## They Must Be

The Hawaiian islands are said to have the same temperature all the year around. But the Hawaiians are a clever people and have found other ways to start conversation.—Detroit News.

## Adapted From Mohawk

The name “Adirondack” as applied to the mountain group in New York state is said to be from the Mohawk Indian word “Hatiirontaks,” meaning “bark-eaters.”

## Hear! Hear!

Dolly Mangler, who works in a laundry, says: “Some of those color fast loud shirts can even be heard when they start to fade.”—Pathfinder Magazine.

## Construction Implement

A “dolly” in construction trades is a tool with an indented head for holding the head of a rivet and absorbing impact while the other head is being driven.

## Saves Wear and Tear

The summer course, which began July 8 and will continue until August 17, has a faculty of 101 and a curriculum of approximately 224 courses. Fourteen foreign countries have representatives in summer courses, and 34 states, including the District of Columbia, have sent students to Boston University for summer work.

There is a great variety of occupations represented by the students. A total of 895 teachers and others engaged in educational pursuits are availing themselves of the opportunity to learn of the new trend in education and of the new methods that are being used in our public schools and colleges. A large number of students are also taking advantage of the summer courses to shorten the term of residence required for degrees. People from other walks of life include housewives, attorneys, a professional singer, librarians, musicians, a milk driver, a printer, an insurance broker, a laundry worker, a statistician, a superintendent of buildings and a cook.

#### BIDS OPENED

The following bids were received by Street Commissioner George E. Stuart, Wednesday morning, on contract for Cranberry Drain:

John F. Kennedy Co., Boston, \$10,074; Antony Cefalo, West Roxbury, \$10,319.30; Anthony Baruffaldi, West Somerville, \$11,519.30; Frank Serretto & Son Inc., Arlington, \$11,633.28; A. D. Daddario, Mattapan, \$12,006; P. DeCristofaro, Roslindale, \$12,500; Domenic Gentile, New Centre, \$12,625.30; James Chesaron, Waban, \$20,775.

The contract will be awarded later.

#### KIWANIS CLUB

A large number of Kiwanians ignored weather conditions and turned out to greet Congressman John J. Douglass at the Old Venice Restaurant in Norumbega Park on Tuesday, July 30. President Walter Whalin was in charge of the meeting and Congressman Douglass was introduced by Thomas L. Aiken of the Program Committee.

The Congressman in the course of his intensely interesting address dealt with matters which were directed to the attention of Congress by the President at the special session recently adjourned. The matter of the naval program, its importance to the country's safety and the efforts by well meaning but misguided persons to hamper and nullify it were treated at length by the Congressman.

Mr. Douglass paid high tribute to Congressman Luce of this district particularly and to other members of the Congressional delegation from Massachusetts and emphasized the importance of the service performed by Congressman Andrew of Gloucester in the Committee on Naval Affairs. Prohibition received some attention from the Congressman who declared himself in opposition to the Eighteenth Amendment but in agreement with John W. Davis who said that twelve years at least must elapse before a fair check up could be made of prohibition and its results and that a change if at all would come only as a result of a popular mandate. Mr. Douglass' closing remarks were followed by an emphatic demonstration of approval. The next meeting will be devoted to Club business exclusively and will be held on August 6th at Norumbega Park.

#### IN FIRST PLAY

"Wife," a new play by Margaret Hatfield, will have its first production on any stage at Battle Hall, Cambridge, on Monday, August 5th. It will be the fourth weekly bill of the Playgoers' Theatre Guild summer season. Miss Hatfield will play the leading part—the wife of a playwright; herself a musician of no little talent. The play deals with the problems of such a marriage, where both husband and wife desire to share equally the burdens and opportunities of life, and where both are handicapped by their artistic temperament and by their limited financial resources. Price Butler will play the part of the husband. Other important parts will be played by Katharine Warren, Hilda Helstrom, Bruce DeLette, and Maynard Burgess. The production is directed by Mary Virginia Heinlein.

"Wife," is Miss Hatfield's first play. She is the daughter of Charles E. Hatfield of West Newton, and will be remembered for her many appearances in theatrical productions in and around Boston prior to her marriage. She is the wife of Stuart Chase, author of "Men and Machines," "Your Money's Worth," etc. A graduate of Smith College, she is well known for her work in education and sociology. Besides all this, she is an important member of the Playgoers' Theatre Guild, one of the executive committee and a leading player.

#### RED CROSS LIFE SAVING CAMPAIGN

For three years the Newton Chapter, American Red Cross, has been having a Life Saving Campaign for the purpose of instructing boys, girls and adults of the city in swimming and in life saving that there may be fewer deaths due to drowning. Instructors have been working at Crystal Lake, Auburndale, Allison Playground and at the Working Boys' Home and the results have been gratifying. The season is now half over with the following results: 71 have passed the Beginners Swimming Test, 133 have passed the Beginners and Swimmers Test, 25 have passed the Junior Life Saving Test, 8 have passed the Senior Life Saving Test. Children from two years up have also been learning to swim.

The following have recently been rated as capable Life Savers: Juniors—Barbara Holbrook, Edward Kinchla, Edward Connolly. At Camp Mary Day—Nancy Reynolds, Helen Brandt, Margery Tylee, Margery Wright, Barbara Dale. At Camp Waltham—Florence McAlpine, Working Boys' Home—Edward Curran, Edward Crowley, Joseph Fitzpatrick, William Murray, Leo McKenna, Peter DeYoung. Seniors—Richard H. Chase and Wallace Greeley.

Every day women save on Underwear at the Retail Store of Thomas Dalby Company in the Chase Building, Pleasant Street, Watertown. Exceptional values given on Infants' Hosiery, Shirts and Suits, Children's Union Suits. Also wonderful savings. There is a large selection for Women in Bloomers, Vests, Night Gowns and Pajamas.

One sure way to help the Home Budget—Advertisement.

#### Recent Engagements

Mr. and Mrs. C. Stanley Mitchell of Yonkers, New York, and Sharon, Conn., have announced the engagement of their daughter, Miss Helen Cunningham Mitchell, to Berkeley Daniels Johnson, son of Mr. and Mrs. Arthur C. Johnson of 6 Merton street, Newton.

Miss Mitchell, who was graduated from Dana Hall School at Wellesley, is now in her Junior year at Vassar College, where she was a member of the Daisy Chain this Spring. She is the elder daughter of C. Stanley Mitchell, chairman of the board of directors of the Bank of the United States.

Mr. Johnson completed his education with the class of 1929, at Wesleyan University, where he was a member of the Phi Nu Theta Fraternity.

Mr. and Mrs. Mitchell gave a dance on Saturday night at their country place at Sharon in honor of Miss Mitchell and Mr. Johnson.

No date has been set for the wedding.

#### POLICE NEWS

Four autolists were fined \$10 each in court at Wednesday's session on charges of speeding and a fifth was fined a like amount for parking without lights. Those fined for speeding were Francis S. Smith of Ashton avenue, Newton Centre; Donald A. Cameron of 14 Waban Hill road, Chestnut Hill; Robert C. Gorman of Stearns street, Newton Centre; and William M. Lydon of Roxbury. Marshall Basigian of Brookline was fined for parking without lights.

Only one person appeared in court on Tuesday to answer to the charge of failing to stop before entering Washington street. Harry A. Walker of Somerville was fined \$5 on that charge.

Patrolmen Walker and Greeley arrested three youthful thieves early last Friday morning in a field off California street, Nonantum. In their possession at the time was a bag containing 9 pigeons they were charged with stealing from a shed in the yard of the Nonantum Coal Co., on Bridge street, Watertown, the night previous.

Nearby was the automobile of Antonio Cuelchi of 143 Adams street which had been stolen from Bridge and California streets about the same time. Albert Maillet, 14, of 196 California street, and Clifford J. Deagle, 15, of 58 Allison street, were given suspended sentences to the Lyman School. Arthur Maillet, 15, brother of Albert, was given a suspended sentence to the State Industrial School at Shirley. The police took the bag of pigeons and placed them in a crate which was later called for by Lieut. Reilly of the Watertown police and returned them to the owner. The stolen car was also reclaimed by the owner.

William H. McLaughlin of Atherton place, Lower Falls, was in court yesterday on the complaint of Mrs. Lydia Travers of Atherton street, that the former's dog chased her cat. McLaughlin was charged with violating a city ordinance that prohibits the keeping of barking, biting or howling dogs. While there was no evidence of "biting" there was on the other classifications. The court offered to impose a suspended fine of \$10 on condition that the defendant keep his dog from chasing the cat. McLaughlin refused, however, announcing that he wished to appeal. A fine of \$10 was then imposed and McLaughlin ordered to furnish \$300 for his appearance in the superior court.

#### ALDERMEN HOLD SPECIAL MEETING

A special meeting of the Board of Aldermen was held Monday evening at which it was voted to transfer \$100,000 from the excess and deficiency fund and apply it to revenue. The meeting was called by the Mayor whose recommendation for the transfer was made in order to invert an increase in the tax rate.

The possibility of an increase in the rate was feared because of the intensive building program which has been carried out this year. This includes the construction of the new fire alarm headquarters at Newton Centre, the new fire station at Newton Corner, and the Cabot School in Newtonville.

The recommendation for the transfer of the funds had been made at the previous meeting of the board but no action having been taken on the matter it was then necessary to call the special meeting for this week Monday in order to effect the transfer before the rate was declared.

The board was in session but a short time and the few other matters on the docket were quickly disposed of. W. Dean Norris was granted a permit to build an addition to a horse barn at 83 Greenwood street, Oak Hill.

An additional appropriation of \$2,000 for the construction of a sewer in Ellis road was passed. Appropriations totalling \$22,241 were also made from the bond issue for the laying out, grading and acceptance of Eliot Memorial road, Magnolia avenue, and Crescent street. The sum of \$69.14 was appropriated for Memorial Day expenses.

#### CITY HALL

Street Commissioner George E. Stuart was invited by Mayor Larkin of Medford to inspect the new traffic light in Medford square, Saturday afternoon, July 27, 1929, at 3:30. He was accompanied by Traffic Engineer William E. Leonard, and Albert J. Stuart, City Mechanic of Street Department.

Medford has been having considerable difficulty with its traffic problem in the square which, having five streets converging into it, is quite comparable to Nonantum square, Newton. The new system now employed by Medford is controlled by the automobilist driving over sensitive plates in the roadway which automatically changes the lights to give him the right of way.

## See Why 50 Miles an Hour Seems Like 38

—with the Graham-Paige Four Speed Transmission

*Joseph B. Graham  
Robert C. Graham  
Ray A. Graham*

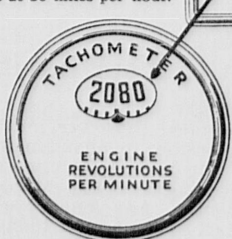

Low engine speeds at high road speeds are now made visible to you as you drive, by the Tachometer. This instrument reveals the reason for the remarkable smoothness of Graham-Paige motor cars in fourth (direct drive); the reduced wear and strain on moving parts; the increased economy and longer life.

At the same time, using third, you

enjoy a new and safer control of your car in traffic and up steep hills, because of greater power for instant acceleration and higher compression to aid in braking.

Only by driving a Graham-Paige with these two quiet high speeds can you fully appreciate the safety and ease of handling which brings you home so relaxed at the end of a day's drive.

This Tachometer shows the engine of a Graham-Paige running at the rate of only 2080 revolutions per minute at 50 miles per hour.

This Tachometer shows the engine of an average three speed car running at the rate of 2775 revolutions per minute at 50 miles per hour.

## Cool sleeping quarters even on hottest nights

HERE IS an easy, inexpensive way to make your sleeping rooms cooler all summer as well as warmer all winter. Line your attic with Upson Board—the cost is surprisingly low!

Certified tests prove that one thickness of Upson Board stops as much cold or heat as ten thicknesses of ordinary building paper. And while Upson Board is making your attic winter-warm or summer-cool, it will also build in maid's room, play room, work room or sewing room.

Upson Board is different! Weighs only  $\frac{1}{4}$  as much as plaster board, so one carpenter can apply it, even on ceilings. Tests prove it 40% to 150% stronger. Fire and moisture resisting. Properly applied, can never warp or bulge. Upson Fasteners eliminate ugly nail heads.

Phone or call us now, to find how little it would cost to Upsonize your attic.

### PARAMOUNT-NEWTON

The Paramount theatre for the coming week is offering a varied program the first half of the week beginning Sunday and running for four days will be George Bancroft in "Thunderbolt" a human drama taken from the front pages of any newspaper—a strong man terror kills with one punch, a girl gangster in the grip of environment, a youth framed to Sing Sing Prison—Characters that flit across the country and disappear into the void of the law. Mr. Bancroft will be remembered in his great acting in "The Wolf of Wall Street."

On the same bill will be seen Karl Dane and Geo. K. Arthur in "All at Sea" funnier than "Rookies" this is a new comedy on Navy Life and one everyone will surely enjoy.

The last half of the week beginning Thursday, will be seen Richard Dix and Esther Ralston in "Wheel of Life." This picture is great for Mr. Dix because it brings him forward in a role of the type in which he seems to be most at home. He is bold and fearless without losing the restraint of the chivalrous lover. Buster Keaton the popular screen comedian is in a new picture, a story of back stage life; he is supported by a notable cast, a very clever comedy will also be shown "The Carnival Man" in which Walter Houston who starred in "Gentlemen of the Press" will be seen.

### NEWTON HOSPITAL

During the week ending July 29, 1929, there were 152 patients in the hospital. Sixty of this number paid as much as cost of care or more, fifty paid less than cost of care, and forty-two, including babies, were treated free. There were twenty-one babies born, twelve girls and nine boys. 127 patients were treated by the Out Patient Department. Eleven social service calls were made at homes, and seven patients were transferred by the social service car.

Of the eighteen accidents occurring during the week, only three were caused by automobiles. The first was a man who suffered from an injury to the left hip, the second was a woman who received lacerations of head and men. One man fractured his left wrist while the third was a woman who received lacerations of the nose and chin. On the remaining accidents, four were men. One man fractured his left wrist when a plank fell on his arm, another suffered a partial amputation of the third and fourth fingers of the left hand, the third had lacerations of an ear, and the fourth suffered an injury to the left foot when a plank fell on it. Three were women. One had a lacerated tendon of the right thumb, the second fractured her right shoulder when she fell from a horse, and the third received abrasions of the face when she fell from a motorcycle. Four of the remaining accidents were boys. One boy injured his back when a flag pole fell on him, another fractured his elbow, the third received abrasions and lacerations of the left foot when a hydraulic weight fell on his foot, and the fourth fractured his right arm when he fell from a stopladder. Three were children. One child fractured the left arm when he fell from the back of an ice wagon, another fractured the left collar bone, while the third received lacerations of the left ankle, which he cut when swimming. The last was a girl who burned her face, back, and left hand with hot water and oil.

The hospital would appreciate receiving flowers from the gardens in Newton. Flowers add so much cheer to the attractive entrance.

Dr. Edward Leonard, a member of the surgical staff, returned on Monday morning from a short holiday in Maine.

Dr. Oliver A. Lathrop, a member of the Nose and Throat Service, is away on a holiday with his family.

Dr. Harold Brown, who completed his year of internship at the Newton Hospital on July 1, 1929, is located at the office of Dr. DeWitt Wilcox on Homer street, Newton Centre.

### UNUSUAL SITE IN WABAN

Alvord Bros. report that near the end of Windsor road, Waban, opposite "Windercrest" and commanding a view of the Brae Burn Golf Links a piece of land containing about 20,000 feet has been sold to John H. Underhill of Newton Centre for Marcia Bailey Marsh of Waban. The purchaser will build a house for his own occupancy. The land is valued at about \$11,000.

The same brokers also report the sale of an attractive type of the older house located at No. 88 Central street, Auburndale, for Richard W. Foote of Newton to Paul A. Emerson of Newton.

This place has eight rooms, garage, and there are 6,000 feet of land abutting a handsome golf course, part of Lasell Seminary. The property is valued at \$9,200.

Alvord Bros. further report that there is a handsome brick end Colonial house with green lawns, trees, and grape vines, with a lot of land containing about 11,000 feet cornering on Glen road and Glen avenue, Newton Centre, which has been purchased for Russell M. Sanders, of Cambridge. The seller is Sally H. Nance of Newton. There is a one-car garage included, and the house consists of ten rooms, two baths, and lavatory. The valuation is at \$20,000.

### REAL ESTATE

John T. Burns & Sons report that they have sold for E. J. Hoffman of Washington, D. C., his colonial seven room home located 185 Nevada street, Newtonville. With the house there is a two car garage and 7,000 feet of land, and the total value of the property is \$12,000. Theresa St. George purchases for a home and will occupy the premises.

In the Newtonville district they have sold for Edward Stratton to the Close Realty Company a lot of land on Lothrop street containing 8,000 square feet and valued at \$2,000.

On Derby street, West Newton, they have sold a lot for LeRoy K. Salisbury to the Close Realty Co. The lot contains 7,000 square feet and is valued at \$1,500.

### Know Your City!

(Katherine Elizabeth Kimball)

Folks, did you ever stop to think of how your City's run? In order that you'll understand I'll describe, one by one, The different ones I know about Who play important parts In making Newton prosperous By work with minds and hearts.

First, your good Mayor, Edwin O. Childs

Presides at City Hall Appropriations—license— He must approve them all. His job is not an easy one; I can't begin to tell The many things he has to do, All of which he does well.

Then comes the Board of Aldermen Headed by Sinclair Weeks, Following in his father's footsteps; All listen when he speaks. The various members of the Board All try to do their bit. They have many Committees To keep the City fit.

The Aldermen hold hearings On various polo locations Requested by the different Public service corporations. Streets, sewers, and drains are also heard;

Garages, and gas stations. And it is this same Board who makes Your Traffic Regulations.

The Aldermen grant permits For changing any zone.

This is important, for it might Affect the land you own. They grant the various licenses From lunch rooms to gas stations, And very carefully do they pass Money appropriations.

Francis Newhall's Treasurer And Tax Collector, too. He handles all the proceeds Of every Bond Issue.

His office takes in money Which you, the City owe. As he attends his duties He's always on the go.

Master of things financial Is Mr. Daniel White; He is Comptroller of Accounts And he's most always right.

He audits all the payrolls, And bills the City owes. He believes in the cold, hard facts, And not in "just suppose."

Frank M. Grant is City Clerk Of births, marriages, deaths. Dogs rush in to get licensed; They come with bated breaths.

He attends all the Board meetings, Committee meetings, too. Their records in a brick-in vault, Are kept safely for you.

And now let's just consider What the Assessors do. With valuations, and tax bills, They are a busy crew.

They tax your land, your homes, your cars. Which you know isn't wrong, For if it weren't for taxes, how Would Newton get along?

Joseph W. Bartlett is City Solicitor; When he adjusts a claim he is A welcome sight to you.

City Messenger L. Davis Is always busy—very. He goes on all the errands That are so necessary.

Mr. Morse, with his assistants, Draws the City plans. New streets, new sewers, and zoning changes Must pass through his hands.

His department figures up Assessments and sewer charges. The work increases all the time As this City enlarges.

There is the Street Department With George Stuart at the helm. Contracts for street and sewer work All come within his realm.

The street men try to keep your streets And sidewalks in repair; The Forestry Department To trees and grounds gives care.

C. Chadwick's the Big Buildings Man Who looks after your schools, Garages, houses, which must all Conform to building rules.

While J. C. Whitney superintends The City Water Works, And not one of his co-workers His or her duty shirks

The Health Department inspects food For sale throughout the City; It cleans up all the danger spots Which outwardly look pretty.

And if you are a laborer And want to work for hire, Go up to City Hall and see Constable Andrew Prior.

Public Welfare Department Is on the job each day. Dr. Lowe and Miss Fitzgerald Do good in quiet way.

The Ewatts, at the City Home, Right near some shady woods, Do much to care for people not Endowed with this world's goods.

C. Randlett chases fires. Yes, he's the Fire Chief. When the red flames are leaping high He comes with quick relief.

There's also the Police Chief, Whose name is Bernard Burke, Call West Newton, 0630, You'll find him right at work.

You have a Playground System Of which you should be proud. The ball fields, and the tennis courts Present a jolly crowd.

Of healthy, happy children Under the watchful eye Of a Playground Director As in their games they vie.

There are many other people Whom I haven't called by name, Firemen, clerks, policemen, laborers, Who are all playing the game, And janitors of buildings, And all school teachers, too, Is but a partial list.

Are willing public servants, Helping each one of you.

### Y. M. C. A.

The tennis team from the Newton Y. M. C. A. won from Brockton last Saturday at Brockton. A return match will be played at Newton Saturday August 3rd. Two double matches and three single matches will be contested. Donald Gibbs was chosen captain of the tennis team. Other members who played at Brockton were Messrs Hourlin, Carr, Eastman, Twombly and Dynes.

The new court will be available for these matches. It was used for the first time on Thursday. The court is 60-ft. wide and 120-ft. long, giving ample room for match play.

The new shower rooms were also put in commission on Thursday. The rooms are finished in white tile with a grey non-slip tile on the floor. Sixteen showers have been installed, eight in the Men's room and eight in the Boys'.

On Friday July 26th the Boys' Division held a Treasure Hunt in which about 25 boys participated. Twelve trails were laid in the vicinity of the "Y", the boys following their trails in pairs. The treasure, a big watermelon, was found by William Tyrol in partnership with Joseph Campbell. Each Friday there is a special event for the boys at the "Y", either a treasure hunt, game tournaments or outdoor games. On Thursdays the boys all take a trip to some place of interest. Thursday Aug. 1 there was a trip to Nantasket, over twenty boys went in pairs to lunches and bathing suits and had a wonderful time in the water and in the sand.

### OFFERS TO BUY CITY LAND

An offer of \$1500 for the purchase of land owned by the city on Florence street, Newton Centre, has been submitted to Mayor Childs by a local real estate dealer. The offer has been forwarded to the proper committee of the board of aldermen for consideration. The land has been the property of the city for a long time but no definite plans for its use have ever been made.

### EVANS IN ZEPPELIN RACE

C. M. Evans of the Evans Tire Co., 52 Mt. Auburn street, says he is "throwing over ballast" in his endeavor to win honors in the so-called Zeppelin race, which is the way in which the Goodyear Tire & Rubber Co. is putting interest into its great summer sales contest. "Newton people can help us win, and we'll help them save," says Mr. Evans, who points out that tire prices for genuine Goodyears are at their lowest point in 30 years.

Infants' Hosiery is another item added to the values shown at the Retail Store of Thomas Dalby Company in the Chase Building on Pleasant St. All the wanted qualities from Mercerized to Silk and Wool and all Wool stockings for infants can be bought at substantial savings.—Advertisement.

## Mirrors Resilvered

Every home has at least one or two mirrors that need resilvering. Our process assures you of the very best. The old silver is stripped off, glass repolished, two coats of silver applied, a coat of the purest shellac is applied, then painted with a waterproof paint. If the glass is in good condition the result is just like a new mirror. We call for and deliver and our prices are right.

We also reframe old mirrors

## New South Side Junior High To Cost \$750,000

No Definite Steps To Be Taken Until Next Year

Three quarters of a million dollars is the approximate cost of the new junior high school building to be erected on the South Side according to an estimate prepared by Public Buildings Commissioner Cecil C. Chadwick for the joint committee on school buildings.

At a meeting held last week Thursday evening the joint committee examined sketches of the proposed plan presented by a firm of architects. In view of the change in the Mayor's office next January first it is practically certain that no definite action will be taken by either the joint committee or the board of aldermen until next year.

The committee approved the selection of the "Paul estate," a portion of which is now owned by the city, as the site for the proposed building. It will be necessary to purchase one or two small adjoining lots if the school is erected there.

### POLICE NEWS

George L. Freeman, 33, of Boylston street, Boston, was arrested early Monday morning on a charge of burglarizing the home of Mrs. Helen B. Francis of 48 Waverley avenue. He was taken into custody by the police just before two o'clock and charged with drunkenness and breaking and entering in the night time. When arraigned in court bail was fixed at \$5,000 and his case continued to Wednesday. In default of bail he was removed to the East Cambridge jail.

Wednesday morning before Judge William F. Bacon Gorman pleaded not guilty to both counts. He was held in \$1,000 bail for the grand jury on the larceny charge and fined \$10 for being drunk. It was said that he had gained entrance to the house by forcing a window. He was charged with stealing a brief case and its contents owned by Joseph L. Nihan.

During the recent tong outbreaks in Boston early this week the Newton police were ordered to keep close surveillance over the many Chinese laundries in this city. No additional policemen were detailed for this service but all route and traffic men were ready for signs of any trouble. Several of the local Chinese were extremely nervous over the situation.

An unidentified man was arrested yesterday noon in Nonantum square on a charge of panhandling. The stranger approached Judge Wm. F. Bacon of the Newton district court and asked him for a dollar. The latter telephoned the police and the man was taken into custody by Patrolmen Michael Keating and Michael Connolly. The prisoner struggled with the officers while awaiting the patrol-wagon and suddenly collapsed. He was removed to West Newton after examination by City Physician Fred M. Lowe was taken to the hospital still unconscious. It is believed that weakness brought on by hunger caused the collapse.

The C. M. Evans Tire Co. of 52 Mt. Auburn street, Watertown, announces the appointment of Harry F. Drake, formerly of the Spring St. Garage, as superintendent of Service Ignition Work.

## City Wants Control Of Ware's Cove

Arrangements To Be Made With M. D. Commission

The city has begun arrangements to secure complete control of Ware's Cove, Auburndale, for the use of Newton residents during the winter months under the supervision of the playground department. The cove is now under the jurisdiction of the Metropolitan District Commission and little difficulty is expected in securing the transfer.

Some years ago the city installed a public rink and lighting system at Bullough's Pond, Newtonville which is thronged to capacity when the ice is in good condition. The fact that steam from the Edison transformer plant on Homer street is continually emptying into the brook that enters the pond is said to be partially the reason for lack of good ice except in extremely cold weather. Perhaps the changing seasons have more or less to do with this same fault. But in the last few years there has been but a comparatively short time during which the public and the high school hockey team can use Bullough's pond. Last winter the majority of the games on Newton's schedule were played at Ware's Cove. Many of the other schools from nearby requested and received permission to use the rink when Newton was not using it. Sheltered from the sun and in a natural enclosure where it is free from swift currents the Cove is one of the first places in Newton to freeze suitable for skating. And it also remains frozen much longer than any other spot. A cold snap followed by a day or two of thaw which melts the ice at Bullough's pond has little or no effect at Ware's Cove.

Some time ago an attempt was made to have the city put lights over the water for use of night skaters but this was blocked until the city could gain control of the Cove.

### HALL—AYRES

Miss Marguerite Ayres, daughter of Mr. and Mrs. Frank Camp Ayres of 1564 Commonwealth avenue, West Newton, was married to Gordon Rexford Hall, son of Mrs. George Atwater Hall of 89 Hyslop road, Brookline, on Tuesday afternoon, August first, in the Fuller Memorial Chapel of the Second Church, West Newton. Rev. Boynton Merrill, D.D. and Dr. Melancthon W. Jacobus of Hartford, Conn., dean of the Hartford Theological Seminary, and an uncle of the bride, were the officiating clergymen. The bride was given in marriage by her father.

Miss Frances C. Ayres of West Newton, a sister of the bride, was the maid of honor. Mr. Merwin P. Hall, a brother of the groom was the best man. The ushers included James Wallace Craig of Boston, Dr. F. Denette Adams of Brookline, Roswell P. Young of Wellesley Hills, Lewis W. Douglas of Phoenix, Arizona, G. Phillips Hall of Newtonville and Dr. Francis C. Hall of Boston.

The bride wore a gown of white satin and old lace. Her veil of tulle was trimmed with lace and she carried a bouquet of white orchids. The maid of honor wore white chiffon and a transparent hat of blue. She carried a bouquet of delphinium and butterfly roses.

The decorations at the church were lilacs, greenery and candles. A reception was held at the home of the bride's parents following the church ceremony.

## Field Days To Be Held On Playgrounds

First Model Airplane Competition Next Wednesday Afternoon

For the benefit of the parents of our children and all other citizens interested in the playground activities, each playground will conduct a parent's day the week of August 19th. The dates for each playground will be announced in the near future. On these days there will be an exhibition of handicraft, games, folk dancing and sports.

These individual field days this year will take the place of the Pageant held last year and the general field day for all playgrounds held in former years.

During the same week a water meet will be held at Crystal Lake for the benefit of young swimmers. On August 21st at 2:30 P. M. there will be the first all Newton model airplane competition in the new High School gymnasium. Admission to this event will be by tickets only. It is hoped that His Honor, the Mayor and other city officials will witness this meet. It is the second season of model airplane construction on the Newton Playgrounds. This interesting and educational work is being done under the auspices of a national committee of which President Hoover, Ex-President Coolidge and Col. Lindbergh and others are members. Several annual national meets have been held already. This year the big national meet will come in Louisville, Kentucky, during the week of October 15th. If there should be among our contestants a boy with a record airplane it is very possible that the boy may be sent to compete at the National meet.

### WEST NEWTON CHURCH TO REVERSE PROGRAM

At the suggestion of the Rev. Charles M. Sheldon, author of "In His Steps," the Lincoln Park Baptist Church, Rev. John Shade Franklin, pastor, is reversing the usual order of worship for this Sunday by placing the sermon at the beginning of the service. The purpose of this change is to emphasize the importance of worship per se for those who come to church. Dr. Sheldon believes that the sermon should be preparatory to the worship.

It is urged that in order to make this new program as successful as possible the good folk who plan to attend come on time at 10:45 o'clock. A prominent journalist in commenting on the menace of tardiness involved in the idea suggested that people very seldom miss trains and that we have really fostered a slovenly attitude toward promptness in coming to church by under-emphasizing the value of the worship service.

The music program for this Sunday will be carried out by Mr. Hugo D. Sharp, organist, Miss Ruth Perkins, alto, and Mr. W. Kenneth Bowers, violinist. The sermon subject is "Rest For Labor."

### NEWTON HOSPITAL

During the week ending August 3, 1929, 114 patients were treated by the Out-Patient Department. There were ten calls by the Social Service Department and six people were transferred by the social service car. Eleven babies were born—six girls and five boys.

Of the sixteen accident cases treated during the week, nine were boys. One cut his finger with a piece of glass. Another burned his leg, side and arm with hot water. The third received lacerations of the scalp when he was hit with a piece of ice. The fourth injured his knee when he fell on a cement sidewalk. The fifth received a laceration on the sole of his foot when he stepped on a piece of glass. The sixth had a foreign body in his eye, and of the last three boys, two were hurt in automobile accidents, one had a fractured skull and the other fractured his leg, and the third lacerated the skin around his fingernail when he jammed his finger in a car door.

Four of the accident cases were men. One received slight abrasions of the face when he fell into a trench. Another received bruises on the back of his head when he fell. The third had some lime in his eye, and the fourth was in an automobile accident, receiving a fractured skull.

Two of the remaining three accident cases were women—one of whom got a needle in her left hand when washing, and the other received abrasions on both legs when she fell on some cement steps.

The last accident case was a girl who was poisoned with iodine.

During the month of July, 597 patients were admitted to the hospital, including 134 as out-patients and for x-ray. 432 were discharged. The largest number of patients in any twenty-four hours was 163—the smallest, 112. The daily average for the month was 136.23. Sixty-nine babies were born—40 girls and 29 boys. 490 patients were treated by the out-patient department. The Social Worker made 46 calls in the hospital and 48 in the homes.

### MRS. NELLIE M. EATON

Mrs. Nellie M. Eaton, widow of Frank E. Eaton, died on Wednesday, August seventh. She was in her eighty-second year, and had been a resident of Newton for about five years.

She is survived by one daughter, Mrs. Harry A. Baker of Newton Centre and two grandchildren. Funeral services were held this afternoon at two-thirty from the home of her daughter at 9 Daniel street, Newton Centre.

## Judge Raymond Dies At Newton Centre

Superior Court Justice Was Noted Lawyer

Robert Fulton Raymond, senior justice of the Superior Court, died suddenly on Sunday, August fourth, at his home, 71 Montvale road, Newton Centre. His death was due to heart failure, although he had apparently been in good health and able to attend to his judicial duties regularly. He was in the 72nd year of age.

Judge Raymond was born in Stamford, Conn., June 15, 1858, a son of Lewis and Sarah A. (Jones) Raymond. His ancestors settled in Salem about 1630, and thence removed to Stamford, where many generations of the family resided. Mr. Raymond's grandfather, David Raymond, was a soldier of the Continental Army. His father was a prominent citizen of Stamford, and held various local offices.

Mr. Raymond attended the district schools of his native town, and in 1874, when sixteen years of age, went to New Bedford and entered the high school, from which he was graduated in 1877. He subsequently attended Wesleyan University at Middletown, Conn., one year, and taught school in Marion, Plymouth County, two years, keeping up his college studies in the meantime. In 1880 he came to Boston, where he taught a private Latin school for one year and also attended lectures at Harvard College.

In 1881 he entered the Harvard Law School, where he studied for two years, and was admitted to the bar of the United States Circuit Court at New Bedford, Aug. 16, 1883. Shortly after his admission Mr. Raymond formed a partnership with William C. Parker for the practice of law in New Bedford, and later the firm of Parker & Raymond. This continued until 1885, after which time he practiced alone.

His practice, which grew to extensive proportions, was of a general nature, and at frequent intervals he appeared as counsel in cases of more importance. Among the notable cases the Elizabeth Taber will case, which involved upward of \$500,000, and the trial for murder of Minnie Mooney, to whose defense he was assigned by Judge Henry K. Braley. He was appointed by the Supreme Judicial Court of Massachusetts to the position of clerk of the court, and in this capacity made frequent trips to various Western States.

Mr. Raymond was a prominent public speaker, and delivered numerous addresses on religious, temperance, patriotic and political subjects. Although an active and staunch Republican, frequently serving as a delegate to party conventions, he never sought public office. He was an indefatigable collector of books and manuscripts, and the most valuable private libraries in New Bedford, numbering some three thousand volumes. It is especially rich in American history, economics, etc., and full in general lines, including German and French, as well as the English literature.

In 1894 he took the LL.B. degree at Harvard Law School. Mr. Raymond was a foundation member of the New Bedford Bar Association and was a member of Acushnet Lodge of Odd Fellows, of the Harvard Law School Alumni Association, and of the Boston Wesleyan Club. He was a trustee and a member of the board of management of the East Greenwich, R. I. Academy, a member of the official board of the County Street Methodist Episcopal Church, a member of various executive boards of the New England Southern Conference, and leader of the lay delegation to the General Conference of 1910 of the M. E. Church. He was also a member of the Boston Wesleyan Association, which is composed of twenty men who are trustees of Zion's Home.

In 1907 he was nominated as justice of the Superior Court by Governor Guild to succeed the late Justice Lemuel LeBaron Holmes.

He is survived by his widow, three daughters, Miss Anna A. Raymond of Milwaukee, Miss Mary Lois Raymond of Newton Centre and Mrs. Lyndon Oak of Tulsa, Oklahoma, and two sons, Allen S. Raymond of Bridgeport, Conn., who is a writer, and Major Robert F. Raymond of Boston, who is prominent in aviation circles.

Funeral services were held on Monday afternoon at his late home at forty o'clock. Bishop Edwin Holt Hughes of Chicago and Dr. William E. Huntington, president emeritus of Boston University, conducted the services. The interment was at Oak Grove Cemetery, New Bedford, on Tuesday with Dr. J. R. Bartholomew, pastor of the Methodist Church at Edgartown, officiating.

### MRS. HELEN F. SORENSON

Mrs. Helen F. (Lincoln) Sorenson died on Monday evening, August 5th at her late home, 20 Monadnock road, Chestnut Hill, after a long illness.

Mrs. Sorenson was born in Brookline in 1876, the daughter of the late William H. Lincoln and Cecilia F. (Smith) Lincoln of Brookline. She was an artist of ability, starting her career in the Cowles Art School and later painting with J. J. Enneking of Boston, Cullen Yates of New York and Professor Chatterton of Vassar. She spent her summers at Ogunquit, Me. at the art colony. She had exhibited her work at Vassar College, the Robert C. Van Gales and Grace Horne Galleries in Boston and also at the Newton Centre Woman's Club of which she was a member.

She is survived by her husband, Holger J. Sorenson, a sister, Mrs. Samuel C. Payson of Longwood, and two brothers, Alexander Lincoln of Boston and Henry Lincoln of Los Angeles, California.

## Two-League Enters Its Final Week

Nonantum and Upper Falls To Play For Championship

With the Newton Twilight league scheduled to end its regular season with the completion of next week's games it seems now assured that the Nonantum A. A. and the Newton Upper Falls A. A. will meet in the championship series to be played later in the month. This series will carry with it the City of Newton championship and the fourth leg on the Graphic Cup.

Darkness was the victor in last night's game between the two league leaders, a game which would give either outfit the advantage down the home stretch. After seven innings of play the game was deadlocked at five all and darkness prevented playing it out. The game will be replayed next week. Nonantum also has a postponed game with Lower Falls to play off. This contest is slated for Monday night at West Newton Field.

Nonantum took it on the chin from Newton Highlands on Monday night in a 5 to 1 game but the next night redeemed itself with a 9 to 0 shutout of the Newton Centre Cardinals. Upper Falls got in but one game during the week that of last week Friday against West Newton resulting in an out-victory for Manager Simpson's outfit by a 10 to 6 score.

The half game that Nonantum lost by its defeat by the Highlands cost the Victory Field home boys the lead which they have held most of the season until the last few weeks when Upper Falls has forced Nonantum to share it. But the lead means nothing at this stage of the game as both Upper Falls and Nonantum are far enough ahead of the rest of the field that they cannot go wrong.

The present standing is:

	W.	L.	P.C.
Upper Falls	14	3	.823
Nonantum	14	4	.777
Lower Falls	10	9	.526
Highlands	9	10	.474
West Newton	7	10	.412
Newton Town	4	12	.250
Newton Centre	4	12	.250

### Results This Week

### JULY PERMITS FALL OFF

The building boom in Newton continued to fall off considerably during the month of July judging from the monthly report of the building department. The total valuation of permits issued for the first seven months is more than a million dollars below that of the corresponding period in 1928. The total for this year is \$91 permits; cost \$4,900,826 as against 964 permits; cost \$5,559,748 to August first in 1928. This year's figures exceed those of 1927 by slightly less than \$100,000. The total value of the permits issued in July of this year is \$503,349.

## Newton Has Sixth Lowest Tax Rate

Well Below Average Rate For Cities Of State

The Newton Board of Assessors made public this week its report for 1928 showing this city to have the sixth lowest tax rate in the state of Massachusetts and a rate considerably lower than the average for the state. Thirty-two cities had tax rates higher than that of the Garden City of the Commonwealth the report shows. The average for the state is \$30.50 per \$1000 valuation, higher by \$2.90 than that of Newton. Chelsea, with a \$41 rate and Holyoke with a \$23 rate were the highest and lowest city tax rates in the state.

The assessing department turned back the sum of \$1500 in unexpended funds at the end of 1928, this amount being left from an appropriation of \$27,350.

The report also contained a fitting tribute to the late Henry Baily, the chairman of the board of assessors for ten years, who passed away last September. The tribute follows in part: "On September 11th, 1928, Henry Baily, the Chairman of the Board, passed on after a week's illness. He was appointed on the Board in 1909 and succeeded Lewis E. Coffin as Chairman in 1918.

"Educated for the law, with 8 years' experience in teaching and travel, he soon became interested in civic affairs and for five years was a member of the Board of Aldermen of our city, serving as President of the Board for the last two years.

"With this background, and a natural aptitude for grasping municipal problems, he became at once interested in the work of his department. For the rest of his life he gave his whole time and strength to the exacting duties of an Assessor. A judicial temperament combined with legal training was reflected in the many prompt and fair decisions which as chairman he was called upon to make.

"As a colleague, his associates on the Board recall his unfailing good humor and courtesy, a feeling shared by all who came in contact with him in City Hall. He was a fine type of what is most desirable in a public official."

### CHILD MISSING FIVE HOURS

The police were called this week to aid in the restoration of little Hattie O'Dell, aged three and a half years, of 684 Washington street who had disappeared from her home. Special officer Frank Feeley finally located her five hours later in a house on Morgan court. The child had strayed from home and had found new playmates whom she accompanied to their home. Officer Feeley saw that the little tot reached her home and mother, Mrs. J. E. O'Dell in safety.

## NEWTON SPORTS

### NEWTON PLAYERS IN N. H. TITLE RACE

Newton tennis players have been exceptionally prominent in the New Hampshire state tennis championship tournaments at the Cynnet Tennis and Boat Club of Manchester, N. H., this week. One Newton player is assured of the senior men's single title and others are favored in the junior singles and senior doubles. Donald Martin, former B. U. captain, of Chestnut Hill, and his teammate Abbott Gottshall of Newton will clash in the finals of the senior singles tomorrow. The same pair has advanced well in the doubles tourney and are favored to win. Arthur Noble of Newton Centre who has been playing in both the junior and senior singles this week is playing Don Doherty of Wilton for the title in the first named tourney this afternoon. Noble was eliminated from the senior event by Gottshall in a hard fought fourth round match, Gottshall winning 2-6, 6-1, 6-2, 3-6, 6-3.

In the mixed doubles Martin and Miss Constance Bourneuf of Chestnut Hill were eliminated in the semi-final round by R. W. Doeg and Miss Andrews of Detroit. Scores were 7-5, 3-6, 6-2.

### SPORT NOTES

#### Powers' Homer Helps

Nashua of the New England league has Johnny Powers of Auburndale to thank for its fourth victory in five games this week when it blanked Fitchburg, 3 to 0, on Wednesday. After scoring two of its runs in the sixth frame Powers tucked the game away with a home run clout in the next inning.

#### Miss Rice Eliminated

Miss Virginia Rice reached the semi-final round of the women's single tennis tournament at Easthampton this week where she was defeated by Mrs. Shepherd-Barron of England, 6-2, 6-0. Mrs. Shepherd-Barron is a member of the English Wightman Cup team and was the sole survivor of her country's representatives.

#### Powers' Triple Leads to Tie

Johnny Powers, local youth who was a star at St. Mary's High School of Waltham a few years ago, is playing third base for the Nashua team of the New England league. In Monday's game with Portland which the Granite Staters won 5 to 4, to begin their climb out of the cellar the Down Easters started off big with a four-run rally in the first inning. Nashua countered with two in its half and picked up another in the second. No other scoring took place until the last of the eighth when Powers led off for Nashua with a triple. He came across with the tying run on the next batter's single. In the ninth Nashua put over the winning tally.

### Three Homers as Waltham Leads

The Newton Town Club and the Waltham City Club will play the fourth of their five game series this evening on the West Newton Common with the local nine trying to even the count and the Watch City nine trying to clinch the honors of the series by extending its streak to three straight. The Newton team won the first game of the series and Waltham the following two. In order to stay in the running for what ever mythical championship may be involved the Newton team must grab off a victory tonight. In last Friday night's game home runs by Swanton and Donahoe were the leading factors in the 9 to 4 victory by Waltham although Johnny Mullen poked one into the street for a four-punt clout for the locals. The City Club opened the game with a six-run rally which just about took all the fight out of Newton as they were held to seven safeties by the pitching of Jimmy Hanney. Julius Amendola, who pitched for Newton, was found for but eight blows. His six passes coupled with timely hitting by Waltham proved his undoing. A home run, triple, two singles, two passes, a steal and an error all contributed to the six-run spurge in the first. Johnny Powers of Auburndale, now with Nashua, was in town and played first base for the Newton nine. He collected two hits, one of which was a double, and scored one run.

### Nonantum Wins Another

The Nonantum A. A., title contenders in the Newton twileague race, hung up a 6 to 0 shut-out victory over the Nutro Ginger Ale nine last week Friday evening at Victory field. Butler's triple with one on in the sixth inning was the feature of the game. It was Nonantum's 25th victory in 28 games. Schleiparker was on the mound for Nonantum with MacLean behind the bat. The visitors touched the Newton twirler for seven scattered blows.

### Newton T. C. Ramps Away

Pounding out 24 solid safeties was the main factor in the 19 to 9 victory of the Newton Town Club over the Lincoln Baseball Club last Sunday at Lincoln Park. Bob Pickard, 1927 Newton high pitcher, was on the mound for the locals and although touched for 16 hits was in little difficulty as his mates were on a batting spree at the expense of Hallisey of Lincoln.

### Roberts Reaches Semi-Finals

Playing in the New Ocean House tennis tournaments at Swampscott this week Arthur S. Roberts of West Newton reached the semi-final round before succumbing to Kenneth Cooper, 6-1, 3-6, 6-4. The feature match of Roberts' play was in the third round when he defeated B. N. Freeman, seeded No. 3, 6-1, 6-3 for one of the biggest upsets of the tourney. In the mixed doubles Roberts and his partner, Miss Mary Burton, were eliminated in the third round.

# New smart STUDEBAKERS now on display at new prices! Reductions up to \$250

EFFECTIVE AUGUST 5th

Brilliant new body designs—champion performance—and now sweeping reductions in prices! More people have been buying Studebaker eight-cylinder cars than any other European or American eight. Now, with these reduced prices on both sixes and eights—on Presidents as well as on Dictators and Commanders—unprecedented demand may be expected.

Imagine! A President Eight Sedan offered at \$1735 (and a seven-passenger President at \$1995)! A Commander Eight Sedan only \$1475! A Commander Six

Sedan as low as \$1325! A Dictator Eight Sedan, latest creation of Studebaker engineering genius, \$1235! A Dictator Six Sedan (better than those which sold in enormous volume at \$1345) now priced at \$1095!

This price reduction is made possible by increasing volume and by economies resulting from consolidation of all Studebaker manufacturing operations in South Bend. It is a price reduction on the cars which are today rolling off the assembly line in Studebaker's great One-Plant plants—the finest cars Studebaker knows how to build.

# it's a knock-out!

## *It knocks out that knock!*

Land on that "knock" with a knock-out gasoline! Don't let high-compression and carbon knocks steal your power, defraud your motor of its rightful speed, or pilfer away its silence and smoothness.

Fill up with TYDOL ETHYL—Zero Knock Rating Gasoline and watch your car show you something new in action on the hills, silence in every cylinder, and speed on the straightaway.

TYDOL ETHYL turns destructive hammer-blow explosions into long, strong impulses of power . . . silky, smooth, dynamic. And for a premium that only amounts to 3 cents on a gallon, you get a better per-

formance, more delightful motoring...and a conviction that here again, the best has proved to be the cheapest of all.

Study the table opposite. See how TYDOL ETHYL ranks with 5 other premium fuels.

### Make a 10 Gallon Test

The next time you need gasoline drive up to a TYDOL ETHYL pump and try out ten gallons of this modern fuel. It will only cost you 30c more than ten gallons of ordinary gas.

No more . . . perhaps less . . . than you have been paying for other premium gasolines.

But in any event, 30c is a small amount to gamble to prove to yourself just what a zero knock rating gasoline will do in your own car. Tide Water Oil Sales Corporation, 60 Cambridge St., Allston, Mass. Tel. Stadium 2330.

### KNOCK RATING OF 6 PROMINENT PREMIUM GASOLINES

These 3 cent premium gasolines were tested on the Midgley (Bouncing Pin) Indicator according to an established standard scale over a period of 6 months, from November, 1928, to May, 1929, with the following results:

	MINIMUM KNOCK RATING	MAXIMUM KNOCK RATING	AVERAGE KNOCK RATING
Fuel A . . .	6 . . . . .	10 . . . . .	9
Fuel B . . .	5 . . . . .	13 . . . . .	8
Fuel C . . .	0 . . . . .	5 . . . . .	2½

## EDITORIAL

While the unthinking tax payer may be pleased at the reduction of the tax rate from \$27.60 to \$27.20 a study of the situation discloses some interesting facts. While it has been the custom in the past to take money from the Excess and Deficiency account to help obtain a lower tax rate it was poor judgment in our opinion to do so the present year. A glance at the needs of the city in 1930 indicates that heavy bond issues will have to be made for new school buildings and other necessities, and with a state law requiring a substantial percentage of such improvements to be raised in the tax levy, the city fathers would have used good judgment if they had left the \$100,000 item in the treasury for use next year. It should be kept in mind that Newton has been passing through a heavy building boom during the past two or three years which has been reflected in the heavy increase in the valuations of real estate. Figures from the building department during the few months of 1929 show a substantial reduction in the estimated value of new buildings. This fact also indicates that there should be a retrenchment all along the line.

The street department has evidently taken little stock in the many protests which have been expressed over the use of liquid tar on our streets. The contrast between the vulcanized pavement on Centre street south of the railroad bridge and the tar which was spread on the same street this week, north of the bridge, has been the subject of much comment.

Dr. Bigelow of the state board of health is absolutely right in his suggestion that stray dogs ought to be put out of existence. The city is in place to keep dogs unless they are kept under constant restraint. Rabies is a terrible disease and the lives of our children are much more valuable than the life of a dog.

## "CHILDREN, MEET THE BIRDS"

"Children, Meet the Birds" by Mary Kendall Hyde, is a book unique in bird literature. It has been written to amuse, to instruct and interest children and to inspire them to study for themselves the commonest birds. It is a pleasing combination of fact, fancy and fairy fiction, containing accurate descriptions of a dozen birds with sketches of their songs, woven into a bright attractive story enlivened by a whimsical humor and an occasional fairy tale or imaginative sketch. The book makes an instantaneous appeal. It is unquestionably the work of one who is not only a practiced writer but knows, loves and understands children as well as birds. It is written with great charm and abounds in humor and clever sketches. The author, Mary Kendall Hyde, is the widow of Ex-Mayor Elliot Hyde of Newton Highlands.

## ROLLIN JONES

Mr. Rollin Jones died suddenly at his home in Vernon Court, Centre street, Newton, on Monday evening, August 5th. His death comes as a shock to the many who knew him, for the acute heart attack, which proved fatal, occurred without preliminary warning.

Mr. Jones, eldest son of Martha Jane Smith and William Henry Jones of Boston, is of an old New England family, his paternal ancestors coming from England and settling in New Hampshire more than 200 years ago.

Mr. Jones was born in Boston in 1855; attended Wolfboro Academy and returned as a young man just 54 years old to be associated with Banfield Forestall Co. A few years later his father made him a member of the well-known firm of W. H. Jones & Co., of Blackstone and Hanover streets, founded in 1851. This he carried on in partnership with his late brother, Wesley Jones, of Brookline until 1920. In recent years he has been connected with the hotel business, which he found very congenial and as Manager at Vernon Court, Newton for five years has been very successful.

Mr. Jones, for a long period, was treasurer of the Fish and Game Association of Massachusetts, and for over thirty years a member of the Algonquin Club of Boston. He was a member of the Laconia, N. H., Lodge of Elks, and of the Zetland Lodge A. F. A. M. of Boston, Masons, which he served for twenty-five years as Treasurer.

Mr. Jones is survived by his wife, Mary Flora Brown, his son, Rollin G. Jones of Laconia, N. H., his daughter, Mrs. Maurice Young of Boston, his sister, Mrs. Almon W. Eaton of Wolfeboro, N. H. and a grandson, Howard Kingsley Jones of Concord, N. H.

Services were held Thursday, August 8th, at Mount Auburn Chapel, Rev. Dr. Laurens MacLure of Grace Church, Newton, officiating.

Interment was at Lakeview Cemetery, Whiteboro, N. H.

The honorary pall bearers were: Edward P. Tuttle, Fred A. Gay, Edward R. Utley, M.D., William B. Kehe, William E. Preble, M.D., Russell MacAuslin.

## Calls for Good Memory

A system has been evolved which makes possible for Chinese to read their own language after becoming familiar with only large characters. Formerly, for only large characters, a knowledge of the 40,000 characters of the Chinese language was necessary.

## SIX CYLINDER SENTENCES

By DR. JOHN W. HOLLAND

A man once said, "The model woman is the modest woman." A sharp tongue carries its own self-sharpening. Use whetstone. Remorse is a savage-faced old demon, but flowers often spring up in his footprints. "Who's Who" devotes the majority of its pages to men and women who had "no chance" when they were young. Successful men are those who see opportunity in the most inopportune places. When one rooster struts and crows the other one looks well to his spurs. This applies to nations with navies. ## Recent Deaths

## SAMUEL BARNARD

Samuel Barnard, a resident of Newton for sixty-eight years, died on Wednesday, August seventh, at his late home, 30 Shaw street, West Newton, in his eighty-fourth year. He had been in failing health for the past five months.

Mr. Barnard was born in Boston, June 3, 1846, the son of the late Rev. Charles F. Barnard who was prominently identified with the Barnard Memorial of Boston, and the late Mrs. Sarah Holmes Barnard. He received his education at the Brimmer School in Boston and the Allen School, West Newton. He came to Newton in 1861, and was for many years in the real estate and insurance business until his retirement five years ago. He was also associated with the Barnard Memorial and was active in the interests of the First Unitarian Church, West Newton.

He is survived by his widow, Susan Lizzie Conant; a son, Kenneth Holmes Barnard of Andover, a daughter, Mrs. Robert Doremus of Gloucester and eight grandchildren.

Funeral services were held this afternoon from his late home at three thirty o'clock. Rev. R. P. Doremus officiated. The interment was in Newton Cemetery.

## GEORGE W. REYNOLDS

Mr. George William Reynolds died on Tuesday, August sixth, at his late home, 31 Forest street, Newton Highlands.

Mr. Reynolds had for many years been in business as a furrier on Franklin street, Boston.

He is survived by his widow and six children, Herbert Gardner Reynolds of Atlanta, Georgia, Miss Alice G. Reynolds of Newton Highlands, Mrs. Frank A. Day of Newton, Donald Downe Reynolds of Cambridge, Miss Mary Elizabeth Reynolds of Newton Highlands and Gardner Reynolds.

Funeral services will take place tomorrow afternoon at two-thirty from his late home.

## MRS. MARTHA F. UTLEY

Mrs. Martha F. Utley, widow of the late Dr. James Utley, died early this morning at the Vernon Court Hotel, Newton, where she had lately made her home. Mrs. Utley was in her eighty-eighth year.

She was born at Brunswick, Maine, but had lived in Newton for a great many years. She is survived by one son, Dr. Edward R. Utley of Cambridge.

Funeral services will take place on Monday at one o'clock at the Newton Cemetery Chapel. Rev. R. L. Rae of the North Congregational church will officiate.

## THE MINUTE MEN

In November, 1774, the Provincial Congress of Massachusetts authorized the enrolment of 12,000 men in the province, who should be prepared to take the field at a minute's warning. This army was, from the conditions of its enlistments, called "Minutemen."

A thorough understanding of our duty together with the knowledge gained from many years experience enables us to give a most complete service.

## NASH '400'

LEADS THE WORLD IN MOTOR CAR VALUE

"400" Special Six Roadster  
\$1456

Delivered, Fully Equipped  
Nothing More to Buy!

IN STYLE, PERFORMANCE AND PRICE  
—the pick of the roadsters!

FOR the open car enthusiast, Nash builds a roadster that makes all others second choice.

This new Nash "400" has the style, the finish and the sparkling performance that you customarily expect only from roadsters far beyond its extremely moderate price.

The motor is the new Twin-Ignition type which Nash engineering has developed to add exhilaration and economy to motoring. Twin-Ignition means more power, more speed with less gasoline.

Next year's open car fashion is forecast in the finish of this charming "400." The upholstery is pigskin, with a big disappearing arm rest in

the center of the front seat and arm rests on either door. The "400" roadster seats its passengers low, with only head and shoulders visible. Wheels are wire, with big heavy duty spokes, oversize hubs and chromium-nickel rims.

And the "400" Roadster is fully equipped, at the price quoted above, with every fine car accessory, including Lovejoy hydraulic shock absorbers, Bijur Centralized Chassis Lubrication, chromium nickel bumpers, spare tire, tire lock and tire cover.

It's new, it's smart and it is lower priced than any other roadster which remotely compares in style, quality and performance. See it before you buy your Roadster.

Delivered, Fully Equipped Price Range of 23 Nash "400" models \$973 to \$2307 includes Touring, Roadster, Coupe, Cabriolet, Victoria and Sedan Models

(Two door Sedan at factory, special equipment extra)

BECAUSE it represents our  
earnest endeavor to give you  
more than an averagedollar's worth  
of real value for every dollar in-  
vested—we ask you to make a critical  
inspection of Model 612 before  
selecting any car in or near its price  
class.

Lift the hood and see the big 62  
horsepower motor with a seven-  
bearing crankshaft. Not only in the  
motor, but all through the 612  
(which weighs 3,125 pounds, ready  
for the road) you will find extra size,  
extra weight, and extra strength.  
Experience has convinced us that  
every pound of this greater weight  
is essential to fine performance,  
comfort, long life and safety.

The four wheel hydraulic, internal  
expanding brakes are larger than  
usual in a car at this price, and  
fully protected from dirt and water.  
Service and emergency brakes are  
entirely separate—to provide the  
safety to which we believe every  
motor car buyer is entitled.

Examine the 612, the completeness  
of its equipment and appointments  
—then make your own comparisons.

### FIRE DRIVES THREE FROM HOME

An early morning fire forced three women occupants of the house at 17 Braemore road to flee to the street in scant attire Wednesday morning. The women, Mrs. Marie Patterson, 78 years old, occupant of the house, Mrs. Fannie Bennett, her niece of Texas, and Mrs. Ella J. Williams, a maid, were awakened shortly after one o'clock by smoke. Making their way through the dense clouds which filled the house they reached the street and from the home a neighbor phoned the fire department.

The fire burned through the walls and ceiling of the living room and dining room to the second floor where it was controlled by the fire department. The fire was said to have been caused by a defective fireplace. Damage was estimated at \$2,000.

Engine 1 was called out at 8:30 the same morning for a fire in a truck on Centre street near Wesley street.

### WANTS SIGNAL AT BAD CORNER

The traffic committee of the aldermen is advocating the installation of a sidewalk signal light at the corner of Centre avenue and Centre street, Newton Corner. The traffic officials also favor "domes" in the middle of Centre avenue at the intersection to keep automobiles on the right side of the road on making the turn into Centre street.

Formerly there was a flashing traffic beacon in the middle of Centre avenue at the intersection with Centre street which was removed by request of Fire Chief Randlett when the new fire station was opened. Because of the sharp turn at this point it was feared that the rear of the aerial ladder truck might strike the beacon.

### POLICE NEWS

James T. Riley of 26 Compton street, Boston, was in court on Tuesday charged with driving while under the influence of liquor, using an automobile without authority, and driving without license or registration. His case was continued until August 13 and bail set at \$200. Riley was arrested Tuesday morning in Chestnut Hill by Patrolman Frank Cain shortly after the car was stolen. Three alleged accomplices, who were waiting for him, fled when they discovered Riley had been captured and despite a search made by the police escaped.

Ellis Pucciarelli of 10 Auburndale avenue, charged with non-support of his wife and nine children, was placed on probation until Feb. 8 and given another chance. The sentence carried with it an order that he pay \$30 a week for the support of his family. He was taken into custody on a warrant Monday night by Patrolman Joseph Lyons and arraigned Tuesday morning.

Francis J. Buckley of Roxbury and William F. Madden of Waltham were fined \$10 at the same session on charges of speeding. Salvatore Taverna of Cambridge and Fred R. Cabriel of Chelsea were fined \$5 each for failing to stop before entering Washington street.

Arthur F. Cummings, 296 Washington street, was sentenced to 30 months in the house of correction at Monday's session of the Newton district court. He was charged with using an automobile without authority. The sentence was suspended on condition that he make restitution to the owner of the auto for damages. Cummings and another young man were in an accident on July 22nd in Wellesley soon after taking the car. Patrolman Geegan later arrested Cummings.

Monday morning's sessions saw twenty-five drivers contribute \$5 each for failure to observe the STOP signals on entering Washington street at various intersections. The case of another was placed on file. Rosamond P. Cronin of Boston was fined \$5 on a charge of speeding.

Last Friday morning in court Charles Davizia of 88 Algonquin road, Newton Centre, was found guilty of assaulting Alvin Boudrot of Watertown and was fined \$50. The court also found probable cause relative to a second complaint charging Davizia with assault with a dangerous weapon on Benjamin Boudrot of Watertown and bound him over to the grand jury in \$1000. The two assaults occurred on June 18 when Davizia went to a dye house in Watertown to secure a suit left there to be cleaned. When the suit was not delivered Davizia, according to witnesses, assaulted both Boudrot and his father, employing a small fire extinguisher on the latter and inflicting several injuries. Testifying in his own defence Davizia said that he was not the aggressor and recalled nothing of the affair after a few blows had been exchanged between him and Benjamin Boudrot, the father. It had been previously shown that the defendant was subject to epileptic attacks.

Two of the three young men arrested early last Friday morning in the act of burglarizing the filling station at 1974 Washington street, Newton Lower Falls, were sentenced to one year in the house of correction after pleading guilty to the charge of breaking and entering in the night time with intent to commit larceny. They pleaded guilty when arraigned Friday morning and appealed the sentence. Each was ordered to furnish \$1000 for his appearance in superior court. They were Fred Yancy, 19, and Abie E. Fabiano, 20, both of Everett. The third youth, Louis Russo, 16, also of Everett was held in \$1,000 for a hearing in juvenile court this morning.

Two of the trio were captured at the point of Patrolman Joseph O'Connor's gun after a chase but Fabiano ran into the nearby woods and escaped. He was later arrested in Everett and brought back to Newton.

As Patrolman O'Connor tried the front door of the building about midnight the three youth scrambled out of the rear. They had apparently gained entrance by breaking two windows. The officer drew his revolver and gave chase, soon overtaking Yancy and Russo. Sergeant Nicholas Vedecio soon appeared and the two prisoners were taken to headquarters in the automobile which they had been driving. Investigation revealed that it had been loaned them by a friend. Identification of Fabiano was obtained through his automobile license found in the possession of one of the other youths. The Everett police were notified and about five o'clock he was taken into custody. The trio told the police that they were trying to obtain gasoline for their car and when surprised by Officer O'Connor were trying to locate the pump handle. A look at the gas tank on the car showed that the supply had not been exhausted.

### AUTO ACCIDENT

Monday afternoon automobiles driven by Patrick McKenna of 42 Newbury street, Newton Centre, and Robert Allen of Playstead road, Newton, collided at the corner of Centre and Bellevue streets causing the McKenna machine to crash into fire box 131 and injuring Mrs. Dora W. McKenna. The McKenna automobile was going north on Centre street when Allen, driving a car owned by the Anderson Cadillac-Salle Co. of Newton was about to turn into Bellevue street when the accident occurred. After colliding with Allen's car the other car struck the fire box, damaging it badly.

Mrs. McKenna was severely shaken up and was later treated at her home by a physician. Both machines were damaged.

### KIWANIS CLUB

The monthly business meeting of the Newton Kiwanis Club was held Tuesday, August 6th in the Old Venice Restaurant at Norumbega Park. President Walter Whalin presiding. Various items of business were presented and acted upon by the Club, including the election of delegates and alternates to the District Convention which will be held at Poland Spring, September 22nd to 25th.

The Newton Club will be represented by William Skelton, Wilfred Chagnon and Ralph M. Patterson. Alternates elected were Charles A. Mahoney, W. U. Fogwill and William E. Pike. It is expected that a large number of members of the Newton Club will make the trip to Poland Spring.

Pete Maynard, Les Woodman and E. A. Robertson and W. U. Fogwill received birthday gifts, from the Club. Charles A. Mahoney was presented with a safety set. The house committee's report and recommendations for a place of meeting for the winter season were presented by A. Belinger of the house committee. The next meeting will be held in the Old Venice Restaurant on August 13th and will be in personal charge of First Vice President Will L. White.

### CHILDREN'S MUSEUM

A model of the famous old clipper ship "Flying Cloud," made by Helmut Buschmann, a Brookline High School boy, and complete to the smallest detail, is on exhibition at the Children's Museum of Boston. The model measures about thirty inches, and is a marvel of intricate and carefully worked out detail. Helmut needs no introduction to Museum visitors, for two of his boat models are already on exhibition. The clipper ship is the third and perhaps most interesting addition. Helmut obtained blueprints of the original ship, which was built in 1851 for Donald MacKay, from the Massachusetts Institute of Technology, and worked from last September until early July of this year on the model, averaging about two hours a day. The hull is made chiefly of packing boxes. The sails are the work of Helmut's mother, and are entirely hand made. For making a similar set for the model "Constitution" at the Boston Museum of Fine Arts, Mrs. Buschmann was paid over \$200. Helmut's father added his bit by painting the tiny Old Glory which flies from the mast. An informal vote taken among the boys of the visiting playground groups at the Museum brought forth the fact that the most popular Museum exhibit was "the boats." And they meant Helmut's models, which may be seen at the right of the Reading Room on the second floor.

"Starfish and Their Neighbors" is the subject of the illustrated talk on Friday, August 9, at 3:00. Next week's talks are as follows: Monday, August 12, at 3:00 "Hindu Tales." Wednesday, August 14, at 3:00, "Shoes from Many Lands." Friday, August 16, at 3:00, "With Turtles and Snakes."

Houghton's pond in the beautiful Blue Hill region is the destination of the field trippers of the Museum Summer School of Nature Lore next Wednesday, August 14. The group will leave the Museum about 9:30 and stay all day, studying pond life and collecting specimens.

### HARDING—WARREN

Miss Frances Augusta Warren, daughter of Mrs. Prescott Warren of 638 Centre street, Newton and the late Mr. Warren, was married to Lyman Curtis Harding, son of Mr. and Mrs. Walter H. Harding of Framingham, at noon, on Saturday, August third, in the Leslie Lindsey Memorial Chapel of Emmanuel Church, Boston. The ceremony was performed by Rev. Robert LeB. Lynch, acting rector. The bride was given in marriage by her mother.

There were no attendants and only the immediate families were present at the ceremony. There was no reception.

After a motor trip through the New England States, Mr. and Mrs. Harding will reside at 47 Vernon street, Brookline, where they will be "at home" after October first.

The bride attended Wykeham Rise School at Washington, Conn., the Low and Heywood School, in Stamford Conn., and Miss Wheelock's School in Boston. The groom is a graduate of Dartmouth class of 1923 and is a member of the Phi Sigma Kappa fraternity. He is associated with the Old Colony Corporation.

### PARKS—PENNELL

Miss Mildred Pennell, daughter of Mr. and Mrs. Silas Pennell of 1887 Commonwealth avenue, Auburndale, was married to Ralph S. Parks of 21 Spring Park avenue, Jamaica Plain, on Sunday evening, July twenty-eighth. The ceremony was performed by Rev. P. A. A. Killam at Allston.

Miss Nellie Coleridge of Brookline was the bride's attendant and Arthur Randall of Boston was the best man. The bride wore an ensemble gown of white crepe with hat to match.

The groom is a member of the Newton Symphony orchestra and belongs to several noted musical organizations. The bride is a graduate of Lasell Seminary.

### RED CROSS LIFE SAVING CAMPAIGN

Instruction in Life Saving is progressing. Eleven Juniors, Louis Vitti, Frank Cavanaugh, Edward Baird, William Gibson, Richard Cassidy, Frank Manion, Hugh MacVicar, Daniel Collins, Fred Tucker, Carl Dorsutt, Edward Woods and one Senior Patrick Maginnis have passed Life Saving tests this week.

The Playground Department and Newton Chapter, American Red Cross, are planning a swimming and life saving meet at Crystal Lake for those who have passed tests. This will be held during the week of August 19th and further details in regard to it will be given next week.

### STUDEBAKER REDUCES PRICES

Price reductions ranging from \$20 to \$250 below former levels on more than thirty Studebaker models were made effective Monday by the Studebaker Corporation of America.

With this new schedule, the five passenger President Eight sedan will be offered at \$1735; and the seven-passenger President sedan at \$1995; the Commander Eight sedan at \$1475; the Dictator Eight sedan at \$1235, and a Dictator Six sedan at \$1095.

These new prices in conjunction with the introduction of the new Dictator Six series, July 10, at reductions ranging from \$150 to \$250, brings Studebaker prices to a level predicted several months ago when the corporation announced a policy of intensive economy and consolidation in production as part of its one profit program. These reductions have now been made possible by increasing volume and by the concentration of all Studebaker manufacturing operations at South Bend, it was announced.

Co-incidental with the August 5 price schedule, Studebaker also announces a new seven passenger Commander Eight sedan priced at \$1635 and a President limousine at \$2175, thus adding two new units to its eight cylinder lines. Studebaker is selling more eight cylinder automobiles than any manufacturer in America or foreign countries.

Price reductions on the President Eight (135 inch wheelbase) range from \$155 to \$225 on four models. On the 125 inch wheelbase, President model reductions range from \$20 to \$50, on five types.

In the Commander Eight line, reductions range from \$20 to \$100, on ten models and Commander Six reductions range from \$50 to \$105, on eight cars of different types.

Dictator Eight reductions are from \$50 to \$100 on three sedans and touring car.

Infants' Hosiery is another item added to the values shown at the Retail Store of Thomas Dalby Company in the Chase Building on Pleasant St. All the wanted qualities from Mercerized to Silk and Wool and all Wool stockings for infants can be bought at substantial savings.—Advertisement.

### PARAMOUNT-NEWTON

Theatres in this community will see for the first time at popular prices, "Noah's Ark" at the Paramount Theatre Newton next week, coming Wednesday and remaining until Saturday.

Stupendous in conception, the production was more than three years in the making and includes in the cast 10,000 extra characters. The story which was written by Darryl Francis Zanuck, touches those moments of cataclysmic power between which lie fifty centuries. The characters play their parts in the soul-trying moments at the beginning of the twentieth century and are wafted back to the days of Noah—to vast scenes of heathen debauchery—to the building of the Ark dark terror of rising waters which destroyed all but the family of the patriarch. The cast includes Dolores Costello, who is starred with George O'Brien, Noah Beery, Louise Fazenda and a score of other characters 300,000 tons of water were released from a specially made reservoir for the flood scene and is the most realistic flood scene ever produced.

The first part of the week Bessie Love and Conrad Nagel will be seen in "The Idle Rich" a play taken from the stage production of "White Collars" which had long runs in every big city in the country including Boston. The picture is rich in both laughter and tears, Bessie Love's performance is said to be by those who have seen the production on par with her success in "Broadway Melody" Conrad Nagel is an old and favorite veteran of the screen.

The co-feature for the first half of the week will be "The Far Call" a story of the frozen north with its usual thrills, and a very enjoyable romance intermingled.

The first Paramount Sound News reel will be seen Sunday, Monday, Tuesday and Wednesday.

## Several Are Injured In Five Accidents

Newton Man Hurt Alighting From Street Car

As Marie Donnellan of Bacon street, Waltham, and John Moore of River street, Cambridge, were proceeding to work last Friday morning at 7 on California street, Nonantum, they were struck by a car operated by William Gauthier of Chester avenue, Waltham. Both received slight injuries. The accident occurred near the plant of the Earnshaw Knitting Company.

A car driven by Mrs. Rose Downing of 21 Bonwood street, Newtonville, got out of control on Madison avenue last Thursday and crashed into a tree and pole. Joanna Kenney, who was riding with Mrs. Downing, was severely injured. She was taken to the Newton Hospital to be treated for a possible fracture of the jaw and multiple cuts and bruises.

A truck owned by the Newton Ice Company and operated by Edward Bradley of 57 River Ridge road, Wellesley, crashed into a sedan near the Wales street bridge at Lower Falls last Friday and then tipped over. The sedan was driven by Carl Terhune of Lexington. Bradley was slightly injured when he was thrown from the truck. He was arrested later by Patrolmen Mullen and Brayton charged with driving while under the influence of liquor and he will be tried on August 21.

Benjamin Freeman of Orchard street, West Newton, was hit last Friday on Cambridge street, Brighton, by an automobile operated by Harriett Pingree of Prescott street, Cambridge. Freeman was struck as he alighted from a street car and knocked unconscious. He was taken to St. Elizabeth's Hospital.

Wednesday evening, cars driven by Edward Copp of Perthshire road, Brighton and John Ledwith of Myrtle street, West Newton, collided on Washington street, West Newton, opposite Hunt's drugstore. According to the police report Mrs. John Ledwith received injuries in the accident.

### PEACH STONE KILLS BABY

Mario DeMaio, the 20 months' old son of Mr. and Mrs. Andre DeMaio of Beecher terrace, Newton Centre, died on Sunday as a result of a peach stone becoming lodged in his throat. The child swallowed the stone and when he started to strangle, the parents summoned a physician who rushed the baby to the Newton Hospital. Before the stone could be removed the baby died.

## City's Debt Jumps Nearly Half Million

Per Capita Debt Is Highest Since 1909

A report recently issued by Comptroller of Accounts, Daniel White, shows that the debt of the city at the close of the year 1928 was \$5,133,244.31, an increase of about \$488,000 over the figures of the preceding year. The per-capita debt of the city, based on a supposed population of 55,000 was \$93.49. This is the highest since 1909 but is well below the per capita debt of other years. In 1898 the per capita debt was \$132.52. According to the accompanying table the lowest per capita debt in late years was in 1918 when the debt had been so reduced that the per capita was but \$47.38.

A comparative table of the city's net debt, population and per capita debt, from 1898 to and including 1928 follows:

Year	Net Debt	Pop.	Per Capita
1898	\$4,293,800.00	32,400	\$132.52

## Two Teams Still In Championship Race

Important Games To Be Played Tonight and Tomorrow

By winning its three games this week the Nonantum A. A. passed the Upper Falls A. A. to take first place in the City of Newton Amateur Twilight League race for the championship of the city and the fourth leg on the Graphic Cup. The real battle for the flag will take place this week-end. Tonight the Upper Falls will strive to get back into the running on its home field where it faces the league leaders in the first of two vitally important games. On Saturday the same teams will meet at Victory Field. In addition to its two games with Nonantum the Upper Falls nine has three other games remaining on its regular league schedule to be played. Nonantum will have one left tomorrow night. If a winner is not decided by that time it will probably mean the playoff of the postponed contests. The league's schedule is slated to end Tuesday night.

A week ago the Upper Falls team was leading Nonantum by a half a game. Friday night the Newton Centre Cardinals shut out their South Side rivals 5 to 0. This defeat hurt the chances of the Upper Falls outfit considerably. While Newton Centre was blanking the Falls the Nonantum team defeated the Newton Town Team, 6 to 1, to jump into the lead. On Monday Nonantum took Lower Falls into camp by a 4 to 1 score.

Tuesday night Nonantum and Upper Falls staged another of their close and exciting games at Victory Field with darkness being returned the winner while the score was still knotted at 3 runs each. The fans of the city are certain to see a real ball game when these two teams get together. They have played several tie games recently.

Upper Falls kept in the running by blanking Newton Centre on Wednesday night, 3 to 0, and avenging its defeat by the Cardinals last week. Lower Falls and Newton Centre will play at Lower Falls on Sunday afternoon in another regular league tilt. The standing to date is:

	W.	L.	P.C.
Nonantum	17	4	.809
Upper Falls	15	4	.789
Lower Falls	11	10	.524
West Newton	9	10	.473

## ABOUT TOWN

By Edw. H. Powers

We have been asked to comment on the practice of some autoists who travel easterly along Washington street on the car tracks passing other cars on the right without sounding the horn. This practice causes many near-collisions.

Another complaint received concerns the menace occasioned by speeding automobiles around the sharp curve on Charlesbank road near Russell road at Newton Corner. Some autoists take this curve so recklessly that cars are driven onto nearby lawns and the lives of children endangered.

A sidewalk is being constructed in front of the new quarters of Engine 1 at Washington street and Centre avenue, Newton Corner. It follows the curve of the present open space and will not afford proper protection to pedestrians travelling to and from the railroad station. They will still be exposed to automobiles being driven around the former intersection of these two streets. Chief of Police Burke is going to recommend that domes be placed at this location to define the courses to be followed by cars making the turns at this heavily travelled point.

The Metropolitan District Commission is making extensive improvements in the park area on the south side of the Charles River between Newton and Faneuil. This former salt marsh has been drained by a number of lines of large pipes and the soil has been plowed up. Hundreds of truck-loads of stones and gravel have been mixed in with the sour soil at the area to permit the planting of grass, shrubbery and trees there. This area will be developed into one of the most attractive parks in the Metropolitan District.

Another complaint made to the GRAPHIC is about the growing practice of permitting signs to be attached to trees and city-owned posts along car streets. Many signs may be seen advertising "Houses For Sale." On Lincoln street, Newton Highlands, such signs invite the public to "Have a Look." The person making the complaint thinks that such signs should be removed.

The writer returned from his annual vacation this week. One week was spent on Cape Cod which is as delightful as ever—the only thing there to mar an otherwise perfect vacation country being, as usual, the mosquitoes. The towns along the Cape ought to be by some means or other attract to that region each summer an army of bats (the winged variety) to war on the mosquitoes.

After returning from the Cape we returned, the latter part of last week, for New Hampshire to spend a quiet week-end. According to plans this was to have been spent near Newfound Lake. Upon arriving at the lake we found it to be much under its normal level because of the long drought and as we have a peculiar antipathy against observing water at a low level we motored on through Plymouth, through Franconia Notch, through Littleton and on to Saint Johnsbury. There we stopped for a light lunch and continued on, as darkness fell, to reach Willoughby Lake where we expected to find a lodging for the night.

Unfortunately for our plan, a new road has been constructed between West Burke and Newport since last we visited this region. It is now the principal highway for motor cars and in the dark we drove along it supposing we were headed towards Willoughby Lake. This road landed us in Barton, Vermont, north of the lake, so we continued on to Newport, Vermont. There we hired a room in a small hotel adjoining the railroad station. Had we realized that the Canadian Pacific railroad operated so many locomotives into and through Newport during the late night and early morning hours we would have bunked (Continued on Page 4)

## Field Days To be Held On Local Playgrounds

Model Aeroplane Competition at High School Grounds

The playground department has arranged a series of field days at the various playgrounds throughout the city which will take the place of the usual pageant and field day of all the playgrounds. These field days will take place next week beginning Monday and continuing through Saturday. The festivals on the Boyd, Thompsonville and Lower Falls playgrounds will be held in the evening while those on the remaining playgrounds are scheduled for the afternoon. The afternoon affairs will start about two o'clock and the evening affairs at six-thirty. Parents and others interested are urged to attend.

There will be an exhibition of handicraft, folk dancing, games and some special competitions for which small prizes will be given. On Wednesday afternoon at 1:30 o'clock the first model airplane competition will be held on the high school grounds in Newtonville. There will be different classes for the various models which the boys of the city have constructed themselves.

The schedule of the field days follows:

Monday, Aug. 19, afternoon—Newton Centre, Horace Mann, Cabot, West Newton.

Tuesday, Aug. 20, afternoon—Newton Highlands, Victory; evening—Boyd.

Wednesday, Aug. 21, afternoon—High School Aeroplanes; 1:30, Eden Avenue, Hawthorn; evening—Thompsonville.

Thursday, Aug. 22, afternoon—Auburndale, Waban, Stearns; evening—Lower Falls.

Friday, Aug. 23, afternoon—Upper Falls.

Saturday, Aug. 24, afternoon—Burr (Read Fund Picnic).

The annual Read Fund Picnic will be held on the Burr Playground, August 24th. The Read Fund Trustees have again authorized the Playground Department to conduct this picnic for the children of Wards 1 and 7. All school children under the age of sixteen may attend this picnic providing they secure a ticket. An interesting program has been arranged. There will be several numbers by professional entertainers, the local children will give a number of plays and dances. There will be athletic contests both individual and in groups. Ice cream, tonic and chocolate bars will be served. The afternoon program will start at 1:30 o'clock.

Tickets will be given out in the Burr Playground Building beginning Monday, August 19th from 10 to 12 in the morning, 2 to 5 in the afternoon and 7 to 8 in the evening and every day next week except Saturday.

## Lawn Party To Aid Children's Hospital

Brilliant Affair To Take Place at Falmouth

Interest on the Cape is centering on a Cabaret under the auspices of the Helvidere Plain Association of Falmouth. It will be held on the evening of August 23rd in the garden of "Broadlawn" the summer home of Mr. and Mrs. John F. Capron of Newton Centre.

The chorus numbers, originated and directed by Mr. C. Hassler Capron, producer of the "Rainbow Revues" will be given by the young people of the summer colony, the Misses Jane, Mary and Florence Oswald of Brookline, Clarice Palmer, Brookline, Dorothy and Marion Tufts, West Newton, Alice Mahady, West Roxbury, Janet and Helen Gale, Belmont, Ruth Nicholson and Lillian Lencit, Summit, N. J.

"Little Red Riding Hood," a popular juvenile number of the "Rainbow Revues" will be given by the following children:—Nancy Baker, Helen and Ann Mitchell, Elizabeth Young, Florence Collins and Eleanor Samson.

The orchestra, furnished through the courtesy of Mr. and Mrs. Webster L. Draper, is directed by Mr. Paul Velucci, who is connected with the Music Department of Sarah Lawrence College, Bronxville, N. Y.

The soloists will be Mrs. Elon G. Pratt, Mrs. Moses H. Gulesian, Miss Carolyn McClellan, Miss Lillian Lencit, Mr. Ranny Weeks and Mr. John Lockwood.

## Will Celebrate First High Mass In Newton

Rev. E. F. Donahoe, Recently Ordained at Edmonton

Rev. Edmond F. Donahoe, son of Mrs. Catherine Donahoe of 31 Wiltshire road, Newton, and of the late Thomas C. Donahoe, was ordained to the priesthood on August 11th at Edmonton, Alberta, by Archbishop O'Leary. He celebrated his first mass in that city on August 12th. Rev. Fr. Donahoe was born in Rosemeath, Prince Edward Island and studied at St. Dunstan's University, Charlotte-town, and at St. Joseph's Seminary, Edmonton. He will celebrate his first high mass at the Church of Our Lady, Newton, on Sunday, August 25.

He has two sisters in religion, Sister Edmond Marie of the Sisters of Notre Dame de Namur who is stationed at Lawrence, and Sister Mary Irma who is at the novitiate of the Order of Mercy at Danville, Rhode Island. He will leave for Rome next month to continue his studies.

There will be a benefit sale on the grounds from 7 to 8:30 p. m. of soft drinks, ice cream and candy, under the direction of Mrs. Paul A. Peters. The settings will be the natural background of the garden, with electric illumination and spectacular lighting effects for the performance. An unusual and brilliant affair is expected.

### TOWN CLUB EVENS WALTHAM SERIES

The Newton Town Club and the Waltham City Club staged a hectic battle on the West Newton Common last week Friday night with the locals emerging a 9 to 7 victor in a five-inning game. By winning the Newton nine evened its series with the Watch City outfit at two games each. The fifth and rubber contest will probably be played next week.

Bob Pickard, former Newton high star, was on the mound for the home outfit and was in fine fettle until the fifth inning when he developed a streak of wildness, passing three men which forced two runs across the plate and permitting the visitors to tally five runs before the side was retired. This five-run spurge knotted the score at seven all as the Town Club had scored four in the second and three in the third while Waltham was picking up single tallies in the third and fourth. In the last of the fifth Johnny Mullen poled out a home run with one man on base to give Newton its winning margin.

With runners on first and third and a double steal started Newton off and upset pitcher Bill Bright of the Waltham team. Four singles in rapid succession pushed over three more runs before the third out was made. Collins' fluke single, a wild throw, an infield out and a wild pitch gave Waltham a run in the third.

Newton retaliated by driving Bright from the box in the last of the third. Davan tripled, Wilson fanned but Sullivan singled to score Davan. Pickard drew a pass and both moved up on a wild throw. Mullen singled to score Sullivan. Donahoe relieved Bright but Proctor's fly scored Pickard to place the score at 7 to 1. Dick Stumpf, Waltham catcher, hit a home run to cut the lead down a bit in the first of the fourth.

Waltham's first batter in the fifth fanned. Hanney tripled but Gumbert fanned for the second out. Then the fireworks started. Two singles and a pass filled the bases after Hanney had scored on the first hit. Barnes and McGilivray both drew walks to force in two more runs. Collins singled to drive in two more runs before Pickard bore down to fan Swanton for the second time in the frame and end the rally with the score tied.

In the last of the fifth, Wilson was safe when Maher dropped his grounder. Sullivan fanned and Pickard flied to Collins before Mullen came up to slam the ball into the street for a circuit clout. The game was called then because of darkness.

### SPORT NOTES

#### Noble Defeated in National

Arthur Noble of Newton Centre, New England, Canadian, and New Hampshire junior tennis champion, was seeded seventh in the national junior tournament at Culver, Ind., this week. The local youth won his first and second round matches without much trouble but was the victim of an upset in the third round on Tuesday. He met Fred Roll of Philadelphia and was decisively beaten 6-1, 6-2.

#### Nonantum Trims Police Nine

The Nonantum A. A. contenders for the two-league championship of Newton, defeated the Newton Police nine last Sunday afternoon, 6 to 3, on the West Newton common. McDonald and McLean were the Nonantum battery and Connolly and McHugh for the police. Both teams played erratically in the field with the police making five errors and Nonantum four. Nonantum staged a three-run rally in the ninth to tuck the game away.

#### Town Club Nosed Out

Monday evening the Newton Town Club was nosed out by the Chemistry A. C. of Waltham when the latter staged a four-run rally in the first of the fifth inning to win 6 to 5. Harold Andres, Newton and Dartmouth star athlete, who is catching for the Town Club, was the local batting star with two doubles in three times up. The local outfit scored twice in the first, twice in the second and once in the third to take a 5 to 2 lead. With the bases filled in the first of the fifth Davan, Waltham shortstop, hit a home run to win for the Chemistry team.

#### Jarrell Defeated in Final

Oscar Jarrell of Newton Centre was defeated in a final round match of the North Shore championship tennis tournaments at Swampscott yesterday by Edward Fuller of Salem. Fuller's victory was in straight sets, 6-2, 6-0. Jarrell scored the first upset of the tournament in the second round by eliminating Peter Leventritt, second seeded player. He waded through his other opponents in decisive fashion to reach the final round.

#### Golding's Hitting a Feature

One of the outstanding features of the baseball season this summer has been the remarkable hitting of Lew Golding of the Newton Centre Athletics. Golding has hit safely at least twice in every game the Athletics have played. Last week Thursday the Newton Centre team nosed out the West Newton Town Team, 7 to 6. Don Wilson, former Newton high star pitcher, was on the mound for the West Newton team and was pitching good ball until the last two frames when the Athletics found their batting eyes to score five runs and eke out a one-run margin.

#### Reilly Going Good

Bill Reilly, Newton high pitching ace the past two seasons, has played a prominent part in the successful season of the Newton Town Club. He has done the bulk of the pitching and together with Harold Andres, former Newton high athlete, now a Dartmouth student, who has been filling the berth behind the bat in his customary style, comprise the Town Club's leading battery. Johnny Mullen in the outfield and Arthur Wilson at third and second base, both of the 1928 and 1929 Newton High Suburban league champions, are other members of the team.

#### Flower Headquarters

The Scilly Isles ship 35 tons of flowers every day when the season is on.

## NEW CHAMPION IS ONLY SIXTEEN

Bill Donnelly, the new state junior golf champion, will have two more cracks at the title which he won last Saturday on the Brae-Burn course, as he is still in his sixteenth year. If he should repeat in 1930 and 1931 he will be the first junior to win the championship three times. Wright and Lowery won the crown twice but thus far no one has been able to annex it three times. Donnelly is a member of the Newton High school golf team which has been making a remarkable team record in interscholastic golf circles for some years.

In winning the crown last week Donnelly, whose home course is the Woodland, met and defeated some of the leading young golfers of the state. In his early round matches he disposed of Arthur McCarthy, North Shore; Joseph Kisel, Holyoke; and Preston L. Cushing of Brockton to enter the semi-final bracket. His margin over McCarthy and Kisel was six holes each. In the semi-final round he eliminated the prime advance favorite, Joe Lynch, by reason of a driving finish. He outplayed Lynch going out but fell off on the home stretch to permit Lynch to even the match at the 17th hole. Crashing through with a birdie three on the final hole the Woodlander called the turn on the Albemarle lad.

Meanwhile "Bunny" Emerson, whose rapid rise in junior golf has been remarkable in such a short time, was advancing in the other half of the tour-

ney in a similar fashion. Saturday the pair met in the final round for the title. Both were considerably nervous and somewhat off their game. Donnelly was on the defensive most of the way and deserves no little credit for his unflinching play when shots counted. His competitive ability gave him the necessary nerve to keep within striking distance all the time. Going to the 14th tee the new champion was two down with five to play. Here it was that Donnelly showed his ability while Emerson cracked slightly under the strain to allow his lead to melt away. Donnelly won the 17th to give him a one hole margin and then holed a nice putt on the final hole to halve it and clinch the match.

Emerson has another year in the junior ranks and it may be his turn in 1930. He showed himself to be a promising contender and should be heard from many times in the future.

### SPORT NOTES

#### Powers in Cleanup Berth

Johnny Powers, local athlete, who is playing third base for the Nashua team of the New England league, has been moved up in the batting order to the cleanup position. Powers is hitting well and driving in many of the Nashua team's runs.

#### Auburndale T. T. Loses

The Auburndale Town Team lost a 4 to 10 game to the Graphic Arts nine last Saturday afternoon on the Auburndale diamond. Gilbert and Valley were the local battery.

### POLICE NEWS

Pasquale Gregorio of Watertown street, Nonantum, ran into "tough luck" at Waltham on Monday night. As he was driving his automobile on Calvary street in that city the gas tank became empty and the car naturally stopped. Pasquale had to walk a considerable distance to a filling station to obtain more gasoline. When he returned to his car he discovered that thieves had done rapid work. The tires had been removed from all four wheels and for good measure the spare tire was also stolen.

James Hardcastle of 384 Armory street, Jamaica Plain, was fined \$210 in the Newton court on Tuesday for violating several automobile laws. He appealed and was returned to the jail at East Cambridge where he has lingered since arrested on August 5th by Patrolman Cain near Chestnut Hill. Hardcastle was found guilty of stealing an automobile and fined \$50; operating while under the influence of liquor, fine \$100; operating after his license had been suspended, fine \$50; operating without a license, fine \$5; operating without a registration, fine \$5.

Fabio Malgieri of 402 Langley road, Newton Centre, was in the Newton court on Tuesday charged with annoying a person of the opposite sex. His case will be tried on August 21.

Norman Roising of Central avenue, Needham, was fined \$10 in the Newton court on Friday for driving at night without proper lights. The following were fined \$10 each for speeding—Parker Smith, Holliston; Edmund Avalonne, Somerville, who appealed; Justice Coutland, Hingham. Seven autoists were fined \$5 each for not obeying the STOP signs before entering Washington street. Included among them were Robert Lindquist, 270 Cabot street, Newtonville; Gaetano Gaglio, 240 River street, Waltham; Sigfried Witterling, Belmont street, Watertown.

Daniel Malkasian of 1276 Boylston street, Upper Falls, was given a three months' suspended sentence in court Friday for committing assault and battery on his wife.

Friday afternoon Motorcycle Officers Dowling and O'Donnell arrested Harry Larrom of Shawmut avenue, Boston, on the charge of vagrancy. The same afternoon Patrolmen Feeley and Garquin arrested Frank Collier of Marblehead and Edward DeRoy who said he had been an inmate of Concord Reformatory on a similar charge. The trio were in the Newton court on Saturday and the charges against them placed on file. In court the same day Dr. Roy Morse of Framingham and Bartoli Natoli of Moody street, Waltham, each was fined \$5 for entering Washington street without heeding the STOP signs.

Francis Gtman of Chestnut street, Waltham, was sentenced to three months in jail by Judge Bacon in the Newton court on Monday for larceny of an automobile tire. He appealed. In connection with this same theft Charles Hill of Gorham street, Waltham, received a suspended sentence of three months and three other Waltham youths were given suspended sentences of one month each. The five were arrested early Monday morning by Patrolman Goodale.

In the Newton court on Wednesday three autoists were fined \$5 each for failing to observe the STOP signs along Washington street. The three were—Richard Dunn, 49 Summit street, Newton; John Peel, Hamblin road, Waltham; Joseph Bouchard, Dorchester. The Metropolitan police had a bunch of autoists in court for ignoring the rule which forbids automobiles from the Forest Grove Reservation at the Newton-Waltham boundary on the Charles River. Those fined \$5 each for this offense were—James Murphy, Lewis terrace, Newton; Richard Tierney, 391 Lexington street, Waltham; John Kee, School street, Waltham; Ralph LaFrane, 85 Alder street, Waltham; John May, Weston street, Waltham.

### LODGES

Garden City Enc. and Waltham Enc., I. O. O. F., will hold their thirteenth annual Clam Bake August 17 at the farm of Brother Holshire in Sudbury. The afternoon will be spent in sports and a ball game after which the bake will be served. The members of both encampments are looking forward to this, their annual outing.

Infants' Hosiery is another item added to the values shown at the Retail Store of Thomas Dalby Company in the Chase Building on Pleasant St. All the wanted qualities from Mercerized to Silk and Wool and all Wool stockings for Infants can be bought at substantial savings.—Advertisement.

# Babe Ruth knocks out that knock WITH TYDOL ETHYL ZERO KNOCK RATING GASOLINE

*"There are lots of noises I like. I'd be dumb if I didn't like to hear the fans shouting. I like the crack of the ball when it connects with the bat. I like the sizzle of a steak in a frying-pan. But the one noise I don't like is the knock in my motor. That drives me wild. Not only does it take all the pleasure out of motoring, but it costs a fortune in repair bills. Since I've been using the new TYDOL ETHYL I haven't heard a single knock."*

*Babe Ruth*

### KNOCK RATING OF 6 PROMINENT PREMIUM GASOLINES

These 3 cent premium gasolines were tested on the Midgley (Bouncing Pin) Indicator according to an established standard scale over a period of 6 months, from Nov., 1928, to May, 1929, with the following results:

	MINIMUM KNOCK RATING	MAXIMUM KNOCK RATING	AVERAGE KNOCK RATING
Fuel A . . . .	6 . . . .	10 . . . .	9
Fuel B . . . .	5 . . . .	13 . . . .	8
Fuel C . . . .	0 . . . .	5 . . . .	2½
Fuel D . . . .	3 . . . .	7 . . . .	6½
Fuel E . . . .	3 . . . .	5 . . . .	4½
TYDOL ETHYL 0 . . . .	0 . . . .	0 . . . .	0

The Babe knocks the well-known pill out to the far corner of the lot, and the fans go wild.

But when the Babe's motor starts this knocking business, then the Babe goes wild.

But not for long . . . because he knocked out that knock in his motor with more ease than he knocks out a homer on the diamond . . . knocked it out to the far corners of nowhere . . . with TYDOL ETHYL. This super-fuel is a combination of *Hi-test* TYDOL with its power, liveliness, instant starting, and ETHYL, with its anti-knock feature. All the dash of one . . . all the quiet of the other . . . together. And its knock rating is ZERO! Absolute ZERO!

## EDITORIAL

If Mr. Louis K. Liggett a member of the Republican National Committee is correctly quoted in the newspapers, in attributing in a recent speech at Fall River one of the causes of the defeat of Hoover in Massachusetts last fall, to the direct primary, he should be reminded that the direct primary applies solely to the nomination of party candidates, and not to the ensuing election. We agree entirely with Mr. Liggett that the direct primary has not proved to be a panacea for our election shortcomings, but we have failed to see any action taken by Mr. Liggett or the officers of the Republican State Committee to remedy the situation. In our service in the legislature we found the Republican members of the committee on Election Laws lacking in backbone where amendments to the direct primary law were under consideration. We suggest to Mr. Liggett that he use his powerful influence with the legislature of 1930 to take appropriate action on this matter.

## JULY HEALTH REPORT

The July report of the Newton Health Department revealed that the number of deaths for the month was the lowest in many years. But 22 persons died in the city during the month as compared with 49 for the corresponding month last year and 44 the preceding month. Communicable diseases reported during the month included 18 cases of whooping cough, 4 cases of chicken pox, 3 of measles, 3 of mumps and 2 of tuberculosis. Of the deaths three were caused by heart ailments and three by apoplexy. The sanitary activities of the Department included the investigation of 16 complaints, abated 12 nuisances and made 100 inspections. Five dairies were inspected during the month and the same number of markets and bakeries. The nurses connected with the Health Department made 85 visits to tuberculosis patients during the month.

## MASSACHUSETTS GAS COMPANIES

Kidder, Peabody & Company are notifying preferred and common stockholders of the Massachusetts Gas Companies that having, with some of their friends, in September, 1929, formed the Massachusetts Gas Companies and having been closely associated with that organization ever since, they approve the recent offer of the Eastern Gas & Fuel Associates (Koppers Co. interests of Pittsburgh, Pa.) and believe that it is in the interest of all Massachusetts Gas stockholders to accept it. They also offer assistance to stockholders in making the exchange.

Mr. James L. Richards of Newtonville, president of the Massachusetts Gas Companies, has been elected a member of the executive committee of the Eastern Gas & Fuel Associates.

## GRAF ZEPPELIN TRIP ADDS "ZEP" TO EVANS CONTEST

During the past few days a great deal of interest has been shown in the flights made by the giant Graf Zeppelin from Germany to Lakehurst, N. J., and the beginning of the first leg of a trip around the world by this mammoth ship of the air. In Water-town a Zeppelin trip is being made by the C. M. Evans Tire Co. which carries the Evans Tire Co.'s Zeppelin from Akron, Ohio, to Los Angeles, thence to Australia and back by the way of Northampton, England, and Toronto, Canada. Unlike the Graf Zeppelin this flight is carried on by tire sales, and this long trip has many competitors instead of only the competition of time. There are seven thousand Goodyear dealers entered in this Zeppelin race which started July 1 and is to take nine weeks to make the trip. The winners are determined by the number of tires sold by each dealer and one hundred sixty-nine winning dealers are to be entertained at the Goodyear Tire Co. at their factories in Akron, Ohio, after the race is completed.

At the present time the C. M. Evans Tire Co. stand in the first ten of these seven thousand dealers and expect to make such outstanding sales in the next three weeks and become one of the winning dealers to make the trip to Ohio.

Mr. Evans in talking with M. R. Spry, Boston branch manager for Goodyear, learned that public preference helped that branch to deliver in July several thousand tires more than any other month in the history of the business.

## ABOUT TOWN

(Continued from Page 1)

more remotely from the railroad terminal and obtained some sleep. The following morning while getting some gasoline at a filling station we met a resident of Arlington street, Newton, who had been spending his vacation with relatives at Newport. We confided to him that inasmuch as we were but eight miles from the Canadian border we intended to proceed to Derby Line and enter the Canadian part of that town, Rock Island, to pay a brief visit to another "filling station." Which we did. Entering the tavern conducted under the official supervision of the Quebec Government we ordered one bottle of ale. "Here," we thought, "we will quaff some good malt liquor." We drank some of the bottle of ale. We faltered. Somehow, or other, this ale did not taste so good. We ordered a ham sandwich, thinking that by eating this viand we might finish the bottle of ale. But we flunked. Even with the assistance of the ham sandwich we could not finish the one bottle of ale. And so we meekly returned to the United States—and college ices.

As we motored through Burlington on the Lowell turnpike the other day a freight van approached us bearing the ingenious legend in large letters painted across the top of the cab, "Here Comes Cohen." And Cohen passed by us, an energetic appearing person, obviously of Semitic extraction, wearing the garb of a hard-working truckman. We had never seen Cohen before but we wished him success as he travelled by. Unlike some, Cohen is not ashamed of his ancestry. He has not discarded the familiar old Jewish name he bears for one which belongs to the aristocracy of English extraction, who pioneered this region in Colonial Days. More power to Cohen and to those of every racial group in this country who are not ashamed of their ancestors and who disdain attempting to succeed financially and socially by pretending to be what they are not.

We stopped in Orleans, Vermont, the other night to obtain some gasoline. In the little business section of this small town a considerable group was gathered about a gaudily painted motor vehicle on which was a callopie. Presently the callopie, from which old, familiar airs had been emanating, ceased to diffuse music for the delectation of the appreciative audience and an elderly man arrayed as a cowboy of the old "Wild West" started to inform the assemblage of the wonderful properties of a medicine which he would condescend to sell for a price greatly incommensurate with its value. He was the first "medicine man" we had seen for many, many years and memory brought us back to the nights when the yokels of Newton Corner would gather at Nonantum Square, about where the safety island is now located, to enjoy the talent of some ventriloquist, banjoist, comedian, or other entertainer and then be cajoled into buying some wonderful medicine that was guaranteed to cure every ailment from callouses on one's feet to dandruff on one's scalp. Many of those who bought the "cure-alls" in those old days knew that the stuff was of little or no value, but they were so appreciative of the entertainments which the medicine shows presented that they bought the nostrums just to be good sports.

The Kickapoo Indian Medicine Company was the "big-time" medicine show outfit of those days. The units of this concern would remain some times for weeks in a town. Some medicine shows included in their personnel "doctors" who extracted teeth for a slight consideration—and without pain (to the extractor). Some of the "doctors" who presided over medicine show outfits displayed in glass jars tape-worms of terrifying length; evidence of the curative effect of the medicine sold. Local sceptics loudly asserted that the alleged tape-worms were macaroni.

## CITY HALL NOTES

On August 22, the North Shore Club of the Massachusetts Highway Association will be the guests of the City of Newton at a meeting to be held at Norumbega Park. About 100 members with Street Commissioner George E. Stuart will have luncheon at 2 o'clock in the Park restaurant, and after luncheon will attend the afternoon performance in the theatre. Mayor Edwin O. Childs will receive the guests.

## Recent Engagements

Mr. George W. Gupitt of West Newton has announced the engagement of his sister, Miss Mildred H. Gupitt to Kenneth P. Burk, son of Mr. and Mrs. Milton J. Burk of Faneuil. Miss Gupitt was graduated from the Newton Hospital Training School for Nurses in 1923.

Mr. Burk is a graduate of Boston University, College of Business Administration, class of 1925. He is connected with the National Shawmut Bank of Boston.

## POLICE NEWS

The inspectors' room at Police Headquarters resembles a second-hand clothing store. Large quantities of men's apparel, mostly of superior quality is on display. It comprises part of the supply taken from the rooms of Michael Costello at 518 Walnut street, West Newton, and Nellie Moore of 407 Cherry street, West Newton. The police allege that the clothing was stolen by the woman from various houses where she was employed and turned over to Costello. Many articles have been claimed by persons from whose homes they are supposed to have been stolen, but much more of the alleged loot awaits identification by the supposed owners.

In the police court yesterday Russell Burnett of Crofton road, Waban, was fined \$10 for driving an automobile after his license had expired. Ruth McNaughton of Locust road, Wellesley, was fined \$5 for not stopping before entering Washington street.

Monday was "speeders' day" in the Newton court. Those fined \$10 for driving too fast included—William Linnehan of Walnut street, Wellesley Hills; Robert Mallinson of Wellesley, Joseph Creney of Brookline, James Matthews of Westbourne terrace, Brookline and Burt Hogan of Allen place, West Newton. James McIntosh of 39 Woodward street, Newton Highlands, was fined \$15. Clifford McIntire of 43 Colburn road, Wellesley Hills, had the doubtful distinction of being found guilty on two charges of speeding. Officer Hamill testified that he had stopped McIntire for speeding and that after he had taken the Wellesley Hills man's name and address McIntire started off and again started to drive at too fast a rate. McIntire was fined \$10 on the first count and \$25 on the second.

In court on Monday Chester McRae of 331 Crescent street, Waltham, was fined \$10 for driving his car at night without proper lights.

Nellie Moore of 407 Cherry street, West Newton, arrested by two patrolmen on the charges of having looted thousands of dollars worth of clothing from houses in this city where she had been employed was in the Newton court yesterday. On the request of her attorney, former District Atty. O'Brien of Suffolk County, the amount of the woman's bail was reduced from \$5000 to \$3000. O'Brien explained that the smaller amount could be secured as surety and would thus permit the woman to have her liberty pending the date of her trial on September 13. She had been confined in jail at East Cambridge. Chief Burke opposed the reduced bail, wanting her kept in custody. A number of the supposed owners of the articles alleged to have been stolen by the defendant are away for the summer so Chief Burke asked that the case be continued until September 13 to permit these people to have an opportunity to inspect the loot and identify property.

Michael Costello of Waltham street, West Newton, arrested as the woman's accomplice and as the receiver of much of the stuff she is accused of stealing will also be tried on September 13. He has been free on bail.

## TO HAVE SEPTEMBER WEDDINGS

Miss Alice Durell Loveland, daughter of Mr. and Mrs. Frederick H. Loveland of Newton and North Chatham, will be married to David Whiting, Jr., on Monday, Sept. 2, in the Congregational Church at Chatham. Mr. Whiting is the son of Mr. and Mrs. David Whiting of Wilson, N. H., and is a graduate of Harvard. Miss Loveland was graduated from the Winsor School and studied later in Italy. The engagement was announced last fall.

Another September wedding of interest to Newton people is that of Miss Helen Tilton, daughter of Albert G. Tilton of 48 Old Colony road, Chestnut Hill, to Albert B. Terkelsen on Saturday the seventh. Miss Tilton was graduated from Simmons last June. Mr. Terkelsen, who is the son of Mr. and Mrs. Andrew B. Terkelsen of 12 Bradford road, Newton Highlands, attended Boston University, College of Business Administration. The engagement was announced last January at a tea given in the Hotel Westminster.

## BROADWAY, N. Y., IN 1830

Broadway had as much importance as a thoroughfare in 1830 as it has now. All the business of New York City was carried on in that street. The above picture shows the means of transportation—the horse-car. In the background is St. Paul's Church, which still stands in its original site.

The simplest service is marked by a charm and dignified quiet that is characteristic of all our services.

### WICKED ANY DAY

"I hear Mr. Brown plays golf on Sundays," she remarked to her husband.

"Well, what of it?" commented the latter.

"Why, I think it's dreadfully wicked."

"Wicked! It's wicked to play the kind of golf Brown does on any day of the week!"—Montreal Star.

### Gone Boom!

My bonnie leaned over a gas tank. The height of the contents to see. He lighted a match to assist him—"Oh, bring back my bonnie to me."

### Same Old Game

She—in olden times, when a man had a favor to ask of a girl, he went on his knees.

He—Much the same nowadays. When a girl has a favor to ask of a man, she often does the same.

She (incredulously)—Goes on her knees?

He—His.

### Paid for Their Own Comfort

"How could you afford to send your daughter abroad to continue her musical education?"

"Huh! It didn't cost me a cent."

"How does that happen?"

"The neighbors sent her. I didn't. Though I wanted to, I'll admit."

### Take It or Leave It

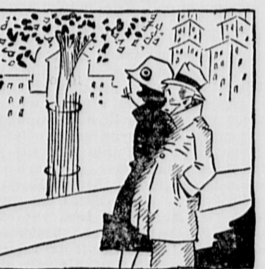

The Installment Buyer—How much is this hat?

Clerk—It is \$10 cash.

Mrs. I. B.—And how much by installments?

Clerk—Fifteen dollars. Ten dollars down and one dollar a week for five weeks.—The Outlook.

### FRIED CRISP WITH EGGS

Miss Belle Letters—How do you like Bacon, Mr. Smith?

Mr. S. (more given to eating than reading)—Fried crisp with eggs, Miss Belle.

### Equipped for the Job

The Boss—"Can't take you on as a collector. You have a criminal record as a stickup man."

The Applicant—But think of my experience. Day or night, with my little gut, I always got the money.

### Caged

The Dowager—What has become of Mr. Gadsbourn? He used to be quite a society lion.

The Old Tea Hound—He doesn't go out any more. He married a society lion tamer.

### Preferred Her, Anyway

Youth—I would like to marry your daughter, Mr. Lamb.

Mr. Lamb—My friend, I—I think you had better meet my wife first.

Youth—I have, sir. And I still want to marry your daughter.

### Whew!

Wife (playfully)—Guess who this is! Husband (anxiously)—Edna?

Wife (furiously)—Edna! ! ! Husband (quickly)—Guess who this is!

### Just That

"In time of trial," inquired the speaker, "what brings us the greatest comfort?"

"An acquittal," interrupted a man at the back of the hall.

### DOUBLE SURPRISE SHOWER

Miss Mabel Roberts and Miss Lois Nutter were doubly surprised on Tuesday evening when the members of the Methodist Church Sunday School gave them a shower in Parish hall.

After small gifts had been prettily presented by members of the primary department of which Miss Nutter is superintendent and Miss Roberts is assistant, appropriate solos were rendered by Miss Agnes Leighton. Then special delivery packages were delivered to various people present leading up to the presentation of a tea wagon to each girl. More singing and refreshments followed.

Miss Nutter is to be married August 30th and Miss Roberts on September 7th.

## Recent Weddings

### BURNS—McLEAN

Miss Margaret Lillian McLean, daughter of Mr. and Mrs. Sanford Allan McLean of 70 Waban Park, Newton, was married last Saturday morning to Mr. Francis Edward Burns, son of Mrs. John Burns of Dixwell street, Jamaica Plain. The marriage took place with a nuptial mass at nine o'clock at the Church of Our Lady, Newton. Rev. Fr. Daniel Reardon performing the ceremony.

The bride wore a gown of white satin and Princess Pat lace, Queen Anne style. Her veil was of tulle with a coronet of pearls and orange blossoms. She carried a shower bouquet of white tea roses, orchids and lilies of the valley. The maid of honor, Miss Mary N. Hannon of Newton, cousin of the bride, wore yellow taffeta with scalloped edging and trimmed with moline. Her hat was of yellow horse-hair and she carried orchid gladioli.

The bridesmaids were sisters of the bride, Miss Kathryn McLean, who wore orchid taffeta trimmed with moline and carried yellow gladioli, and Miss Elizabeth McLean, who wore green taffeta trimmed with moline and carried pink gladioli. They wore large picture hats in harmony with their dresses.

The best man was Mr. Frank W. Allan of West Roxbury, a nephew of the groom.

The ushers were Mr. Sanford Allan McLean, Jr., a brother of the bride and Mr. James E. Goddard of West Newton.

A reception was held at the Hunnewell Club from 9:30 to 12:30. In the receiving line besides the bridal party were Mr. and Mrs. S. A. McLean, parents of the bride and Mrs. John Burns, mother of the groom.

After a wedding trip to Maine, Canada and the White Mountains, Mr. and Mrs. Burns will reside at 286 Cummings Highway, Mattapan, where they will be at home after October first.

The bride is a graduate of the Newton High School and Bryant and Stratton Commercial School while the groom is a graduate of the Boston English High School and Bentley School of Accounting.

### JOHNSON—SMITH

Last Saturday afternoon Miss Edith Smith, daughter of Mr. and Mrs. John R. Smith of Charlesbank road, Newton, was united in marriage to Mr. Ralph Herbert Johnson of Newton. The ceremony was performed at four o'clock by the Rev. James G. Cairns of the Allston Methodist Church, the double ring service being used. The bride was given in marriage by her father. The wedding march was played by Mr. Harold R. Slaney of Needham.

The bride wore a gown of white satin with full length skirt and a veil of embroidered net held by a band and rosettes of orange blossoms. She carried a shower bouquet of brides' roses and lilies of the valley. Mrs. Maurice Simon of Montreal, Canada, a cousin of the bride, was the matron of honor. She wore a gown of yellow and rose flowered chiffon and her bouquet was of Ward roses.

The bridegroom, who is the son of Mr. Elmer C. Johnson of Woburn, was attended by Mr. C. T. Metcalf of Arlington.

A reception followed the ceremony in the home which was tastefully decorated with roses and gladioli emphasized by potted palms and ferns. The bridal party was assisted in receiving by the parents of the bride and the father of the groom. Guests were present from Newton and its vicinity and from Wayland, Worcester, Norton, Mass., New York and Allentown, Penn.

After a motor trip to Washington Mr. and Mrs. Johnson will be at home to their friends at 162 Charlesbank road, Newton.

### CHILDREN'S MUSEUM

Live alligators, snakes and turtles will perform for the audience next Sunday afternoon, August 18, at 3:30, at the Children's Museum of Boston in connection with the talk to be given by Miss Hilda Karns, field naturalist. Lantern slides of snakes and turtles, as well as thrilling motion pictures of alligators will be shown. The "movies" will take the audience to a famous Florida alligator farm, and from there by hydro-aeroplane to see the "gators in their native haunts. A motion picture comedy, "Felix Hips the Hippo" will also be shown if there is time. Admission is free.

Next week's illustrated talks are as follows: Monday, August 19, at 3:00, "Tree Myths." Wednesday, August 21, at 3:00, "America the Beautiful." Friday, August 23, at 3:00 "Frail Children of the Air—the Butterflies." Anyone not familiar with the colorful collection of butterflies from all over the world on display at the Museum, should not fail to see them, as well as the moths.

Lincoln, near old Concord, Massachusetts, a beautiful region abounding in nature study material, will be visited by the Museum Summer School of Nature Lore on its all-day field trip Wednesday, August 21. Professor George H. Barton, president of the Museum Board of Directors, will accompany the group. Professor Barton has taken many of his own classes from the Teacher's School of Science through this region and knows it well. The children will go and return in private cars.

In co-operation with the playground department of the City of Boston, the Museum is carrying on an intensive recreational and educational summer program for the benefit of thousands of children from city playgrounds. It is the principal excursion of the summer for these youngsters. During July 2520 from Boston playgrounds alone made all-day visits to the Museum, out of a total attendance of nearly 12,000.

## KIWANIS CLUB

The battle between medical science and the influenza epidemic of 1918 was reviewed in graphic manner before members of the Newton Kiwanis Club at the weekly meeting in the Old Venice restaurant at Norumbega Park on Tuesday by Capt. Joseph Meleady who was one of five naval officers officially thanked by Congress and awarded the Distinguished Service Medal for their work in stopping the scourge.

Capt. Meleady, now Chief of the Medical and Surgical Unit of the Veterans' Bureau in Boston and a former Vice President of the National Medical Society, related how extensive research and experimentation failed to bring to light the causes for the spread of the disease. He told of how the experimenters worked on themselves, risking their own lives. A serum was finally discovered, he said, which abruptly checked the disease in infected persons.

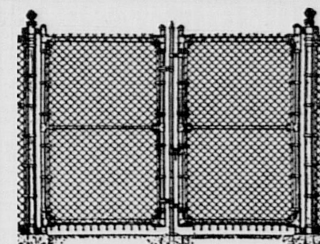

Vice President Will White, presiding officer, again called attention to the welfare fund benefit to be held at Norumbega Park on Tuesday evening, Sept. 10. He said that ten acts of high-class vaudeville would be presented. The question of a meeting place for the coming winter was left to the discretion of the House committee which will report next Tuesday.

### "VARIETY"

Effective operating methods plus a minutely practiced policy of giving the public a square deal in entertainment has resulted in a new miracle in the amusement business, according to the current issue of "Variety," the "bible of show business."

The theatre-publication, discussing the sensational development of Public theatres, which operate 1100 theatres in the United States as a subsidiary of Paramount Famous Lasky Corporation, makers of Paramount Pictures, declares that nearly 50 cents of every dollar taken in at the box office of a Public theatre, stays in the city where it is located, due to methods of operation. Under the old system of individual theatre operation, the figure was less than half. Public provides entertainment for one fourth of the population of the United States every week, and operates in districts covering over 75% of the total national population.

According to "Variety" it was Public that first brought refrigeration plants into the theatre, making it possible to keep theatres cool in summer. In addition, nearly every outstanding innovation now familiar to theatre-goers, is also credited to the ingenuity of Sam Katz, president of the organization. The Public theatre policy of constantly striving to provide the greatest quantity of quality entertainment at lowest cost, has resulted in volume business far greater than any the theatre industry has ever known. Another factor that helped is the policy of "all seats for the same price, first come, first served." The Paramount Theatre, Newton, is one of the Public Theatres.

*on the road in less than eight months!*

Less than eight months have elapsed since the first Chevrolet Six was delivered into the hands of an owner—and already there are more than a million six-cylinder Chevrolets on the road! And the reasons for this overwhelming success are easy to understand.

Into a price field that had hitherto been occupied exclusively by four-cylinder cars—Chevrolet has introduced a six-cylinder car of amazing quality and value. Not only does it offer the smooth, quiet, velvety performance of a great six-cylinder valve-in-head motor—but, from every standpoint, it is a finer automobile than was ever before thought possible at such low prices! Its

beautiful new bodies—which are available in a variety of colors—represent one of Fisher's greatest style triumphs. And its safety and handling ease are so outstanding that it's a sheer delight to sit at the wheel and drive. In fact, the new Chevrolet Six has completely changed every previous idea as to what the buyer of a low-priced car now has a right to expect for his money.

You owe it to yourself, as a careful buyer, to see and drive this car. For it gives you every advantage of a fine six-cylinder automobile—in the price range of the four and with economy of better than 20 miles to the gallon! Come in today!

## Boy Scouts Returning From Int. Jamboree

Due Next Friday Following Tour of European Countries

The sixteen Boy Scouts of Norumbega Council, Newton, who attended the World Jamboree of Boy Scouts at Birkenhead, England, are returning on the "S.S. Republic" which is due to dock next week Friday at Commonwealth Pier. The sixteen Newton boys were: C. Warren and William Dillaway, Troop 4, Newton Highlands; Charles Frary, Walter Brandt, and Andrew Hutchinson, Troop 7, West Newton; C. R. Boggs, Jr., Troop 9, Waban; John Blier, Harry Ham, Hamilton Ferris, John Ferris, and Donald Robbins, Troop 10, Waban; Gordon Campbell, Paul Henrich, and Richard Shaw, Troop 15, Auburndale; J. Richard Young, Troop 18; George Fremault, Troop 3, Nonantum. They were accompanied by Scout Executive L. A. Bruce, Jr., and Mr. Wilson P. Harris, Scoutmaster of Troop 10, Waban.

At the close of the Jamboree, the Scouts with their leaders toured Belgium, Germany, Switzerland, and France. Plans are being made for their homecoming.

Word was received early this week at local Scout Headquarters of the wonderful time that was had at the Jamboree despite the almost continual rain. Mud-skiing on barrel staves was the most popular outdoor sport.

General Daves, American Ambassador, personally visited the local group, and inspected the Indian Long House, which the Newton boys erected, both inside and out. This was one of the main attractions of the American Camp, and incidentally it was the warmest and tightest shelter there. It had a position of honor directly in back of the American headquarters flagstaff.

On the opening day of the Jamboree, Norumbega Council was honored by having Gordon Campbell, of Troop 15, chosen to carry the only American Flag in the procession which was reviewed by the Duke of Connaught. Again, when the Prince of Wales visited the Jamboree, Campbell led the parade, bearing the wooden placard with AMERICA on it.

At the close of the Jamboree the Indian Long House was presented to the City of Birkenhead as a token of friendship by the Newton delegation.

**VICTORY PLAYGROUND**  
A very large number of parents and friends were out to see this

festival Tuesday afternoon, August 20th. The Playground had a really fine exhibit of handiwork. There was some outstanding work by girls. In addition to the demonstration of folk dancing and esthetic dancing the director had brought down a little girl who is visiting in Auburndale, Esther Badger who gave a really remarkable exhibition of acrobatic dancing. Miss Butler was in charge of the girls' work and was assisted by Grace Thompson. Mr. John J. Lawless and Mr. John A. Duane, Jr. were in charge of the boys' work. All events were played off promptly and competition was keen. Mr. John B. Dacey was in general charge as District Supervisor.

### CABOT PLAYGROUND

An unusually large crowd of spectators were present at the Cabot Playground Festival Tuesday, August 20th. There was an excellent exhibition of handiwork which was particularly well done by the girls and the little boys. This work was under the direction of Miss Veronica F. Barry who was assisted by Miss Eileen C. Murphy. The dancing was of high order and the women directors deserve great credit for the excellency of the dancing. Miss Helen McNally, a young visitor to the Playground, gave a splendid exhibition of clogging on a small platform assisted by Miss Margaret Fitzgerald.

Mr. Edward P. Breaux has been in charge of this playground this summer assisted by Mr. Thomas J. Lyons, Jr. Mr. Breaux took the place of Mr. William Alexander who has been there for several years. Mr. Breaux and his assistants have accomplished wonders this year in bringing about a fine behavior of the children and youth of this district. With the aid of the tennis courts this year

there are a large number of new devotees to the playground.

Two captains were chosen and picked the teams. This has been going on all summer long so that the same teams competed in the final field day. The boys were known as the Bears and the Cubs and the girls as the Reds and Blacks.

### BOYD PLAYGROUND

As this festival was held in the evening of Tuesday, August 20th, the largest number of spectators were present. It was estimated that at least 1,000 spectators were present and about 500 children in addition to about 100 children who took part in various games, athletic events and folk dancing.

Mr. Henry Farrell and his assistant, Mr. Charles Leach, had their events well arranged and the boys under such control that they were able to run off a great many events in a very short time. The crowd thoroughly enjoyed the various games. All the dances were well done and reflect great credit upon the women directors as well as upon the Supervisor of Folk Dancing, Mrs. Margaret P. Hills. Mrs. Hills was present with the amplifier and gave a concert with the help of this instrument while the events went on. Later the amplifier was used for speaking. The girls' work was in charge of Miss Agnes V. Leonard, assisted by Miss Vera C. Holder. Mr. Dacey was in general charge as Supervisor of this district.

His Honor, Mayor Childs, who had been at all the other meets during the day and the previous day, was present throughout the festival, as were also Alderman Edward Powers and (Continued on Page 3)

## Board Of Aldermen Hold Special Meeting

Take Action on Various Matters Last Night

The Board of Aldermen held a special meeting last night by order of the Mayor to take action on a number of matters. The first matter taken up was the confirming of the Election Officers appointed by Mayor Childs. A list of these officers is printed in this issue of the GRAPHIC.

On recommendation of the Public Works and Finance Committees the Board voted favorably on the following:—

Levying assessments, streets constructed under Betterment Law, reported by Street Commissioner and Assessors: Chamberlain road, \$4,891.90; Chapin road, \$2,838.24; Chestnut Hill road, \$2,822.12; Glen road, \$846.82; Grove Hill Park, \$7,916.80; Huntington road, \$6,344.17; Irving street, \$4,052.90; Newton street, \$4,342.54; Stafford road, \$2,774.33; Stiles terrace, \$2,082.40; Stuart road, \$1,633.80; Tyler terrace, \$8,895.51; Westminster road, \$6,661.66; Whitney road, \$4,812.18.

Acceptance, construction of streets, etc., under Betterment Law, with necessary appropriations therefor: Arapahoe road; Constr., \$3,975; Land Damages, \$2.00. Whittemore road; Construction, \$6,206; Land Damages, \$17.00.

Water Dept. appropriations: Water Mains, \$1550; Conduits, Lands and Reservoirs, \$3,000; Temporary Clerks, \$300.00.  
Street Dept. appropriation, Eliot street, Ward 5, bridge repairs, \$1,500.00.

Hearings were assigned on the matter of widening certain portions of Needham and Winchester streets at the next meeting of the Board on September 3. Other hearings assigned to this meeting are on the petitions of Nicol Palmieri for a renewal of a permit to conduct a filling station at 302 Watertown street, Nonantum; Louise Calvert to increase storage of gasoline from 500 gallons to 1000 gallons and for an extra pump at 59 Elmwood street; Newton Savings Bank for a permit to establish a gasoline filling (Continued on Page 5)

## Kiwanians Hear Weeks On City Problems

President of Board of Aldermen Is Guest Speaker

At the weekly meeting of the Newton Kiwanis Club on Tuesday the speaker was President Sinclair Weeks of the Newton Board of Aldermen. Mr. Weeks referred to some of the problems facing the city. The matter of improving our streets is one of them. Newton's streets, in the opinion of Mr. Weeks, are in far less satisfactory condition than in former years. He commented that he does not blame the Street Department for this, but, nevertheless, the condition exists and should be remedied. For the past five years an average of 10 streets have been improved and accepted each year; the past year (1928) but five streets have been accepted. This year 16 streets have been accepted and 13 more are to be accepted and improved. Mr. Weeks is of the opinion that some measure should be taken to allow the many unaccepted streets in this city to be improved without such work being delayed for several years as has been the practice in the city. The cost of maintaining and resurfacing streets has largely increased. He advocated a program of modern street construction in Newton.

He told of the new fire alarm signal system which will aid materially in changing insurance rates in Newton and effect a saving of about \$80,000 yearly to owners of properties in this city. Mr. Weeks favors the erection of a suitable War Memorial on the triangle of Homer street and Commonwealth avenue as soon as possible. He dealt with the all important school problem, telling how Newton has expended \$3,000,000 on new schools within the past three years and must within another year begin work on a junior high school at Newton Centre which will cost about \$750,000. He said that the low tax rate which Newton has had, as compared with other cities in the State can be attributed to the high per capita value of the city and that while Newton has one of the highest per capita debts in the Commonwealth, this is offset by the valuation of this municipality. He called attention that Newton will have to finance its activities very carefully the next several years in order to meet necessary expenses without greatly increasing the tax rate.

### UPPER FALLS AT TOP OF TWI-LEAGUE RACE

By turning back its closest rivals, the Nonantum A. A., in two of the most important twilight games of the season last Friday night and Sunday afternoon the Upper Falls A. A. won the 1929 Twilight League race. Beginning Sunday the Upper Falls will play either Nonantum or Lower Falls a best three out of five game series for the championship of the city and the fourth leg on the Graphic Cup.

Nonantum and Lower Falls began a three game series last night to determine which team will play Upper Falls for the title. The second of the preliminary series will take place tonight at Lower Falls and if necessary the third game will be played Saturday probably on West Newton Common.

The winner of two of the games will meet Upper Falls on the latter's field Sunday afternoon in the first game of the championship series. The second game will be played either at Victory Field or Lower Falls, depending upon Upper Falls' opponent on Wednesday evening and the third game at the same field next week Saturday afternoon. The fourth game will be played on Sunday, Sept. 1st, at Upper Falls and if a fifth game is necessary it will be played on Labor Day afternoon, probably on the West Newton Common. Donahue and Norton will be the umpires in the deciding series.

Upper Falls has been the City champions for the past two years and should they repeat this year will not only retain their championship but will retire the Graphic Cup in three consecutive years. The cup was first offered when the City of Newton Amateur league was first organized in 1926. It was won that year by the Newton Catholic Club in a series with the Earnshaw Mills team, winners of the first half season.

In 1927 Upper Falls was nosed out by Newton Highlands in the first half of the season but came through to win the second half and the championship series. Last year the regular schedule extended throughout the summer and the Upper Falls team, in second place, met the Saxony Mills outfit, managed by Tommy Gilligan, Newton High, Exeter, and Harvard star, for the city championship. Upper Falls was in the cellar of the league late in July but started a magnificent spurt to end in second place and win a place in the final series. Saxony won two of the first three games but Upper Falls was not to be denied and took the final two games to win the title and its second leg on the Graphic trophy.

### Burr A. C. Leading Juniors

With a record of eight victories and no defeats the Burr A. C. of the Newton Junior baseball league is leading the other six members of the circuit by a comfortable margin. Inasmuch as the season will end shortly it is doubtful if any other team can nose them out. Upper Falls is the closest contender for the honors and should finish in second place. Burr has beaten every other team in the league with the exception of Auburndale whom it meets this afternoon in the first game between the two. Other teams in the league are the Horace Mann, Cabot, Lower Falls and Newton Centre nines. The purpose of the junior league is largely to develop material for the senior circuit in future years as well as to stimulate competitive sport on the playgrounds during the summer season. The teams are composed of lads under 19 years of age and some of them who are outstanding have also appeared in several of the senior league games. Although in faster company they more than hold their own.

## SPORT NOTES

### House of David Wins

The largest crowd of the season witnessed the Newton Town Club—House of David baseball game on the West Newton Common Tuesday evening in which the Benton Harbor outfit blanked the local team 7 to 0. No score was made for the first four innings and Bob Pickard, former Newton high pitcher, was twirling in fine shape. In the latter innings the bewhiskered players got to Pickard and aided by a couple of errors bunched their hits for the winning tallies. First baseman Tucker of the visitors showed the fans some clever fielding joints while Johnny Williams, second baseman and son of a former big league player, played well. For the local team Bob Pickard made a couple of nice one handed stops of shots through the box.

Gotshall and Partner Lose Title  
 Abbott Gotshall of Newton and his partner, Perrine Rockafellow of New York, holders of the men's doubles tennis title at the annual tournaments of the Portland Country Club the past few years were defeated last weekend in the final of this year's event by Abbot and Weld, holders of the 1929 Massachusetts State doubles title. The scores were 6-1, 6-4, 8-6. Gotshall, paired with Martha Berry, won the mixed doubles final from Walter Beyer and Kate Payson in straight sets, 6-3, 6-4. Gotshall's play was the feature of this match.

### Waban Boy Shows Well

Eleven-year-old Robert W. Moore, 3rd, of Waban showed unusually well in the boat races at Boothbay Harbor last week, winning the plaudits of all the yachtsmen there. Moore placed second in the 29-horsepower event, third in the one-cylinder event, third in the under 90-horsepower race and third in the Cadyfour handicap.

## SPORT NOTES

### Highlands Girls Win

Last week Thursday, August 15th, the Newton Highlands senior girls played West Newton in various games such as fistball, baseball, dodge ball and schlag ball. The Highlands girls defeated the Eden avenue girls team in baseball by the score of 3 to 2 thereby claiming the championship of that section which includes the Highlands, Upper Falls, Lower Falls, Auburndale and West Newton. The Highlands team comprised Julia McKenna, Claudine Sullivan, Nora Galvin, Margaret McKenna, Letty Coakley, Anna McClain, Edna Doyle, Catherine Henely and Gertrude Jordan. The team was coached by Miss Dorothy Filene, playground instructor. West Newton won the fistball game.

### Waban Lad Is Victor

Edward Ossutt of Waban was one of the winners at the 26th annual water carnival of the Medomak Camp for Boys at Washington, Maine, this week Wednesday. Ossutt won the Ranger Gunwale event for the Seneca tribe in the boating races and in the swimming events tied for first in the 25-yard backstroke. Stewart DeBard of West Newton won a place in the fancy diving contest.

### Police To Play Watertown

The Newton Police baseball team will cross bats with the Watertown police nine on Labor Day at the West Newton Common. Both teams are in the running for the district championship and a good game is promised.

## CHILDREN'S MUSEUM

Folk tales of Czechoslovakia will be told on Monday, August 26, at three o'clock at the Children's Museum, Jamaica Plain. This is a country rich in romantic legend, and possessed of a sturdy individualism that is interestingly illustrated in the arts and crafts of the people. "Children of the Wide World" is subject of the talk on Wednesday, August 28, at three, and on Friday, August 30, at three "Grasshoppers and Crickets," the latter of whom are making the August nights merry. All these talks will be variously illustrated with motion pictures, lantern slides, and specimens from the Museum cases.

The field trip next Wednesday, August 28, goes to Nahant to study rocky shore life. This is the last trip of the season for the Museum Summer School of Nature Lore, and should be one of the most interesting.

### PRIZE ESSAY

The first prize award for excellence in the Shakespeare Club essay contest of 1929 of the Newton Highlands Shakespeare Club has been awarded to Miss Cynthia Jump of the class of 1931 of the Newton high school. She is the daughter of Rev. and Mrs. Herbert A. Jump of Nonantum street, Newton. The essay follows:

#### Humor in Shakespearean Plays

There is humor in Shakespeare's plays for anyone who has the patience and wit to discover it. Some of it is so subtle that pupils beginning high school should not be expected to understand and recognize it unless it is pointed out by careful study. But there are, in most of his plays, characters who are put there obviously for the express purpose of furnishing humor. He seems to run more to male characters for this purpose than to female. This is probably accounted for by the fact that men did the acting and it was easier for them to interpret a man's character part than a woman's. At any rate, all his characters are very enjoyable. There is Touchstone, that delightfully satirical clown, who awes the country "bumpkins" in "As You Like It." I think I like him better than all his contemporaries. He realizes what a farce the court is and what fools are often concealed in courtiers. By posing as an august personage in the Duke's household, he mocks the court for the audience's sake, while he enacts the court for the peasants' sake. Every line has some clever quip, and I am inclined to agree with Jacques in his liking for Touchstone.

Shakespeare is wise in including the mischievous element in his humor. Everyone likes a merry fellow with roguish eyes who knows the difference

between a harmful and a harmless joke. The cold-bloodedness of Shylock in the "Merchant of Venice" makes a fine foil for his tousled-headed servant, Launcelot. Launcelot is an imp, and the scene with his half-blind father is most humorous. We are also pleased to find that not only humans have mischievousness in their make-up but that it is found in Puck, the subject of King Oberon of the Fairies. "Midsummer Night's Dream" would have been no dream at all if Goodfellow's talents had not mixed the potions. But we are glad he did, and still his name is the by-word of good-nature and merriment.

It seems that the real clowns of Shakespeare are, for the most part, unconscious ones. We find two characters, Malvolio and Le Beau, who are so conceited and warped that they cannot realize what fools they are. Touchstone utterly baffles and routes Le Beau in their battle of wits in the first part of "As You Like It," while Malvolio causes the reader to be at once contemptuous and yet amused by his simplicity, which is a kind way of saying stupidity. The grave-diggers in "Hamlet" are really less clownish, although they are called clowns, than Malvolio in the "cross-gartered" episode. The airs he puts on further his foolish actions. Petruchio's valet, Grumio, is a character in this group.

The last group of humorous characters are those whose brilliancy and wit are inspired by an occasional quaff of good old English wine. The steward of the boat, in "The Tempest," is led on by his companion, a mischievous jester, to cut many comical capers. But our two "noblemen" in "Twelfth Night" are the finest examples of this group. Rotund Sir Toby and lank Sir Andrew make the finest pair of stage comedians ever invented. Were they on the vaudeville stage now, they would be constantly booked and well applauded in our big cities. They are so valiant and so changeable. Olivia can wind them around her finger, and she and Maria have much fun with them. I can well imagine.

The humorous Shakespearean females can be summed up in one paragraph. They come under the three following classes: Portia represents the clever or really witty woman; Maria, the mischievous; and Rosalind and Celia, the merry or teasing ones. We all love and admire Portia. She is brilliant, vivacious, and yet as true and loyal as one could wish for. She is not spoiled by much wealth and attention, and her inherent wit flows over the stage, surrounding not only the actors, but flowing over the footlights and drenching the audience with a sweet happiness that is good for us all. Her dear little maid, Nerissa, is not slow at retorts, and after equally admiring Portia's poise and her sweetness we leave a permanent feeling of "Merchant of Venice" feeling entertained and benefited by the women characters of that fine play. Maria is the means and cause of most of the foolery and amusing trouble in "Twelfth Night," and I feel she should be classed with Launcelot and Puck as mischievous. Then, coming to the charming Rosalind and the loyal Celia, I need say no more than that they furnish the light humor and entire atmosphere to that rollicking sylvan comedy, "As You Like It."

Shakespeare is read and enjoyed for his plots, his fine strong characters, his well expressed opinions, and many other characteristics, but in high school many of the plays chosen to be read are chosen for their background and padding of fine, wholesome humor that is good for every student to read.

### PLAYGROUND FESTIVALS

(Continued from Page 1)

Mr. Joseph Nolan. After the festival was over Mr. Nolan gave a few well chosen words showing his interest in the playgrounds, particularly the Boyd Playground and introduced Alderman Powers.

Alderman Powers, with the help of the loud speaker, addressed the gathering telling about his hopes regarding the Boyd Playground. He mentioned his belief that the Boyd Playground could be made much more effective and safer by the covering of the brook and other improvements. He felt that the district and the large number of children of the district deserved that the playground be made safer and more beautiful. He expressed it that in his opinion, these desired improvements could only be brought about if all the people interested in this district agreed with him about these improvements and then made known their wishes. He recommended that they form an organized group to bring these improvements about.

Mayor Childs then commended the boys and girls for their splendid sportsmanship and urged them to appreciate what the city was doing for them. They could best show their appreciation not only by clean sportsmanship and fine behavior, but especially by a helpful attitude towards each other. He then presented the prizes to the various prize winners.

#### SWIMMING MEET

Wednesday morning at 10 o'clock the first swimming meet in Newton was held at Crystal Lake, Newton Centre, under the auspices of the Newton Playground Department. This was made possible through the cooperation of the Newton Chapter of the Red Cross who had offered four valuable prizes for boys and girls receiving the largest number of points in the various events. There were about one hundred entrants and all events were run off promptly and effectively.

Mr. Donald Angier, President of the Newton Chapter of the Red Cross was present throughout the morning and acted as one of the judges. With him was Mr. C. Raymond Cabot of the Red Cross, who also participated in judging the events. Mr. H. M. Sawyer, whose estate adjoins the bathing beach had donated a prize for long distance swimming. Mr. Augustus L. Wakefield, a former alderman of the City of Newton, whose daughter won the meet for girls with a total of 11 points, kindly consented to present the prizes. He did this after a few well chosen words of appreciation of the swimming work being done by the Playground Department and the mentioned the valuable assistance which life saving is receiving from the Newton Chapter of the Red Cross who have furnished a man and woman instructor in life saving for several years.

The meet was planned by the following men and women in charge of the swimming and life saving work. Mr. Westgate and Miss Hartenstein in charge of the life saving instruction. Mr. Converse, Director for the Playground Department and Mr. John J. Lane, Assistant Superintendent, had general charge. Mr. John F. Donohue acted as announcer.

MODEL AEROPLANE MEET

The first airplane meet in Newton was held Wednesday afternoon in the High School gymnasium. The type of airplanes made by the boys is not substantial enough for outdoor flights. Through the kindness of the School Board it was made possible for the Playground Department to conduct this meet in the High School gymnasium.

In all about 60 airplanes competed. The airplane making was started during the summer of 1928. However, the work is of such a delicate nature that it did not seem possible to get enough airplanes the first year for a real air meet. Owing to the progress which the boys made in airplane construction work the meet was planned and went off in a very interesting and successful manner. A cup was presented for the plane having the longest duration flight and this was won by Morris Lowman of Newton Centre.

Prize Winners

Baby R. O. G.—Morris Lowman, 13 4/5s, Newton Centre; Lee Lowman, 13 3/5s, Newton Centre; John Upton, 13s, Waban; Willard Babcock, 10 4/5s, Newton Centre; Ernest Sullivan, 8 4/5s, Horace Mann.

Tractor—Willard Babcock, 36 2/5s, Newton Centre; Morris Lowman, 34 1/5s, Newton Centre; Andrew Grant, 19 2/5s, Lower Falls; William Murphy, 18 3/5s, Lower Falls; Louis Andrews, 15 4/5s, Upper Falls.

Although the meet was not well attended, for the first of its kind it was of an encouraging nature particularly in view of the fact that it is good work, good fun and good play for boys. It is hoped that in a few years we will develop such skill that some of our boys can compete in the National Meet which is annually sponsored by the President of the United States and other prominent men, including Col. Lindbergh.

Mr. B. Q. Belonga is in charge of airplane making and boys' handiwork assisted by Malcolm Budding. Mr. Belonga planned the meet and deserves great credit for what has been accomplished so far.

HAWTHORN PLAYGROUND

The Hawthorn Playground held their festival Wednesday afternoon. As usual this playground had a splendid exhibition of handiwork. Miss Lillian Swartz and Mr. Nicholas Tedesco, who have had charge of this playground for a number of years, deserve great credit for the work the children accomplished. Games, dances and sports were of an excellent order and the spirit of

the children was excellent. Considering the small district which this playground serves there was a very large number of spectators. Miss Marion K. Bridge assists Miss Swartz with the girls' work and Mr. John B. Dacey is in charge of this playground as district supervisor.

### REUNION OF THE 39TH MASS. INFANTRY

Through the invitation of Mrs. Lue Stuart Wadsworth, President of the Gov. John A. Andrew Home, the 39th Mass. Infantry Association held its reunion at the Home, 92 Washington Park, Newtonville, Wednesday. This regiment left Boston for Washington in 1862 with 1000 men. It participated in many of the battles and won much praise for its services. Wednesday there were but two of the one thousand able to attend the reunion.

A very happy time in which the survivors and a few of their friends, together with the members of the Home, participated was enjoyed by all. The Boys of 1861 are fast passing over the river, but the fruits of their services in those trying days are being enjoyed by the 120 millions of our citizens today.

## ALDERMEN FAVOR REMOVAL OF OLD WADE SCHOOL

At the special meeting of the Aldermen last night Chairman Collins of the Committee on School Buildings read a resolution favoring the removal of the old Wade School at Newton Upper Falls as recommended by the School Committee. The School Committee wants the old building razed to make room for a portable school building which is to be moved from Newtonville to Upper Falls to provide some relief for the congestion which exists in the Emerson School in that village.

Alderman Temperley stated that while the Emerson School is overcrowded and rooms have been used there for classrooms which were not suitable for this purpose, he did not favor the passing of the resolution. He called attention to the fact that on May 20th last, Mayor Childs had sent a communication to the Aldermen requesting that additional land be acquired by the city adjoining the Emerson School so that room will be provided for the portable school and for a needed play yard for the children attending the school. Mr. Temperley thought that as an act of courtesy to the Mayor the Public Works Committee should take action on his recommendation before any action should be taken on the resolution offered by Alderman Collins.

Alderman Earle, chairman of the Public Works committee stated that the matter has never been referred to his committee. He called attention to the fact that the question of acting on this matter was not included in the list on the docket of the special meeting so no action could be taken on it. Alderman Collins replied that the Mayor's recommendation has been held in abeyance and that the land which he recommended be purchased can be acquired later, if necessary. It is imperative, however, that a site be provided at once for the portable school. Alderman Powers inquired what effect the passing of the resolution will have? This query followed a ruling, made by President Weeks in reply to the point raised by Alderman Earle, that the Board could pass on the resolution even though the matter had not been included on the docket of the special meeting. Mr. Weeks explained that the vote on the resolution might properly be taken as it involved no action on an order.

Replying to Alderman Powers' question, Alderman Collins stated that the vote of the Aldermen on the resolution would inform the Mayor as to how the Board would act on this matter. He remarked that if more land is needed to provide proper areas for playground purposes at the Upper Falls School this matter can be taken

up later; but the city should not purchase land to provide a site for the portable school in order to continue the use of the old Wade School building as a movie house. Alderman Temperley said that he understood the Buildings Commissioner had stated "there is room for the portable school front doors of the Emerson School—grounds without the necessity of razing the old Wade School." Alderman Collins replied that if this were none the portable school building will be located directly in front of the two front doors of the Emerson School such a location would be a frightful makeshift.

A vote was then taken on the resolution and Alderman Temperley was the only member voting in the negative. The old building, the razing of which is favored by the School Committee and the Board of Aldermen was abandoned for school purposes when the Emerson School was erected some years ago. For a number of years the old Wade School has been leased to the Newton Upper Falls Improvement Society which in turn has sub-leased it for the exhibition of moving pictures. An appreciable revenue has been thus obtained by the Improvement Society which had been used for civic purposes at the Upper Falls. A petition signed by hundreds of Upper Falls residents was presented in opposition to the razing of the old building when this matter was being considered by the Aldermen last year.

## LUCAS—ENGLAND

A very pretty wedding took place at the Lincoln Park Baptist Church before a large gathering of relatives and friends last Sunday afternoon when Charles F. Lucas of 6 Bacon street, Newton, and E. Jean England were united in marriage by the Rev. John Shade Franklin. The bride was attended by her daughter, Mrs. Robert E. Lucas, as bridesmaid. Mr. Robert E. Lucas, brother of the groom, acted as best man. The ushers were Mr. Alfred D. Lucas, brother of the groom, and Mr. William P. McDonald. After the reception at the home of the groom's parents on Bacon street the newly-weds started a motor tour amid a shower of confetti and good wishes for Canada, returning Sept. 1 to 18 Bacon street, Newton.

## UNUSUAL TIRE BARGAINS

Automobile owners desiring to obtain the best bargains in tires ever offered in this vicinity should go to the store of the C. M. This concern is agent for Goodyear Tires and offers these excellent tires at extremely low prices. The Evans Tire Company is conducted on a high plane and customers can depend on getting a square deal from it.

## REAL ESTATE

John T. Burns & Sons report that final papers have been passed whereby Anna E. Piehler conveys her property at 72 Monadnock road to Ralph W. Morrill. The estate comprises a charmingly situated on a lot of a quarter of an acre in this splendid residential district. With the house there is a two car garage, and the total value of the property is \$45,000. Mr. Morrill purchases for a home, and after slight alterations will occupy the premises.

The Burns agency also report that they have sold in the Brookline district a brick two family residence located at 500 Washington street. The house, containing thirteen rooms and two baths, with sun parlors and two car garage, and 5,200 square feet of land, is assessed for \$18,600. Robert Boehner purchases for investment.

In the Newton Highlands district, Burns & Sons have sold for Mary G. Green her single house with about 4,600 feet of land, located at 961 Walnut street. The property, valued at \$4,000, is purchased by the Garden City Company.

All the above sales were negotiated through the office of John T. Burns & Sons.

## DISCUSS HEN-HOUSE AT OAK HILL

The Committee on Claims and Rules of the Aldermen held a hearing last night on the petition of W. Dean Norris of 188 Arnold road, Oak Hill, for a permit to erect a hen-house and also a horse barn on his estate at 83 Greenwood street, Oak Hill. Attorney Hugh Boyd, appearing for the petitioner, stated that Mr. Norris owns 31 acres of land and this land has been used for agricultural purposes. There is a large hen-house on the property but the petitioner desires to erect a modern henhouse which will be remote from the street and from any residences. Mr. Norris has already received from the Board of Health a permit to keep 600 hens. Mr. Boyd assured the committee that the place would be kept clean and the hens will be confined to the house and not allowed to roam. The barn will be built to provide quarters for three horses. Asked if he intends to keep roosters, Mr. Norris replied in the affirmative.

Arnold Hartmann of 241 Greenwood street, Oak Hill, objected to the granting of the petition. Mr. Hartmann stated that while he is friendly to Mr. Norris and does not desire to prevent him from using his land for such purposes as he may properly wish, to allow a large henhouse to be built near Oak Hill Village will tend to depreciate values of properties in that section and discourage further building of attractive houses there. Mr. Hartmann called attention to the fact that he has spent large sums of money in building excellent roads and in his development of Oak Hill Village. If the Aldermen want this district to continue along the line of development started by him the permit should not be granted.

Chairman Grebenstein of the Claims and Rules Committee reported to the Board at the special meeting held last night that the committee recommended a permit being granted for the barn. The committee did not care to report on the petition for the hen-house permit until it will have visited the proposed site and studied the situation. This information followed a query by Alderman Gallagher regarding the petition. Mr. Gallagher asserted that the petition should be granted. He said that he perhaps is better acquainted with Oak Hill than any other member of the Board and there is no good reason why the permit should not be granted. This section of the city has been and is a farming district and there are a number of hen-houses in it. It is a proper place for such a building. The Ward 1 alderman also contended that there is no reason why Mr. Norris shall not be permitted to keep roosters at his henhouse. He emphasized this statement by remarking that even though 4,000,000 roosters might be kept in Oak Hill they will not disturb anyone as nobody can hear them.

Alderman Grebenstein explained that because Oak Hill has been zoned as a single-residence district the committee does not want to rush on this matter until it has given it careful consideration. Alderman Beal stated that as a representative of Ward 5 he is particularly interested in the petition. He was of the opinion that Mr. Norris will not be inconvenienced by a slight delay in the granting of the permit for the hen-house and he expressed the belief that the committee will bring in a favorable recommendation on this petition.

Alderman Powers disagreed with Alderman Gallagher regarding the disturbing influence of crowing roosters on persons dwelling within a considerable distance. He stated that not 4,000,000 but only four roosters which are located somewhat near his residence disturb his slumbers sometimes because they, in common with many roosters, do not appear to realize they are supposed not to crow before dawn, and frequently engage in vocal efforts shortly after midnight.

The Claims and Rules Committee will, before the next aldermanic meeting, visit Oak Hill to inspect the site of the proposed egg-factory.

## NEWTON MAN APPOINTED CENSUS SUPERVISOR

Joseph J. Murray of 184 Washington street, Newton, has been appointed Supervisor of the 9th Massachusetts Census District. This district includes practically all of the 13th Congressional District. Wards 21 and 22 of Boston which are in the 13th District are not included in this census district. In their place the town of Hopkinton, which is part of the Fourth Congressional District, has been added. The work of taking the 15th decennial national census will start the first of next April and will take three months or more. In this district about 160 enumerators will be appointed. They will be paid on a per capita basis and should be able to earn from \$5 to \$8 a day. It is probable that the old fire station at Newton Corner may be sought as headquarters for this district unless the city makes other use of this building in the meantime.

## POLICE NEWS

Francis Hadden of Ringold street, Boston, was fined \$15 in the Newton court on Saturday for trespassing. He was observed Friday afternoon pulling up a shrub on the estate of Eben Elison at Sargent street, Newton. Police Headquarters was notified and Inspector King hastened to the place and arrested Hadden.

Mrs. Marion Fowler of 16 Chesley avenue, Newtonville, was in the Newton court last Friday charged with keeping a lying-in-hospital without a permit. The complainant was Virginia Warner, an investigator for the State Department of Public Welfare. Miss Warner and Inspector King of the Newton police testified against Mrs. Fowler. The case was continued until August 23.

In the Newton court last Friday Edward Keane of West Roxbury and Tony Serrano, of Marlboro, each was fined \$10 for speeding. Antonio Sanservo of West Natick and Comeo Bregolio of South Natick paid \$5 fines for failing to obey STOP signs on Washington street.

Ernest DeSimone of Prospect avenue, Chelsea, was arrested early Monday morning by Patrolman J. B. Foley charged with operating an automobile without a license. He will be tried August 26.

Agent Kelle Perrine of the Newton Board of Health was the complainant in the Newton Court on Wednesday against Joel Landry, owner of the building at 325-331 Walnut street, Newtonville. Mr. Perrine testified that Landry had been repeatedly requested to keep this driveway clean and had failed to do so. Judge Bacon fined Landry \$20 and suspended the fine until November 19.

In court the same day Agent Perrine complained against Mary Baker, who runs a store at 69 Craft street, Newtonville. He testified that the store was kept in a dirty condition and that food there was not properly covered. Judge Bacon imposed a suspended fine of \$10 on Mrs. Baker. Another suspended fine of \$10 was imposed against her on the charge of selling milk without a license.

In the Newton Court yesterday 18 autoists were fined \$5 each for failing to stop before entering Washington street. On Wednesday seven autoists were fined \$5 each for this offence. The same day Herbert Hazew of Chelsea road, Newton Center, was fined \$10 for speeding. In court on Tuesday Samuel Eisenberg of Chelsea and William Haines of Ripley street, Newton Center, each was fined \$10 for speeding.

## REV. FRANKLIN'S BROTHER DEAD

Richard Beal Franklin, younger brother of the Rev. John Shade Franklin, 40 Lincoln park, West Newton, pastor of the Lincoln Park Baptist Church, died Friday, August 16th, at his mother's home in Boulder, Colorado. The deceased had been ill for nearly seven years of tuberculosis which he contracted from exposure during the winter of 1922-23. He was born at Hamburg, Iowa, and educated in the public schools of that city, in William Jewell College at Liberty, Missouri, and in Des Moines University of Des Moines, Iowa. Besides his mother the Rev. Mr. Franklin, he leaves three younger brothers, Benjamin Gilbert of Portland, Oregon, Jesse Bernard of Manila, P. I., and Edwin Poindexter of Boulder, Colorado. Funeral services were held at the home in Boulder on Sunday, August 18th.

## DR. PATRICK W. MORIARTY

Dr. Patrick W. Moriarty of 173 Oakleigh road, Newton, died on August 15. He was a native of Saint John, New Brunswick and graduated from the Harvard Dental School in 1889. He formerly was an instructor at that school. He had been a resident of this city for the past seven years. He is survived by his widow, Dr. Julia Lombard Moriarty, three daughters, Sister Mary Patricia of the Sisters of Mercy, stationed in New Mexico, Miss Margaret E. Moriarty who is a student in the Medical School of the University of Virginia, and Miss Mary J. Moriarty, a son, Dr. William L. Moriarty of Newton and a sister Mrs. Mary Kennedy of Milton. He was a member of St. Jerome Court, M. C. O. F. and Back Bay Council, Knights of Columbus, Massachusetts Dental Society and the Guild of St. Apollonia. His funeral service was held Monday morning at Our Lady's Church, Newton. Burial was in Old Calvary Cemetery, Roslindale.

## ELIZABETH F. TAAFFE

Miss Elizabeth F. Taaffe, daughter of the late John and Anne Taaffe, died last Sunday, August 18, at her late home on Thornton place, Newton, after several months' illness. Her funeral was held Wednesday morning with a solemn requiem mass at the Church of Our Lady at 9 o'clock. Burial was in Calvary Cemetery, Roslindale. She is survived by one sister, Miss Mary A. L. Taaffe of Newton.

## UPPER FALLS MAN DROWNED

Patrick Mahoney, 54 years of age, an employee of the Newton Water Department was drowned about midnight Sunday in a filter basin at the Newton water reservation in Needham. Water from the Charles River is pumped into this basin and filters through strata of gravel and sand underlying until it reaches one of the large artesian wells which furnish the supply for this city's water system. Sunday night Mahoney, with two other employees, James McKenna and John O'Brien, went to the reservation to open a water gate which admits the water to the basin. Leaving the other two on the reservation Mahoney went to open the gate and when he did not return in about 30 minutes his companions notified the police. Lieut. Hughes and a squad of Newton police dragged the basin and recovered Mahoney's body early Monday morning.

Mahoney is survived by a widow and four children. His funeral service was held Wednesday morning at the Church of Mary Immaculate.

## Graphic Outlines of History By BURT M. RICH

WASHINGTON'S CHERRY TREE  
 According to legend current in Fredericksburg, Va., from the sprout of the tree cut down by Washington grew the one pictured above. This tree, standing on the old Washington farm in Fredericksburg, is sometimes given as testimony to the fact about Washington and his hatchet.

The quiet dignity that is felt when our direction is employed is only maintained by the flawless service such as we offer.

### Ancient Scissors Found

Behind old paneling in the house known as Queen Elizabeth's lodge, in Epping forest, England, a pair of scissors believed to be 250 years old were recently found. They were covered with rust, but when this was removed it was found by the mark stamped on the blade that they had been made in the Seventeenth century. They have been placed in the Guildhall museum in London.

### Okechobee Ranks Second

The Geological survey says that the area of Lake Okechobee varies from 710 to 730 square miles, and also that it is the second largest fresh-water lake in the United States. The largest entirely in the United States is Lake Michigan. Lake Pontchartrain is the third in size in the United States.

—On the recommendation of the Licenses Committee a permit for a 3 car garage was granted to C. W. Lacy at 261 Nahanton street, Oak Hill; a common victualler license was granted to the Raytheon Company at its plant 55 Chapel street, Nonantum; a permit for a 300 gallon gasoline tank was granted to Joseph Lipson at 56 Elmwood street, Newton; permit for transfer of common victualler license at 329 Walnut street, Newton, from Mrs. Quincy to Jennie McDonald; permits for pole locations to the Edison Company on Clark street, Rosalie and Wadsworth streets, Rosalie, Royce, Brackett and Nobscot roads.

The Board accepted the recommendations of the Licenses Committee in referring a permit for an automobile repair shop to Nicolo Palmieri at 302 Water street, Rosalie, and in refusing a license to Joseph Lipson at Brookline to deal in second-hand articles from house to house in Newton; refusing a common-victualler license to the F. W. Woolworth Company at 320 Centre street, Newton. The concern was refused such a license a couple of months ago and made a second application. Permits for garages at 415 and 419 Lowell avenue, Newtonville, were refused the Newton Mortgage Company. The Licenses Committee had no other alternative on this matter. The proposed locations of these garages are near the street line than the zoning ordinance permits. Waivers of the setback line would first have to be given by the Board on recommendation of the Claims and Rules Committee. The committee has not done this as these locations are near the high school athletic fields. If waivers were granted to permit these garages near the street line, houses could be erected on the east side of Lowell avenue from Hull street southerly just as near the street as the proposed embankment garages to the detriment of this section.

## NEWTON HOSPITAL

During the week ending August 10, 1929, there were 124 patients in the hospital. Forty-nine of this number paid as much as cost of care or more, forty-three paid less than cost of care, and thirty-two, including babies, were treated free. There were thirteen babies born—four boys and five girls. 126 patients were treated by the Out-Patient Department. Fourteen social service calls were made, and seven patients were transferred by the social service car.

Of the fifteen accident cases occurring during the week, seven were men. One received lacerations of the scalp and forehead when he fell from a stalling, another crushed the small finger of his left hand with stone, the third fractured his arm when he fell when playing ball, and the fourth received abrasions of the right arm, which was cut with a piece of zinc. The fifth injured his left foot when a heavy truck ran over it. The sixth cut the tendon of the index finger of his left hand when sawing wood, and the seventh, also hurt when sawing wood, had the end of the small finger of his left hand amputated.

Five of the accident cases were boys. One received lacerations and fracture of the fourth and fifth fingers of his right hand, which was crushed with a mallet. Another received abrasions of the head and arm when he fell out of a car. The third cut his throat with a toy. The fourth severed the tendon of the middle finger of his right hand with a piece of slate, and the fifth burned his foot with hot water.

Two of the accident cases were women. One fractured her left arm when she fell, and the other was in an auto accident, receiving cuts and bruises about the face and neck.

The last accident case was a girl, who received abrasions of the right leg and arm when she was knocked down by a car and dragged six or eight feet.

During the week ending August 17, 1929, there were 134 patients in the hospital. Forty-nine of this number paid as much as cost of care or more, forty-four paid less than cost of care and forty-one, including babies, were treated free of charge. There were fifteen babies born—nine girls and six boys. 139 patients were treated by the Out Patient Department. Five social service calls were made, and five patients were transferred by the social service car.

Of the eleven accidents occurring during the week, six were men. One received lacerations of the foot when an automobile radiator fell on his foot. Another bruised his leg when he fell from a car. The third wounded his instep when he stuck a pick in his foot. The fourth was injured when he fell from a second-story window. The fifth hurt his eye when a hot coal fell in it, and the sixth received lacerations of the forehead—resulting from an auto accident.

Two of the accident cases were boys, both of whom were bitten by a dog.

Two of the remaining accident cases were girls. One girl hurt her left arm when she fell on it, and the other received an injured right shoulder when she was dragged by the arm. The last was a woman who was in an automobile accident, receiving lacerations and a severed tendon of the knee.

## RED CROSS HONORS

At the Swimming and Life-Saving meet held at Crystal Lake on Wednesday, the 21st of August, prizes were awarded to the following by the Newton Chapter of the American Red Cross:

Boys' 1st prize—Carl Anderson; 2nd prize, Charles Gallagher.

Girls' 1st prize—Mary Wakefield; 2nd prizes, Claire McCarthy, Alice Simpson.

A tie for second place in the girls' competition resulted in two second prizes being awarded. These prizes were sporting goods orders on a sporting goods store and were given for the highest numbers of points received during the swimming and life-saving events.

All of the boys and girls who participated were enthusiastic and surprisingly able but those mentioned above were outstanding. Many children and their parents attended as interested spectators.

The Playground Department by its co-operation has made it possible for the Newton Chapter of the Red Cross to carry on its Life-Saving activities at the Newton swimming places in Newton and a Meet such as the one held on Wednesday indicates that the Life-Saving instruction provided by the Newton Chapter of the Red Cross is something that the boys and girls of Newton appreciate and desire.

Every day women save on Underwear at the Retail Store of Thomas Daily Company in the Chase Building, Pleasant Street, Waterbury. Exceptional values given on Infants' Hosiery, Shirts and Bands, Children's Union Suits. Also wonderful savings. There is a large selection for Women in Bloomers, Vests, Night Gowns and Pajamas.  
A sure way to help the Home Budget.—Advertisement.

## Recent Weddings

### MARRIOTT—MORRISON

A pretty home wedding took place on Sunday afternoon at three o'clock when Florence, the daughter of Mr. and Mrs. Peter Morrison of 41 Cornell street, Newton Lower Falls, was married to Mr. William Harry Marriott, son of Mr. and Mrs. William Marriott of Needham. The bride was given in marriage by her father and the double ring ceremony was performed by Rev. Harry Kimball of the Congregational Church of Needham. The bride wore a gown of white satin and trimmed with chantilly lace over which hung her tulle veil which was also trimmed with chantilly lace and pearls. She carried a shower bouquet of white roses and lilies of the valley. The bride was attended by her sister, Mrs. John A. Loring of Wellesley Hills as matron of honor. She wore a gown of white French chiffon and carried a bouquet of yellow tea roses. The best man was Mr. Archie Frizwell of Needham a cousin of the groom. The ushers were Mr. John A. Loring of Wellesley Hills and Mr. Lawrence A. Morrison of Newton. The wedding march was played by Mrs. Lawrence Morrison and a solo, "O Promise Me," was rendered by Miss Mabel Parkes Frizwell of Needham, a cousin of the groom. Immediately after the ceremony a buffet lunch was served. Mr. and Mrs. Marriott left for an extended honeymoon, after which they will be at home in their new home after September 4, at the corner of Hunnewell and Taylor streets, Needham Heights.

The home was beautifully decorated with ferns, potted plants and cut flowers.

### SPRAGUE—DENNETT

At the home of her parents, Mr. and Mrs. Nathan W. Dennett of Auburndale, Miss Eleanore F. Dennett was married at noon Saturday, August the seventeenth to Mr. Fred Lewis Sprague of Brookline. The marriage ceremony was performed by the Rev. Edward Payson Drew of West Newton. The wedding was conducted with utmost simplicity, only the members of the immediate families being present. The bride was attended by her sister, Miss Anne A. Dennett of Northampton, and Mr. Lyman Cheever of Andover was best man.

The bride is a graduate of Mount Holyoke College and Mr. Sprague attended Worcester Polytechnic Institute where he was a member of Phi Gamma Delta fraternity. During the World War, Mr. Sprague served as an Ensign.

After November first Mr. and Mrs. Sprague will be at home at 22 Chauncy street, Cambridge.

### KEENEY—RICHMOND

Miss Vesta Anna Richmond, daughter of Mrs. Charles S. Richmond of Revere, and Mr. Robert Morgan Keeney, son of Mrs. Nelson M. Keeney of New London, Connecticut, were united in marriage by Dr. Nelson S. Burbank of Revere, assisted by Rev. Frederic McEvoy of the Cathedral Church, at two, Monday afternoon, August 19, in the Rousmaniere Memorial Chapel of the Cathedral Church of St. Paul, Tremont street, Boston. Mr. Wendell Moffat of Cambridge played the organ and Miss Marjorie Forsyth of Providence sang.

Members of the immediate families were the only guests, and the bride and groom were unattended. After the wedding there was a reception at the home of the bride's mother in Revere.

Both Mr. and Mrs. Keeney are teachers in the Newton High School, and after a wedding trip will make their home at 1950 Commonwealth avenue, Boston.

### RUSSELL—DECKER

Miss Janet Gray Decker, daughter of Mr. and Mrs. Edmund L. Decker of 251 Mill street, Newton, was married to Thomas F. Russell, Jr., son of Mr. and Mrs. Thomas F. Russell of Montclair, New Jersey, on Saturday afternoon, August seventeenth, at St. John's Church, Newtonville. Rev. Raymond Lang performed the ceremony.

Miss Margaret Decker, a sister of the bride, was the maid of honor. The other attendants were Mrs. Oliver Terhune of Maywood, New Jersey, Miss Isabel Thompson of West Haven, Conn., Mrs. Herbert Henman of Albany, N. Y., and Mrs. Paul Crane, a sister of the groom, of Montclair, New Jersey. The best man was Howard Morgan of Cedar Grove, New Jersey, and the ushers were Paul Crane and Merritt Follett of Montclair, New Jersey, Edmund L. Decker, Jr., and Gould Decker, brothers of the bride.

A reception was held at the home of the bride's parents after which the couple left on their wedding trip. They will make their home in Montclair, New Jersey.

### TENDERED SURPRISE SHOWER

Miss Olive Connolly, daughter of Mr. and Mrs. John Connolly of 11 Waban street, Newton, was tendered a surprise shower last week Friday in honor of her approaching marriage to Mr. Frank Kenney, son of Mrs. Catherine Kenney of 292 River street, Waltham. The guests, numbering about twenty-five came from Newton, Waltham and Watertown. The home was prettily decorated with festoons of crepe paper in pastel shades of yellow and orchid. The many gifts for the bride-to-be were arranged in a basket of the same colors. Refreshments were served by Misses Dorothy Connolly and Anna Shaughnessey.

### NEWTON LODGE OF ELKS

Newton Lodge of Elks will hold its annual outing on Saturday, September 7th, at Stowe Country Club, Stowe. A dinner will be served that will not only satisfy the ordinary appetites, but will meet the exacting requirements of epicures who will attend and will furnish a sufficiency for gourmands.

A program of athletics has been arranged and a good time is promised the hundreds of members and their friends who will attend.

### NEWTON GIRLS ACTIVE IN CAMP

Word has been received of the activities of several of the Newton girls in various camps for the summer season. The Misses Mary Lou and Jean Melcher are at the "Nimble" camp, the junior branch of Camp Quanset. They are the daughters of Mr. and Mrs. James B. Melcher of Newton. Mrs. Melcher is in charge of the sailing at Camp Quanset. She sails all the Chatham Yacht Club races in her "Baybird" with her chosen crew. Among the Newton girls at Camp Quanset are Helen Ellis of Waban, one of the best swimmers in camp; Margaret Wilcox of West Newton, who is spending her second season at the camp, has passed her Baybird test and is being initiated into the daughters of Neptune; Betty Cook and Allison Hartwell, also of West Newton, took part in the camp dramatic club play, "The Florist Shop" which was given recently; Allison Thorogood of Chestnut Hill, Doris Bauder of West Newton, and Miss Brenda and Dorothy Young of Newton Centre.

Recently the junior campers at "Nimble" held a house warming in which Mary Lou Melcher took a prominent part. The little girls presented most realistically, "Hop-O'-My-Thumb," arranging their own costumes and scenery with the aid of the counselors. Punch and crackers were served in the new dining room. Mary Lou is an accomplished swimmer having passed all of her stroke tests and now working on diving. On Field Day she was awarded first place in the junior group for having the most excellent form in riding. Her younger sister, Jean, who will be six in November, began the season as a beginner in the swimming classes. She was recently promoted to the second class, having learned the crawl, float, back stroke, breaststroke and side stroke.

### WORKOUT IN GYMNASIUM HELPS STAR KEEP TRIM

A gymnasium workout a day keeps the doctor away.  
That is Clara Bow's motto and she sticks to it.

The workouts take place in the "It" girl's own gymnasium at her home in Beverly Hills. The place is fully equipped with rowing machine, punching bag, weight pulleys, medicine ball, Indian clubs, dumb bells, jumping ropes and handball court.

Miss Bow put in a particularly arduous training session for her circus performer's role in "Dangerous Curves," her new Paramount talking picture, which comes to the Paramount Theatre, Newton, on Sunday. The part called for her to do a number of difficult stunts which could only be accomplished by a more than ordinarily good athlete.

A half hour each day in the gymnasium is her regular between-picture schedule. When she is working before the cameras she cuts that time to 15 minutes.

Infants' Hosiery is another item added to the values shown at the Retail Store of Thomas Dalby Company in the Chase Building on Pleasant St. All the wanted qualities from Mercerized to Silk and Wool and all Wool stockings for infants can be bought at substantial savings.—Advertisement.

to said Court, a petition praying that his

name may be changed to that of Louis

Henry Marshall for the reasons therein

set forth:

## HERE is the.. SAFETY POINT

Known quality, up to a standard — not down to a price. Honest electrical capacity ample to fit your car. That is the safety point in battery economy.

Below it you risk disappointment, road trouble, upkeep expense and short battery life. A single tow-in

charge might eat up more than you saved on the first price of a cheap battery.

You'll find the safety point of battery economy in a Willard, the preference of millions of motorists, the first choice of 76 makers of cars, trucks and busses.

## Upper Falls Takes Lead In City Series

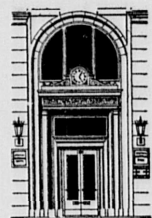

Needs One More Victory To Retire Graphic Cup

The Upper Falls A. A. has taken the lead in the championship series for the city title and the fourth leg on the Graphic Cup by defeating the Lower Falls A. A. Its post-season rivals, on Wednesday night and last night. Both games have been played at the Upper Falls diamond. The third game of the series will be played tonight at Lower Falls because of the fact that the West Newton Common will be the scene of the Newton Town Club-Philadelphia Giants game. If a fourth game is necessary to decide the championship it will be played tomorrow afternoon on the West Newton Common.

Lower Falls won the right to engage in the championship series by defeating the Nonantum A. A. second place winners in the two-league regular schedule, in two out of three games last week. Last week, Thursday, Nonantum won the first of the series at Victory Field by a 4 to 1 score. The winners had been weakened previously by the loss of catcher Allan McLean who split his finger in a game earlier that week. The victory was also a costly one for Nonantum as both its leading pitchers, "Jaakey" Pass and "Lefty" Schlieparker threw their arms out. Newton Lower Falls had strengthened its team by the acquisition of McNamara, the former Wellesley High and South Boston Two-league hurler. McNamara hurled for Lower Falls last Friday night and won the verdict at Lower Falls, 5 to 4. On Saturday afternoon at the West Newton Common the Lower Falls outfit clinched the series by winning 7 to 5.

The championship series was scheduled to begin Sunday at Upper Falls but the Upper Falls team had already arranged an outside game and had to put off the opening until Wednesday night. Wednesday night's game was a 6 to 2 victory for Upper Falls with Leo Crowley, former Newton High, Northeastern University, and Boston Two-league hurler, holding off Lower Falls attack. Crowley's pitching was one of the features of the game. Cooney, first baseman for Lower Falls, hit a home run with no one on base and in sliding into the plate was knocked out. The game was called at this point as it was fast growing dark. Last night DeGeorge twirled the Up-

## Begin Bus Service On Framingham Line

No More Street Cars to Run on Washington St.

The last car of the Middlesex & Boston Street Railway to be operated from Nonantum Square at Newton Corner departed from that terminal on Sunday night. Because of the closing of the bridge over the Charles River at Lower Falls it became necessary to replace the street cars with busses. The busses on this route commenced running Monday morning. The Board of Aldermen of the City of Newton some months ago granted the Middlesex & Boston company a permit to run busses instead of electric cars on the route from Newton Corner to Lower Falls. But, the Selectmen of Natick and Wellesley did not grant permits. The Newton aldermen have consistently treated the Middlesex & Boston Street Railway with great consideration, even with solicitude. And, in return the Middlesex & Boston has, on occasion shown a disposition to be somewhat more arrogant in its attitude towards wishes of the Aldermen of Newton than it has towards the Selectmen of other towns where this corporation operates—selectmen who have manifested a less kindly attitude towards the Middlesex & Boston than have the Newton Aldermen.

The popular belief for years has been that whenever busses would have replaced the electric cars, traffic conditions at Nonantum Square would be much improved. But, should the plans of the Middlesex & Boston be accepted by the authorities of Newton traffic conditions at Newton Corner will be worse rather than better. The M. & B. makes the very modest request that the present space reserved as a bus terminal on Washington street be extended westerly to Pearl Court and northerly a considerable number of feet from its present location. Such a plan would deprive the public of Newton of the much needed parking space in front of the Bacon Building. It would further restrict the limited parking space in front of the Stevens Building. There is now too little parking space at Newton Corner. There is no part of Newton Corner where parking space is more needed than in front of Bacon Block. This space is used largely by patrons of the Trust Company and Savings Bank as well as by customers of adjoining stores.

The Traffic Committee of the Newton Aldermen recommend that the bus reservation in front of the Whitman Building be somewhat lengthened and that the Framingham bus park there. This plan would prevent the congestion of busses which has resulted from stopping the Framingham bus at the terminal in front of the Stevens Building. It is infinitely better than to allow the M. & B. to monopolize all the parking space on the other side of Washington street. It will prevent adding to the undesirable situation caused by the construction of the sidewalk in front of the Stevens Building. During the busy hours of the afternoon and evening this sidewalk is so blocked by persons waiting for Waltham busses that pedestrians have difficulty in passing. It

## Newton High Eleven To Begin Practice

Face Hardest Football Schedule in Several Years

The first call for candidates for the 1929 Newton High School football team has been issued by Coach John L. Sullivan. Football suits and equipment will be given out beginning Wednesday morning, Sept. 4th, at 10 o'clock by faculty manager Dr. Oscar Martin at the high school. The initial practice will be held Thursday morning on Claffin field. Many of the candidates are expected to report at the sessions next week and the squad will be further augmented on the following Monday, the 9th, when school opens.

Just what effect the new "three-year" rule is going to have on the Newton eleven this year is still an unknown quantity. This rule was passed at the spring meeting of the Massachusetts Headmasters Association and after its passage considerable criticism was heard from many schools and others interested in school sport. But inasmuch as practically every school will be affected it should not work to the advantage of one and the disadvantage of the other.

The orange and black eleven is facing one of the stiffest schedules in years right from the opening game to the annual Thanksgiving Day contest with Brookline. One of the outstanding features of the schedule from a local viewpoint is the number of games to be played on the local field. It is rather too bad that the new Newton high field is not ready for use this year with such an attractive schedule.

The opening game of the season is slated for Sept. 28th with Malden always one of the strongest teams in the state and always drawing a big crowd wherever they play. The following week, Oct. 5 marks the opening of the 1929 Suburban league season with Cambridge Latin coming to Newton. On Columbus Day, Oct. 12th, which comes on a Saturday this year, the annual Newton-Everett contest will be played as usual. The game will be at Newton this season.

Quincy High has the Oct. 19th date on Newton's schedule. A few seasons past the Granite City outfit was Newton's opening game opponent but for the past year or two has not had a place on the local schedule. This game will also be played at Newtonville. The last week in October, the 26th, is the league game with Somerville at Somerville in the first game of the season away from home for Sullivan's outfit. Nov. 2nd Medford comes to Newton in a return meeting between the two schools, always the closest of rivals and the following week, the 9th, Newton plays Rindge Technical school at Russell Field, Cambridge.

Newton will meet Waltham in the second game since athletic relations were resumed between the two on Nov. 16th. The teams met at the Watch City field last year but inasmuch as the local field has not the facilities to seat the many thousands of spectators desiring to witness the annual conflict arrangements have been made to play the game at Waltham. It is hoped that the Garden City will be able to have its new football field in shape for the 1930 season so that the closest rivals of the Newton teams can be brought to Newton.

No game has been scheduled for the Saturday previous to Thanksgiving Day following the custom of many

## Excess Excise Tax On Motor Vehicles

Receipt of New Notices Arouses Indignant Protests

Thousands of owners of motor vehicles in Newton and tens of thousands of motor vehicle owners throughout Massachusetts have been torrid under their cravats the past 48 hours. The reason for the overheated condition is the knowledge obtained by said owners of automobiles that they must pay a motor vehicle excise tax this year, not once, but twice, or even more times. In other words the new tax on motor vehicles in effect this year for the first time, is not only an excise tax, but on a large percentage of automobile owners in Massachusetts, an excess tax. This tax treated to correct a glaring evil was so crudely drawn and perforce crudely enforced that it causes an evil comparable with the evil it is supposed to have abolished.

It is common knowledge why the excise tax on motor vehicles came into existence. Prior to this year the tax on motor vehicles was a property tax levied by assessors of towns and cities in the Commonwealth. The assessors, or their assistants in making their annual rounds ascertained, or were supposed to ascertain, or endeavored to ascertain who owned automobiles on the first day of April. Some upright souls gave the assessors correct information regarding motor vehicles which they possessed. Other citizens, persons who profess to be honest and honorable, forgot to tell about all, or any, of the vehicles they owned. And many, very many residents of Newton and all other communities in this state disposed, actually—or theoretically of old cars before April 1st and did not purchase a new car until after April 1st. By such actions on the part of such patriotic, unselfish citizens, towns and cities in Massachusetts were mulcted out of millions of dollars of revenue which should be received as taxes on motor vehicles. Were the offenders for the most part impecunious persons? No, gentle reader. Decidedly no.

To put a stop to the machinations of a large percentage of our citizens who possessed automobiles without paying taxes on them, an excise tax on motor vehicles was authorized by the Legislature and the Tax Commissioner of Massachusetts and other experts endeavored to formulate a method of taxation that would be practical. It was a difficult task. Many suggestions were made. Many plans were formulated. Many changes were made. The Tax Commissioner, the Registrar of Motor Vehicles, local assessors endeavored to acquaint the public

The FINANCIAL Side of Life.....

The part the modern bank plays in our daily lives is one of primary importance. A bank is symbolic of security... the protecting guardian of the financial safety and well-being of the family and the community. The financial side of life ceases to be a burden when your bank is one of unquestioned strength... when its service flows with smoothness born of efficiency, money seems to take care of itself. ## NEWTON SPORTS

### WOMEN'S ATHLETIC MEET NEXT WEEK

The biggest gathering of feminine athletes brought together in New England will compete on Saturday, September 7 at 2 o'clock at Norumbega Park, where record-holders and record-seekers will compete for recognized championships.

The New England Senior 100-yard dash will be one of the features. Olive Hasenfuss, the 17-year-old girl who has sprinted over that distance in 11 2-5 seconds will be a competitor. Her time is within one-fifth of a second of the record for women, and she has been training diligently in the hope of establishing a new record for her sex over that distance.

Another feature will be the shot-putting of Rena McDonald, holder of the present world's record for putting the eight-pound shot. In addition to those two events, there will be the following championship events: baseball throw, running high jump, discus throw,—all for seniors. The junior championship events will include the shot put and the discus championship.

In addition to those events there will be a 50-yard hand snap race, a 50-yard invitation and a 75-yard scratch race, all of which promise the tightest kind of competition.

Special cups have been donated by the playground commission of the City of Newton. Fifteen athletes selected from the 22 playgrounds of the city will be present.

### SPORT NOTES

#### Win Letters at Camp Quanset

Quanset Sailing Camp for Girls broke up Saturday, August 24, after a most successful summer of the twenty-five years of its existence. Jane Shreve, daughter of Mr. and Mrs. Henry M. Shreve of Cambridge, was awarded the medal as the best Bay-bird sailor. Miss Peggy Wilcox, daughter of Mr. and Mrs. William H. Wilcox of West Newton was runner-up. Both these girls are spending their second or third season at Quanset and are able to sail Baybirds alone. Jane won a swimming Q and a canoeing Q also one in tennis. Helen Quinton, daughter of Major and Mrs. A. B. Quinton of Cambridge, won the medal in tennis and a Q in canoeing. Frances Poirier of Winchester won the Senior medal in tennis and Alison Thorogood of Chestnut Hill, Alison Hartwell of West Newton, Dorothy Young of Newton Centre, Betty Cook of West Newton all won Qs in various sports.

#### One Big Inning Is Enough

One big inning was all the Newton Town Club needed Wednesday night to defeat the Somerville Progressives on the latter's field, 9 to 6. In the second inning the local club scored all of its tallies. The Somerville team scored four in the second and two in the fifth but could not overtake the Newton team while McDonald was on the mound and holding them to seven hits. Home runs by Hickey, Forsythe and Mullen were the outstanding hits in the collection of fifteen the Garden city outfit collected off Escott, former Somerville high school star.

#### Mahoney Chairman of Field Day

George A. Mahoney of Newton is chairman of the committee in charge of a field day to be held tomorrow at West Harwich for the benefit of the Holy Trinity church there.

#### Newton Man Gets Second

Lieut. Philip Baker of Newton Centre was second in a 120-mile closed course aeroplane race at Cleveland early this week. The event was won by Lieut. Owens of Philadelphia in 28 minutes and one second. The local man, in a Curtiss OH, was but 17 seconds behind Owens.

#### Johnson and Hill Out

Henry L. Johnson, Jr., and Malcolm T. Hill, both of Waban and well-known tennis players, were eliminated from the National Doubles tourney at Longwood this week in a first round match. Hyde of Hartford and Wood of Milton defeated them after a hard fought three set match, 7-5, 8-6, 6-2. This pair were defeated in the second round by Bell and White who later caused the biggest upset of the tourney in putting out Van Ryn and Allison, winners of several major titles this summer.

#### Town Club Wins Again

The Newton Town Club defeated the Highland Collegiates on the West Newton Common, 8 to 2. Bill Reilly, former Newton high school star, held the opponents to three scattered hits while Newton collected fifteen off Hatten, scoring six runs in the third inning and two more the next.

#### Noble Retains Championship

Arthur D. Noble of Newton Centre won the Southern Maine tennis singles title this week for the second consecutive year. Noble, who holds several other titles including that of junior champion of Canada, met H. W. Christensen of the Canoe and Brook Club of Summit, N. J., in the final match and was the winner in straight sets, 8-6, 6-2, 6-2. In the men's doubles tourney Noble and his partner, F. M. Broughton of Newton, were defeated in the third round by L. D. Hill and G. G. Sutton, 2-6, 6-0, 2-6.

#### Ober and Signore Place

Julius Ober, former Newton high runner, and Augustus Signore, member of the Newton high track team last season, were place winners in the 10-mile road race of the Pere Marquette Council, K. of C., last Saturday. Ober, running unattached was eleventh in 58 m., 23s. while Signore placed fourteenth about twelve seconds later.

#### To Play Giants Again

The Newton Town Club and the Philadelphia Colored Giants will meet again at the West Newton Common tonight. In the first game between these two teams a few weeks ago the Giants won. The Giants are the outstanding semi-pro team in the state and one of the largest crowds of the season witnessed the first game.

## KIWANIS NIGHT AT NORUMBEGA

The Newton Kiwanis Club will hold a special 10-act vaudeville show on Tuesday, September 10, when the Welfare Fund of that organization will be benefited by the proceeds of the performance.

For that night, all seats in the open-air theatre, which is the largest in New England will be reserved. They may be obtained by the general public by applying at the box office that day, or to the park management previously.

The Ginter Company restaurant "Old Venice" at Norumbega Park is offering a special dinner that night, which will be served at such time as to allow leisurely and enjoyable dining and still be completed before the curtain goes up on the first of the 10 acts in the theatre.

A large committee of Kiwanians has been assigned to put the show over and is working with Will White, manager of Norumbega Park.

#### ROTARY CLUB

At the meeting of the Newton Rotary Club on Monday, Lieut. Commander Andrew I. McKee of the U. S. Navy, gave a very interesting talk on Submarines. The speaker, who is in charge of the submarine branch in the Construction and Repair Department at Washington, is an expert in his line and held the close attention of his audience. His explanation of the new devices for saving of lives when a submarine sinks to the bottom, was especially interesting and the close of his talk he was deluged with questions.

"PROVINCETOWN"

This charming little house embodies many very interesting and desirable features. First of all, the effect of the sharply pitched roof is one of distinction and grace.

Then, too, some people like the centre entrance which is usually hard to get in so small a house as this. Note that all rooms are of ample size. Consider the convenience of the stairway which is immediately accessible to the kitchen. The little front alcove on the second floor makes a very cozy place for a writing desk, a sewing machine or a comfortable chair.

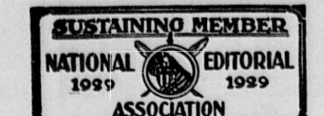

Alternate plan: Has four chambers and bath on second floor.

If you would care to see detailed plans of this cozy little home or obtain information concerning its cost, etc., write or phone The Fuller Lumber Store, 53 Harvard St., Brookline. Telephone Regent 8272.

## MOTOR VEHICLE EXCESS EXCISE TAXES

(Continued from Page 1)

through various channels with the intricacies of the new tax. But the public did not become thoroughly conversant with the new law. The public knew that persons registering automobiles must give certain information to enable the Registry of Motor Vehicles to enlighten Town Assessors and City Assessors as to who owns cars and how much these cars cost when they were new. The public also knew quite generally that the new excise tax would tend to discourage those "wise individuals" who waited until after April 1st before using cars on the roads because these individuals would have to deprive themselves of the use of their car for much of the year if they would save paying an appreciable part of the tax.

But, as regards the details of the tax the general public, most of whom own automobiles, knew very little about the motor vehicle excise tax. Neither did the members of the Legislature. In May of this year, the middle of May to be more exact, persons in Newton received notices of the amount they owed the city for taxes on motor vehicles. These notices were dated May 6 by the City Collector. The notices gave the information that the rate per \$1000 is \$29.65. The notices gave information that the taxes would be "Due and payable upon the first day of the calendar month next ensuing which is not less than sixty days from the date of registration, but not earlier than the date set for the payment of local taxes, other than poll taxes of the calendar year." Persons receiving the notices of the new motor vehicle excise tax upon inquiring at the Assessor's office were informed that they need not pay the tax before next October, should they desire to take advantage of the provisions of the law.

On Tuesday of this week, August 27th, the City Collector mailed to owners of motor cars in Newton 4671 notices of motor vehicle excise taxes. Some of these notices were sent to persons who had not registered their cars in the first few months of the year. A large percentage of the notices were sent to persons who had purchased new or used cars since the first of the year and who had traded their old cars. These persons quickly realized from the amount of the taxes that they are being taxed not only for a full year for the cars they formerly possessed and disposed of, but also for a full year for the cars they now own. Naturally, many of those so imposed upon, in fact, hundreds, hid themselves to the Assess-

sors office to ask for abatements. They supposed that they would have to pay only such an additional tax as would represent the difference in value between the cars disposed of and the cars acquired. They were rudely shocked when informed that they will receive no abatements. They were further informed that the tax notice and to observe that the information is given there—The owner may within 60 days of notice of assessment apply to the local assessors for abatement and, from their decision upon such application, an appeal may be taken to the County Commissioners or to the Superior Court in accordance with the provisions of sections sixty-four and sixty-eight A of chapter fifty-nine. They were further informed that, having failed to make such application for abatement within 60 days, the assessors cannot grant abatements.

The indignant motor-car owners thereupon assert that they are not asking abatements on the tax bills received in May, but upon those received this week. They are blantly informed that the assessors cannot grant abatements on the tax bills just received because cars registered before the first of July must be taxed for their full value for a full year. The assessors attempt to pour Balm of Gilead on the wounded feelings of the victims by telling them that a car can have but one excise tax placed upon it each year so that they can arrange with the purchasers of the cars formerly owned by the victims to pay a proportionate part of the tax levied on such cars. This is very consoling. An owner of a car which has been turned in as part payment for another car usually has no knowledge as to the disposition made of the car turned in. Such a car may be sold by the automobile dealer in the city where it was traded, or it may be sold to someone in a distant part of the state. The person purchasing the car in turn receives a tax bill for it from the local assessors in his town and so, again, a duplication or multiplication of taxation occurs because the new motor vehicle excise tax is loosely drawn and ineffectively operated.

Another evidence of the inconsistency of the new tax, of the unfairness of it is this. Many owners of automobiles in Newton who own cars since the first of January and who have since traded these cars for new cars, or sold them and acquired new cars, received no tax notice last May. They did, however, receive two notices this week. One tax notice for the car formerly owned, and another tax notice for the car now owned. These fortunate individuals, because both notices are dated August 20 will be granted abatements. Quite impartial and equitable, isn't it?

Those who went to the City Hall this week to seek relief from double taxation on automobiles received from the Assessors an explanatory circular headed "MOTOR VEHICLE EXCISE TAX NOTICE." This circular reads as follows:

## MOTOR VEHICLE EXCISE TAX NOTICE

Under the law an excise tax shall be assessed on each motor vehicle registered during the calendar year.

It is a PRIVILEGE TAX for the use of the highways and not a property tax. Rate \$29.65 a thousand, throughout the state.

The value is determined by the State Commissioner of Taxation, based on the following percentage of manufacturer's list price:

1928-30%	1926-25%
1927-40%	1925-10%

All other years—10%

The manufacturer's list price is the rule by which the excise is measured. Age, condition, and market value of motor vehicle are not considered in determining tax values. Motor vehicles are assessed by the local Assessors on the information furnished by the applicant when applying for registration; this information comes to the Assessors from the State Commissioner of Taxation. They are assessed at the HOME address if not stated in the application that they are garaged in some other city or town. Any correction of name, address, maker's name, model or year of motor vehicle must be made at the Registry of Motor Vehicles, as the Assessors have no authority to change a Registration Card. When a motor vehicle has been

sold, or registration cancelled, an abatement can be had by applying to the Assessors.

Example 1: A registers a car January 1, 1929, and sells it to B on March 1, 1929. A is entitled to an abatement of 10/12 of his tax, if he applies within 60 days of date of tax bill. B, who buys and registers SAME CAR, is entitled to a refund of the amount paid by A, by filling out the required blank.

Example 2: A registers a car January 1 and cancels his registration by returning his number plates to Registry March 1, 1929. He is entitled to an abatement of 10/12 of his tax.

If a motor vehicle has been incorrectly classified, the tax payer may petition the Assessors for an abatement and the proper adjustment will be made.

## BOARD OF ASSESSORS, Newton, Mass.

This circular is quite illuminating. Had it been printed and distributed to car owners before, or simultaneously with the mailing of the motor vehicle tax notices last May, there is little doubt but that car owners would have quickly made applications for abatements.

The old wheeze "Ignorance of the law is no excuse" will not be accepted with complacency by the many thousands in Massachusetts who are being unjustly taxed because of this new tax law. Assessors sympathize. They have listened, are listening and will listen to verbal explosions from multitudes of irate automobile owners. But, if the assessors display good judgment they will not attempt to justify present conditions. They will not attempt to condone the injustice being wrought by the application of the motor vehicle excise tax law, by accusing those doubly and triply taxed of laxity in not anticipating the unlooked for complication which is causing so much trouble for assessors and so much perturbation for motor vehicle owners. The assessors in Newton and elsewhere can and should merely inform those who come to protest, "We have no authority to grant abatements."

The Commonwealth of Massachusetts through its Legislators or its Tax Commissioner cannot condone the extortion which has resulted from an experiment in law. It is quite probable that something will be done to accord justice to those who have been ordered to pay taxes twice or thrice for the privilege of operating one motor-car. It is assured that efforts will be made to have a bill passed which will compel assessors to grant retroactive abatements and to pay the thousands wrongfully taxed this year, and which will authorize and compel Town and City Collectors to refund the taxes unfairly levied. Senator Arthur W. Hollis of this district favors such action and will work for it.

The statement made on the circular which was printed by order of the Newton Board of Assessors says concerning the motor vehicle excise tax "It is a PRIVILEGE TAX for the use of the highways and not a property tax." This statement did not originate with the Newton Board of Assessors. It was originated by sage and serious gentlemen at the State House. But, with all due respect for the gentlemen who started this assertion, the contention that the motor vehicle excise tax "is a privilege tax for the use of the highways and not a property tax" is positively the bunk. The tax paid by motorists for the use of the highways is the 2 cents paid on each gallon of gasoline purchased in Massachusetts. The motor vehicle tax was created to afford revenue to towns and cities. Prior to this year automobiles were taxed as property by local assessors. Automobiles are still personal property.

The so-called excise tax on them was passed to enable municipalities to obtain taxes on such a form of property. To attempt to gloss over the impracticable application of an untried law by the "Hokus Pokus" of calling a property tax a privilege tax will not placate those who have been overtaxed. There is no question but many appeals will be taken from the decisions of Assessors who will refuse to grant abatements on motor vehicle excise taxes. County Commissioners and even the Superior Courts will listen to many appeals. Such appeals will help in the repeal of the present very objectionable features of the motor vehicle law. So will protests to your representatives in the Legislature.

## BURR PLAYGROUND

The Annual Reed Fund Picnic was held on the Burr Playground on Saturday. The number of children participating was larger than ever before. 1960 orders of ice cream were issued. 75 cases of tonic were drunk and about 900 pieces of chocolate were given out. The three professional entertainers were highly enjoyed by the children. Local boys and girls as well as children from the Upper Falls playground, Cabot and Eden Avenue playground entered into the dances. A toy orchestra of 40 pieces from Thompsonville was also highly enjoyed. Mr. James S. Cannon, member of the Board of Trustees of the Reed Fund, told the children the origin of the gift from Mr. Reed and presented the prizes in behalf of the Trustees.

EDEN AVENUE PLAYGROUND

The Eden avenue playground, used by girls and boys below the age of eight, has been very successful throughout the summer. Miss Helen Swain who has had charge of the playground was assisted by Miss Margaret F. Gay and Miss Louise Maguire. Mr. Donahue is district supervisor of this playground. Too much cannot be said in credit of the exhibition of handwork which, for a small playground, was of an exceptional nature, not only as to the quality of the work, but on account of the variety of the work and the tremendous number of articles made by these children. The festival there was held on the afternoon of August 21st.

The games were well adapted to the size of the playground and the children showed keen interest in the competitions.

## SUTTER'S MILL

The discovery of gold was first made in California on Captain Sutter's estate, in 1848. This discovery was a great misfortune to Sutter for as a result he lost land grants made to him by Mexican governors for his military services. The picture above shows the old Sutter's mill in the colony founded by the Captain.

### French Beggars Flock to Their Special Mass

The great church of Sacre Coeur (Sacred Heart) on the heights of Montmartre, Paris, was a feature that could not be duplicated in any other church in the world. Every Sunday morning at eight o'clock there is "Beggars' Mass." Painfully climbing the steps come hundreds of the down-and-outs of Paris, some hatless and shoeless, others in rags and still others bent over with physical infirmities. But they are proud of their special service, and the mass is said to them by the chief dignitary of the church. The service is complete in everything but the collection. As the poor go out each receives 25 centimes—a nickel in old days—and a card good for a large piece of bread. On special church days the gift is increased, and the attendance is larger. An office is also maintained to help them get work. Speaking of these Sunday services a church dignitary said: "If there remains a spark under the ashes it may be fanned to flame. Many there are who owe to their coming here the straightening of a broken life."—Pathfinder Magazine.

### Romance of Brownings Throve on Mere Words

By modern standards, says David Loth in "The Brownings," Robert Browning and Elizabeth Barrett starved their love cruelly. A hand-clasp was beyond all Robert's daring. A kiss was something mentioned in poetry but never attempted in real life. However, they derived a certain pleasure from the realization that their love could thrive on a diet of mere words. And of words they were prodigal indeed. Over the exchange of a lock of hair they lavished enough of ingenuity and lyrical expression to have made a trunkful of the kind of plays Robert wrote.

His letter suggesting that she trust him with a wisp of black curl was a masterpiece of dignified pleading worthy of a request for a couple of dukedoms and a principality. He felt greatly daring, and well he might. An admirer of Ba's poetry had only three weeks before made a similar though not so elegantly phrased plea.

"I am too great a prude for such a thing," she answered.

### Probable Age of Earth

The Naval Observatory says that it is believed that the solar system has existed in approximately its present form for many millions of years; but from our present knowledge on this subject we cannot state what may have been its condition at any definite period in the remote past, such as 500,000,000 years ago. A recent estimate, found in "Astronomy," by Russell, Dugan and Stewart, gives the earth's age as possibly some four or five billion years, but this is subject to future revision if other factors in the problem become known. It is supposed that the day was formerly somewhat shorter, and the moon somewhat nearer the earth than at present.

### Noise May Grow

A great deal of the noise which assails our ears in a busy city, for instance, is not only due to the constantly increasing use of machinery but because the type of building construction now used tends to prolong and transmit noises. A bare plastered wall, for example, reflects noises better than a mirror reflects light. If you clap your hands together in a bare plastered room, more than 95 per cent of the noise will be reflected from the wall. The sound of the hand clap will, therefore, persist for several seconds. This phenomenon of reverberation causes noises to be built up and retained "alive" in a room in such a way that their intensity is actually increased.

### American "Penny Press"

The history of American Journalism states that the precursor of the penny press was the Daily Evening Transcript, established in Boston July 24, 1830, by Lynde M. Walter. While this paper was not sold on the streets for one penny, it was quoted at the extremely low rate of \$4 per annum. Probably the first daily that was actually sold for one cent was the Cent of Philadelphia, published in the same year as the Daily Evening Transcript in Boston. In New York city the idea was first conceived by Dr. Horatio David Shepard.

### Rigid Tests for Drivers

In Berlin candidates for places as bus drivers must pass a series of very rigid tests. When the applicant has complied with all other requirements he is placed at a steering wheel and confronted with a moving picture screen in which appears a procession of busses and other vehicles, a runaway horse, some old ladies scurrying back and forth and an occasional "jay walker." If the candidate avoids all these obstacles satisfactorily he gets the job.

### Tree Belfries

Many of the first Christian church bells were fastened in tall trees that stood near the church, writes Satia N. Coleman in his book, "Bells." Even today, in some villages of Russia and other countries, the bell hangs on the branches of a tall tree in the churchyard. In Iceland the bell usually is placed in the "lych gate," a covered entrance to the graveyard. The tree belfry once was common in Scotland and Ireland.

## POLICE NEWS

Tilly G. Stewart of Moncton, New Brunswick was arrested yesterday morning by Patrolman Lyons for speeding. In court shortly afterwards the visitor from the Maritime Province was fined \$25. Others fined for speeding were—Arthur Coleman, Roxbury, \$15; Max Kagan, Lynn, \$10; Byron Roth, East Greenwich, Rhode Island, \$10; Joseph Taylor, 1100 Boylston street, Newton Highlands, \$15. Eleven autoists were fined \$5 each for failing to STOP before entering Washington street.

In the Newton court yesterday Gesner Roscoe of Bridgewater, who has been building houses in this city, was fined \$50 and sentenced to thirty days in jail for misapplying money received for building loans. He appealed. Edon Roscoe, tried on a similar charge, was found not guilty.

### RED CROSS PLANS ACTIVITIES

Newton Chapter, American Red Cross, plans for an unusually busy Fall and Winter. One of its activities to be resumed at an early date will be the giving of free instruction in home hygiene and the care of the sick and first aid. Miss H. M. Norcross, instructor, will be at the office of the chapter, 12 Austin street, Newtonville, next Wednesday, Thursday and Friday for consultation with those who desire to join either or both of these classes.

The chapter announces the continuance of life-saving work. Seniors who have recently passed the tests include Mrs. Beatrice Wright, Constance Ober and Ruth Cobbleigh, while juniors who have passed recently are Margaret Bulman, Marjorie Crosby, Mary Hynders, Ruth Wood and Phyllis Wood.

### REAL ESTATE

John T. Burns & Sons report that they have sold for Sumner Robinson, administrator of the Miner Robinson Estate, the property locally known as 51 Park avenue in the Farlow Hill district of Newton. This estate comprises a mansion home of twelve rooms and four baths, together with three car garage and 89,000 sq. ft. of land. The entire estate is assessed by the City of Newton at \$34,500, although the real value of the property is far in excess of this assessment. Edward A. McLaughlin, Jr., is the purchaser and after some slight alterations will occupy the premises as a home.

Burns & Sons also report that final papers have passed locally Francis Solomon of Boston conveys the property 578 Centre street, Newton, to Kathleen O'Neill of Waban. This estate comprises a twelve room single residence together with garage and 17,000 sq. ft. of land, in all assessed by the City of Newton for \$22,000, of which \$14,000 is on the land. Mrs. O'Neill, after extensive alterations, will occupy the premises as a home.

Many other important negotiations on Newton real estate have been closed by the Burns agency this past week, upon which final papers will pass during the coming month.

### Light Without Heat

Neon (Greek, "new") light does not radiate heat. It is cold light. Although a "cold light" producing phenomenon peculiar to certain groups of animals, such as the fireflies, glowworms, tree frogs and the so-called luminous birds which give forth light as a by-product of their activity, has long been known to scientists. Prior to the discovery of neon, artificial light without heat was scarcely heard of.

### Old Newspaper Squabble

Dickens is said to have found an episode for his future "Pickwick" in an abusive altercation between his paper, the Chronicle, and the Times. The Chronicle having charged that the Times showed "a reckless disregard of dignity and of principle," the Times retorted that Dickens' paper was "an unscrupulous, cowardly, treacherous, ferocious squint."

### Vegetables Enjoyed by Epicures of Old Times

The beets of ancient Greece were black and white and the leaves as well as the roots were used. The leaves were generally preferred to lettuce, though lettuce was highly thought of for its cooling effect.

There are accounts of lettuce being served in its natural state at the tables of Persian kings as far back as 500 B. C. The Romans generally cooked it. Roman lettuce was black and its milky juice was said to induce sleep. In Sixteenth century England, where eight varieties were found, it was cooked or served with oil and vinegar.

Only in recent years have mushrooms been anything like abundant on the market, and outside the large cities they are considered a rarity still; yet mushrooms have been available for thousands of years. Said Pliny: "The last device of our epicures to sharpen their appetites and tempt them to eat inordinately is the cooking of mushrooms."

Often they prepared the dish with their own hands to enjoy the odor. The mushroom, however, fell into discredit at the death of Emperor Tiberius Claudius, on account of the aid it had rendered Agrippina, his wife, in poisoning him.

### Made Handsome Income by "Hurry Up" Weddings

One of the most famous marriage brokers of history was 'Tev. Alexander Keith, who, at the height of the Eighteenth century, did a flourishing trade in clerical marriages in the Mayfair district of London. He used to celebrate as many as 6,000 a year and charged a guinea for each ceremony. He was publicly excommunicated and in return proceeded to excommunicate the bishop of London. Judge Andrews, who tried him, and the rector of St. George's.

James, fourth duke of Hamilton, was married to the beautiful Miss Gunning at the Mayfair chapel with a ring from a curtain at 12:30 p. m. In 1753 the marriage act put an end to Keith's hasty weddings and he retired to private life.

### How Poppy Became Symbol

There is some confusion and misunderstanding in regard to the use of the poppy as a symbol, by the American Legion and the Veterans of Foreign Wars. The poppy was first sold in this country for war relief before the armistice, when Mme. Guerin disposed of millions of them which had been made by French orphans. The Veterans of Foreign Wars bought the last of her stock. In 1920 the American Legion had a national poppy sale, but in 1921 had a daisy sale. The Veterans of Foreign Wars then had a poppy drive. Later the Legion used the poppy. Both organizations now sell poppies near Memorial day for raising funds for needy veterans, and it seems that this flower has found a place in the American heart along with the red cross upon a white field.

### Tit for Tat

"Ah," said the elderly tramp, giving his brimless hat a twirl, "education is a wonderful thing in our line of business."

"Why, whatever good is education to us?" asked the younger road walker.

"I'll tell you," was the reply. "I was in Beverly one morning and knocked at the door of a tidy little bungalow. When the lady of the house came out to see who it was I quoted a little Shakespeare."

"Well?"

"An" she replied with a little bacon."

### "Makers of the Flag"

On Flag day, 1914, before the employees of the Department of the Interior, Franklin K. Lane, then secretary of the interior, made an address which ended: "I swung before your eyes as a bright gleam of color, a symbol of yourself, the pictured suggestion of that big thing which makes this nation. My stars and my stripes are your dream and your labors. They are bright with cheer, brilliant with courage, firm with faith because you have made them so out of your hearts. For you are the makers of the flag and it is well that you glory in the making."

### Poor Place for Doctor

Many centuries after the time of the Greeks and the Romans cabbage was still so highly thought of as a health giver that the story was told of a doctor going to settle in Denmark, who, when he saw fields of cabbage everywhere, lost heart, deciding that Denmark would be a poor market for his services. But an English writer of half a century ago recounted with apologies instances of the high regard in which the vegetable had been held. His age, said he, looked on all members of the cabbage family as hard to digest and affording little nourishment.

### Duty

An Indiana business man who is cranky about his food distressed his wife by setting his cup of coffee in the platter of butter.

"What do you mean by doing a trick like that?" inquired the wife. "I am only carrying out an injunction of humanity. It's the duty of the strong to support the weak," replied the aggrieved husband.—Indianapolis Star

## ABOUT TOWN

By Edw. H. Powers

Will Rogers is so persistently trying to make people "air-minded" that some folks are suspecting that "Will" is being subsidized by those interested in the promotion of aviation. This, of course, is not so.

Companies operating inter-urban bus lines in Illinois have organized motorcycle squads to keep tabs on operators of their buses who drive faster than 40 miles per hour. Operators caught violating the rule not to go faster than this speed are discharged. It would be a good idea for companies operating buses in Massachusetts to emulate the Illinois bus concerns.

Public Buildings Commissioner Chadwick has recommended to Mayor Childs that this city adopt an ordinance which will govern more strictly the installation of gas piping and appliances. Under the present ordinances of Newton gas piping and appliances are installed in accordance with such rules as formulated by the Boston Consolidated Gas Company. They are installed for the most part by employees of the Gas Company. The Building Commissioner says, "It is the belief of the Inspector of Plumbing and the Commissioner, on account of the great increase in the use of gas that our people shall be more amply protected from the danger of incorrect installations which might create a very serious life and fire hazard. I, therefore, submit to you a proposed amendment to the Building Code creating a Gas Code which bears the approval of the Inspector of Plumbing and myself. I would request that you place this matter before the Board of Aldermen for their consideration." Buildings Commissioner Chadwick also recommends changes in plumbing regulations which will take care of changes in the building industry and reduce the cost of construction.

## POLICE NEWS

In the Newton court on Tuesday Judge Bacon fined Tony Lupo, 108 West street, Nonantum, \$5 for not stopping before entering Washington street; Roy Gance of Somerville, \$25 for speeding and Joseph Hall of Brookline \$10 for a like offence; Joseph Ardino of Langley road, Newton Centre, \$10 for driving at night without proper lights on his car. Other "speeders" fined \$10 each in court that day were Rose Dine, Medford; Charles Smith, Holliston, and Edward Krzewick, 430 Homer street, Newton Centre. Autoists fined \$5 each for failing to STOP before entering Washington street included—Donald LeClear, Upland road, Waban; Pearl Fehrney, Cambridge; James Guard, Wellesley; Thelma Sims, Shore road, Wellesley; Edna Weierich, Jackson street, Newton Centre.

In court on Wednesday business was so brisk that Judge Brown of East Boston assisted Judge Bacon in hearing cases. "Speeders" fined \$10 each were John Di Mio of Boston; Harold McCourney of Worcester and Charles Adams of Waltham. "Non-stop" autoists fined \$5 each for ignoring the Washington street signs were Bertha Feather, Gammons road, Waban; Hazel Wilder, Crescent street, Waltham; Edward Mazzoli, Framingham.

Edward Thomas of Virginia road, West Newton, who earlier in the week appealed a jail sentence when convicted of stealing money from Douglas Furbush of Adella avenue, withdrew his appeal on Wednesday.

In the Newton court on Monday Judge Bacon fined Joseph Burgess of Cambridge \$10 for speeding. Ernest DeSimone a youth who formerly resided in this city, but whose present home address is given as Prospect avenue, Chelsea, was given a suspended fine of \$50 for driving an automobile after his license had been revoked. Young De Simone was returned to the Shirley Reform School from which he had been on parole.

Sunday afternoon Patrolmen Dalton and Teegan arrested three boys who reside on Pearl, Channing and Fayette streets, Newton. The trio are being tried in the juvenile court today charged with breaking and entering and larceny. According to the police they cut the wire screening in the rear door of the store at 273 Centre street, owned by Bell & Kaufman, stole 17 bottles of tonic and then secreted it in the Newton Opera House from which place they were going to remove the loot in a small army trunk.

Mrs. Marion Fowler, charged with conducting an unlicensed lying-in hospital at 16 Chesley avenue, Newtonville, was found guilty by Judge Brown in the Newton court on Wednesday and fined \$200. She appealed.

**LINCOLN PARK BAPTIST CHURCH TO OPEN FALL PROGRAM**

At 10:45 a. m. Sunday, Sept. 1st, the Lincoln Park Baptist Church will open its fall program with a special service including sermon and worship and culminating in the observance of the Lord's Supper. The pastor, Rev. John Shade Franklin, will preach at the beginning of the hour on the topic, "The Law of Labor." The order of worship will be entirely new but based upon the new plan that was worked out during the summer and used on August 11th. While this has proven very successful it will be used Labor Sunday only as a further experiment.

The prayer meeting will open on Thursday evening, September 5th, at 7:45 p. m.

### BARROWS—FESSENDEN

A very pretty church wedding took place on Tuesday evening, August 27, in the Newton Methodist Episcopal Church, when Miss Anne Fessenden, daughter of Mr. and Mrs. William P. Fessenden of 16 Avon place, Newton, was united in marriage to Mr. Everett Raymond Barrows, son of Mr. and Mrs. Theodore Barrows of Arlington.

The ceremony was performed by the Rev. A. J. Strait of Malden. The bride was given in marriage by her father and the double ring ceremony was performed.

The bride's gown was of ivory satin trimmed with orange blossoms and pearls. She wore a tulle veil, and carried a shower bouquet of bride's roses and lilies of the valley. The maid of honor was Miss Florence Saunders of Auburndale who wore a gown of light blue tulle with hat and slippers to match, she carried roses and larkspur. The two bridesmaids were Mrs. Alma Hoviland (Margaret Fioneon) of Long Island, N. Y., and Mrs. Russell Bailey (Dorothy Cooper) of Auburndale. Their gowns were of pink tulle with hat and slippers to match, they carried bouquets of pink roses and larkspur. The two little flower girls were Ruth Moulton of Waltham and Helen Hoviland of Long Island, N. Y. Their dresses were peach chiffon and they carried baskets of rose petals.

The best man was Mr. Earl Barrows of Arlington brother of the groom. The ushers were Mr. Clifford Barrows and Mr. Merton Barrows of Arlington both brothers of the groom. Mr. Edward Fessenden of Newton, a brother of the bride, and Mr. Earl Johnson of Arlington.

Immediately after the ceremony a reception was held in the church parlors, where the bride and groom were assisted in receiving their friends by the parents.

After an extended honeymoon Mr. and Mrs. Barrows will reside in Arlington.

### SAWYER—HERSUM

The marriage has been announced of Miss Beatrice Hersum, daughter of Mr. and Mrs. Ernest L. Hersum of Oak Ridge, Auburndale, to Harrison James Sawyer, also of Auburndale. Mrs. Sawyer attended Simmons College where she was a member of the class of 1927 and subsequently studied at the Brown School of Costume Design in New York City. Mr. Sawyer, who attended Boston University, is now in business with his father in Boston.

### HALE—BROWN

Mr. and Mrs. J. Albert Chaffee of Providence, R. I., formerly of Harvard street, Newtonville, have announced the marriage of their daughter, Betty Brown, to Mr. William Kendrick Hale of Miami, Florida.

Every day women save on Underwear at the Retail Store of Thomas Dalby Company in the Chase Building, Pleasant Street, Watertown. ## POLICE NEWS

Carney Davis, 17, of Shawnee, Oklahoma, was in the Newton court on Monday charged with breaking and entering and larceny. He was held in \$2000 bail for appearance today in the juvenile court. Young Davis was arrested last week at Geneva, New York, by an alert motorcycle policeman named Yerik who noticed him hanging around a filling-station and who regarded him with suspicion. Upon being searched Davis' pockets were found to contain a number of pieces of jewelry, some of which, from the inscriptions upon them were presents given to John F. Malley of 188 Commonwealth avenue, Chestnut Hill, by various lodges of Elks. Mr. Malley had served as Grand Exalted Ruler of the Elks. Davis admitted having entered Malley's residence on August 14th, at nighttime and stolen a considerable amount of jewelry. Some of this was sold in Albany and Syracuse, New York. The Newton police were notified and Inspector Goode went to Geneva and brought Davis to this city.

Edward Thomas of Virginia road, West Newton, was found guilty in the Newton court Monday of stealing \$150, a pen and a pencil from Douglas Furbush of West Newton. He was sentenced to serve three months in jail and appealed.

In court last Friday Jacques Billionnel of Cambridge was fined \$25 for speeding. For like offences Felix Molis of Waltham was fined \$5 and William Bailey of West Roxbury \$10. Earl Field of Waban was fined \$25 by Judge Bacon on Saturday and given a suspended sentence of 30 days in jail for failing to pay wages to men who had been in his employ.

Among the many fined by Judge Bacon last Friday for violating traffic and automobile laws were the following—Duke Rowat, Warwick road, West Newton, and Peter Reagan, Willoughby road, Brighton, \$5 each for failing to stop before entering Washington street; for speeding, Walter Balboni, Waverley; Arthur May, Jamaica Plain; Ralph Brooks, Roslindale; Antonio Costa, Roslindale; William Kelly, Dorchester; Alfred Jordan, Norwood, \$10 each; for driving with improper lights Haskell Freedman of Cambridge was fined \$5 and Frank Colaba of 191 Chapel street, Somerville, was fined \$15. It was a second offence for the latter.

## CHILDREN'S MUSEUM

Professor George H. Barton, geologist of Cambridge, will describe his trip to Greenland as a member of the Sixth Peary Arctic Expedition in 1896, at the Museum next Sunday afternoon at 3:30. The expedition is free, and the talk will appeal as much to grown-ups as to children. Fighting every inch of their way through treacherous ice, the three divisions of the expedition finally reached their goal. Professor Barton's division made a study of the great ice cap and glaciers, also the geology and geography of the region. On exhibition at the Museum is an interesting case of articles brought back by Professor Barton. A waterproof garment made by the Eskimos of seals' intestines always attracts special attention.

Illustrated talks being given at the Museum daily at three o'clock include this week, "Czechoslovakian Folk Lore," "Children of the Wide World," and "Crashoppers and Crickets." Each talk is interestingly illustrated with motion pictures, lantern slides and specimens. Admission is free.

Cut flowers from Franklin Park are on regular display at the Museum, as well as wild flowers gathered nearby by members of the Museum staff. This week the Museum interior is especially gay by reason of a donation of brilliant gladioli from the Horticultural Hall show just ended. All the flowers on display are properly labelled.

The flourishing "live" museum upstairs in the lecture hall includes at present, two alligators, a garter snake, various kinds of frogs, turtles, and salamanders, grasshoppers, crickets, cicadas, goldfish, crayfish, guppies fish and bees.

Groups from Boston playgrounds continue to make daily visits to the Museum, staying all day, and eating their lunch out under the trees. A "swell" time is invariably had by all.

## FALL SEASON OPENS AT PARAMOUNT

Mr. J. N. Snider, Manager at the Paramount Theatre, Newton, announces a new time for the evening performances beginning Sunday, September 1st, "Labor Day Continuous" which will be 7:45. The matinee time will remain the same at 2 o'clock. This will give the patrons more than three hours of entertainment.

This being Paramount Month all over the country, the management of each Public Theatre is making a special effort to break all attendance records this month, the first big picture on the Paramount Month will be "On With The Show." The following week "The Green Murder Case" and then "Dr. Fu Man Chu" with other big specials to follow.

"On With The Show," the first 100% natural color, talking, singing, dancing picture, a Warner Bros. Vitaphone production, is the most lavish and colorful picture of the season. The new color process that was used brings out costumes, settings and players in their natural tints. It is the first all-talking all-color picture to be filmed. "Twice, Sam Hardy, Lee Moran, Wheeler Oakman and many other notables are in the cast as well as a dazzling beauty chorus of 100.

The story was adapted for the screen by Robert Lord from the story by Humphrey Pearson. Harry Akst and Grant Clarke did words and music; Larry Coball arranged dances and stage presentations and direction was in the capable hands of Alan Crossland.

## Mirrors Resilvered

Every home has at least one or two mirrors that need resilvering. Our process assures you of the very best. The old silver is stripped off, glass repolished, two coats of silver applied, a coat of the purest shellac is applied, then painted with a waterproof paint. If the glass is in good condition the result is just like a new mirror. We call for and deliver and our prices are right. We also reframe old mirrors.

## TO BEGIN FOOTBALL PRACTICE

(Continued from Page 1)

years' standing in order to give the players a slight letup previous to the climax of the season. The scene of this year's clash between the two teams has not been definitely decided upon. Last spring Faculty manager Martin attempted to arrange with the Boston University athletic authorities for the use of Nickerson Field, Riverside for that date. The Terriers' schedule is concluded the week previous to Thanksgiving Day and so there will be no collegiate contest there and it would seem to be a good place for the school game. But the final arrangements for the game have not been made and it is possible that some other site may be selected.

Little will be known of the orange and black prospects until the candidates are on the field for practice and even then it will still be more or less of an uncertainty. At the conclusion of the 1928 season twenty-six letters were awarded to members of the squad. Nineteen of these were members of the graduating class and were definitely lost to this year's team. The remaining seven letter men were Captain-elect Phil Andres, Wm. Bell, John Bell and Henry Furden, backs; Fred Schipper, Dick Haggood, and Tom McEaney, linemen. Of this group the only one that is now known to be eligible is Fred Schipper, centre, and captain-elect of next winter's hockey team. A tentative lineup for 1929 was made last year at the end of the 1928 season in these columns which included the above seven, together with Shelman and McCarthy, ends; and Acchione and Boughan, ends. Of this quartet only McCarthy and Boughan are said to be eligible under the new three-year ruling. Thus with only three players that can be termed veterans and faced with the problem of either appointing a captain for each game or electing one from the members of the squad the Newton mentor is up against a rather stiff problem.

A line on the effect the ruling has on some of the other schools can be noted in the case of Everett which began its practice the middle of this week. It is said that there is but one letter man available in Coach Gildea's group.

One of the important developments since the close of the 1928 football season is the appointment of Charles Considine, former Newton high and Brown University athlete star, to the Newton faculty. He will teach history and science and will assist Coach Sullivan with the football eleven as line coach. Former line coach Carson Stanwood has accepted a position as line coach at one of the Maine colleges which created the vacancy. Considine, following his athletic career at Newton and Brown, where he was one of the famous "Iron Man" eleven, was a teacher-coach at Plymouth high school during the last school year. He made quite a name for himself by directing his football team through an undefeated season.

## Has German Name

What is now the Canadian province of New Brunswick was created a separate province in 1784 and given the name it now bears. The name comes from Brunswick, a duchy in northern Germany. Brunswick and Hanover were once united, and in 1714 George, elector of Hanover, a descendant of King James I., became also king of Great Britain.
